LONG'S HOTEL, Fredericton, under the management of Mr. Thos. W. Smith, continues to enjoy a large share of public favour. Visitors to the Capital will find in this establishment all the attention they can require.

We have received a copy of the Debates of the House of Assembly of N. B. during the Session of 1870. They may be had for 50 cents per copy, of the publisher, G. W. Day, St. John.

THE NEWS and THE PRESS.

SAINT JOHN, MAY 27, 1870.

FENIAN INVASION.

Special to Globe.

OTTAWA, May 25.—Latest reports from the frontier state that O'Neil, with a considerable force of Fenians, is near St. Albans, threatening St. John's.

It is reported that 500 men left Buffalo yesterday, en route for Ogdensburg.

Eleven cars loaded with Fenians passed through Watertown on their way to Ogdensburg.

The submarine cable across the St. Lawrence river, between Prescott and Ogdensburg, was cut on Monday night.

It is reported that Sarnia was captured by Fenians this morning, but the report was not confirmed.

Privy Council held a continued Session yesterday until near midnight.

Everything indicates that a determined attack at different points is intended.

Special to Telegraph and Journal.

MONTREAL, May 25.—At one o'clock to-day a party of Fenians who had crossed the lines arrived at Pigeon Hill, where they attacked our guard, and firing is going on from both sides.

FRELINGSBURG, May 25th.—Fighting commenced here at 12 o'clock. The enemy are suffering, and not one man hurt on this side. Later reports say that Fenians were driven back with loss of three killed and several wounded. Fenian forces concentrating at St. Regis, opposite Cornwall, Ontario. General O'Neil has been arrested by American authorities at St. Albans, and it is reported has been lodged in jail.

OTTAWA, May 25.—No doubt now exists that a Fenian invasion of dangerous proportions is imminent. The points threatened appear to be St. John's (Province of Quebec), Montreal, Ottawa, and Pigeon Hill.

A force of three thousand Fenians have crossed and encamped themselves. They are being constantly reinforced.

A Canadian force, with artillery, has been sent thither to act.

At 3 o'clock to-day, intelligence was received here that firing had commenced.

Prince Arthur has gone with the Canadian force there.

The regulars stationed here having been sent to Prescott, the 43rd Batt. Carleton Volunteers are under orders to garrison capital.

Telegrams are received announcing the concentration of a considerable Fenian force at Ogdensburg.

The submarine cable, connecting the latter city with Prescott, was cut on the 24th, and messages are since carried across in boats.

The Dominion Government, through secret service, have full information of all hostile movements.

The session of the Privy Council yesterday was continued till 11 o'clock at night, and during the day no persons except Cabinet Ministers and their Deputies were allowed to enter the Eastern Block.

Grave concern is felt in official circles here.

The volunteers at Pigeon Hill are under command of Major Brown Chamberlin.

Communication between Ogdensburg and Prescott is entirely cut off to-day.

Gen. Sherman, of the U. S. Army, has arrived at Ogdensburg, with an absurdly small force of two hundred men, to prevent the Fenians crossing.

It is not believed that Grant's proclamation or small force of U. S. troops sent to the frontier will have much effect in checking the determined movement of the large Fenian force known to be on the march.

MONTREAL, May 26.—The reports about Fenian movements seem to be very contradictory. Not much if any reliable information has been obtained.

The fire in Quebec suburbs yesterday burned 300 houses. Loss a million dollars. Two ships on stocks burnt.

SAD ACCIDENT.—On Monday evening last, two men, named John McFadden, teamster, residing on the Marsh Road, and Samuel Fox, a carpenter, residing in the same place, left the city for Lake Lomond on a fishing excursion. They hired a boat from Mr. Lynch and proceeded to the Second Lake. Not returning in the evening according to promise, Mr. Lynch became uneasy, and early the following morning instituted a search. Arriving at James' Brook, on the Second Lake, about nine o'clock, they found the boat at anchor, bottom up, and about eight or ten feet from it the body of McFadden floating in almost an upright position, face upwards. After a search of fifteen minutes Fox was found some 30 or 40 feet from the boat. The bodies were brought to town shortly before 8 o'clock last evening. Fox leaves a wife and two children, and McFadden a wife and five children.

DISASTROUS FIRE.—Messrs. Andre Cushing & Co's. saw mill at Union Point was destroyed by fire on Monday night about 11 o'clock. This mill, in which nearly two hundred men were employed, was one of the best and largest in the Province. No efforts were made to stay the fire further than throwing water on lumber near the conflagration, in the hopes of saving it. The mill is said to have been valued at $50,000, and there is but an insurance of $18,000 on it. A quantity of lumber was also destroyed.

THE FIRES IN THE WOODS.—We learn with regret that there has been great destruction of property in the back settlements of Victoria County, some of the poor settlers being left without a shelter. A telegram to the *Farmer* from Grand Falls says—"Whole settlement on Little River destroyed. In all directions houses are being burned, and seed, stock and everything destroyed. Smoke hanging over town and strong wind blowing. Fears entertained that the town may suffer." From many other parts of the Province we also have intelligence that extensive fires are raging, in some cases destroying farm dwellings and other property. The quantity of timber destroyed by these fires will be very great. Sheriff Coombes writes to the *Telegraph*, asking for assistance for the houseless settlers of Victoria.

THE FREDERICTON TRAINS.—Commencing on Thursday, the train for McAdam Junction will leave at 8.15 A. M., instead of 7.30, as at present. The train for Fredericton will leave at 5 P. M.,—instead of 4.20 as at present,—arriving at Fredericton at 8.15, or half an hour earlier than at present. The down train will leave Fredericton at 7.30 (as now), arriving at Fairville at 10.45,—considerably earlier than at present. The gain in time is about an hour each way.

The work at the Trout Creek Bridge, K. C., is progressing quickly. The plank of the Keltic Bridge was sold some time ago, as it was not thought necessary to reconstruct it. The Cheese Factories are getting ready for operation. The Railway is building a dam and cutting a channel above the railway bridge, so as to give the river a straight course under the middle of the bridge, and thus save the abutment. —*Tel.*

FROM WESTMORELAND AND CUMBERLAND.—Says the *Borderer*:—"On 9th inst., a peculiar shaped quart bottle was picked up in the Gaspereaux River at Port Elgin, containing a finger of a human hand. The nails, bones and ligaments are perfect, having been preserved in alcohol. The amputation which is at the second joint is pronounced well done.

"On Sunday night last the tides (at Sackville) were unusually high. The dykes gave way in several places, considerably flooding the marshes.

"It is reported that Tamang Landry, Esq., will resign in favor of his son, Peter Landry, Esq., a promising young lawer of Dorchester."

From the Amherst *Gazette* we learn that on Thursday the fires in the woods in the vicinity of River Philip, were rageing beyond all control. Efforts were being made to protect Mr. S. Oxley's house from the flames, and it was reported to our informant that some of the shanties and the store at Black River were in imminent danger.

Mr. Dexter D. E Brownell had to jump from the window of a falling building near Ackles' mills, spraining both his ankles. He came near being buried under bricks and wood from the building, which had been elevated some 15 or 20 feet from the ground.

CHILD BITTEN BY A RAT.—On the night of Saturday, 7th instant, the second son of R. R. Call, Esq., scarcely two years of age, was bitten in the hand by a rat while asleep. The child's cries awoke the parents, who found him covered with blood, which was flowing freely from the wound. The bite soon assumed a serious aspect—the hand bealing an swelling. Dr. Benson was called in, who did all in his power to allay the little fellows suffering; the pain at one time was so great that morphine had to be used. His hand was badly poisoned, and up to yesterday there was only a slight improvement—*Newcastle Advocate.*

DROWNED.—James Clair, of Fish River, Victoria Co., was drowned on the 5th inst., while crossing the St. John River in a canoe, by the striking of a piece of timber against his fragile bark, thus causing the capsizing of the boat. Mr. Clair is represented as a young man of good character, and his loss will be a deep affliction to his family.—*Globe.*

THE CREW OF THE ORACLE REFUSING DUTY.—The *Oracle*, of St. John, N. B., (Humphreys), from Ardrossan to San Francisco (coals), put into Lough Foyle April 26, with the crew refusing to proceed, asserting that the ship is undermanned. They have been taken ashore in custody of the police.—*News.*

BRITISH AND FOREIGN.

The House of Commons has passed the clause in the Irish Land Bill which provides for an advance by the Government to tenants of two thirds of the purchase money, repayment to be made in thirty-five years, in annuities, at five per cent. interest. It is believed by the Government that this clause will establish confidence in Ireland in the desire of the Government to aid the respectabls tenantry in securing homesteads.

The examination of the alleged Fenians who were arrested at Birmingham, elicited no evidence criminating them in any plot against the peace of the Government.

LONDON, May 17.—A number of Irish American Fenians, who had collected at Birmingham have left that city, having been threatened with arrest by the police.

Twenty of the party were known to have been engaged in purchasing arms and ammunition, and they were being drilled.

FRANCE.—The appointment of the Duke de Grammont as Minister of Foreign Affairs, is accepted as a proof of the resolution of the Emperor Napoleon to adopt a strong anti Prussian policy. It is reported that the Emperor has intimated to the Cabinet his determination to resist the further encroachment by Prussia on Germany, even at the risk of a war.

These rumors create much excitement in the city, as it is believed the Emperor seeks to divert the attention of the people from the recent election by a display of the military power of the Empire.

PARIS, May 17.—The party of the Left Centre, to which belonged the three Ministers who have just resigned, is to be immediately reconstructed. The new Cabinet is viewed with considerable astonishment, and no little dissati-faction.

ROME, May 17.—The canonization of Christopher Columbus is contemplated.

Cardinals, Luigi, Bilio, Annibale, Capalti, and other leaders of the Ecumenical Council have joined with the opposition to the dogma of infallibility. This additional defection has greatly distressed the mind of the Pope, and the illness of his Holiness is reported.

LONDON, May 20.—The Duke of Saldanha, on Thursday, successfully executed a *coup d' etat* in Portugal. By aid of the army he captured the Castle of St. George, marched to the palace, which his soldiers entered, and took possession of it. At this point the Prime Minister, Duke de Soule, resigned, and the King authorized the Duke of Saldanha to form a new ministry. This was the whole purpose of the demonstration, in which several soldiers were killed and wounded.

LONDON, May 21.—The French Emperor to day received in solemn state the result of the vote on the plebiscitum, presented by a deputation of the Legislative bodies, and made a congratulatory speech declaring that the strength of the government would be shown by its moderation and the impartial execution of the laws. Paris will be illuminated to-night.

The *Times* urges intervention in the affairs of Greece by the Great Powers of Europe.

It is reported that Espartero has reconsidered his resolution and consents to accept the crown of Spain.

MAY 22.—The London *Observer* regards the closing by the United States Government of the Sault Ste. Marie Canal to the Red River expedition as an act of studied unfriendliness.

The success of the military rising at Lisbon has created a profound sensation in Madrid, and is accepted as presaging an Iberian Union.

The reported acceptance of the Spanish Crown by Espartero is confirmed.

LONDON, May 23.—An Athens despatch of yesterday says:

The Greek brigands, headed by the notorious outlaw, Konil, who murdered the English and other prisoners, made confessions before being executed that their leader insisted upon a ransom being paid for the lives of the English and Italian Secretaries by and through the advice of persons high in authority and wielding great influence with the Government of Greece.

This information produces a feeling of deep concern here, especially at the different diplomatic head quarters, and serious complications will grow out of these alarming announcements.

The new iron clad Abyssinia on her trial trip made 15 knots per hour.

Letters from Madrid confirm the reports that Gen. Prim has a direct understanding with Gen. Saldanha, whereby an Iberian Union is to be established.

LONDON, May 24.—Considerable excitement exists to day over a brutal murder during the night of a family of five persons at Uxbridge. The family consisted of a father, mother, sister in law and two children. The sister in law was to have been married today, and the murder was prompted in some way from this circumstance. There is no clue whatever to the murderer.

Mark Lemon, editor of *Punch*, died yesterday in the 61st year of his age.

LONDON, May 24.—In the House of Commons this evening the bill disestablishing the Church of Wales was considered, but no action taken.

The ship "Mariave" was sighted in distress May 7th, in the Indian Ocean. She was boarded, when it was found that twenty-one of her crew had died from starvation, and the remainder were in a dying condition.

LONDON, May 25.—Gibraltar despatches announce that brigands near that place recently captured four Englishmen and held them until the ransom exacted was paid.

Profound interest is felt in the Fenian movements in America. President Grant's proclamation seems to give satisfaction.

UNITED STATES.

NEW YORK, May 23.—It is reported that fifty lives were lost by the burning of the "War Eagle" at Lacrosse, Wis., on the 5th inst. The railroad and steamboat managers are concealing the fact that a large number of immigrants were burned on the lower deck, and many drowned. A newly married couple bound for St. Paul were burned in a stateroom.

NEW YORK, May 21.—Congress has voted to close the Session on July 15th.

Thirty-three hundred emigrants arrived at this port yesterday.

The forgeries on the Atlantic Bank were less than a thousand dollars, the first reports being greatly exaggerated.

NEW YORK, May 24.—Despatches from Burlington, Buffalo, and other points assert that the Fenians are moving toward Canada by several routes and in considerable force.

Great excitement exists in Fenian circles, and large numbers of men are leaving for the Canadian border.

The stud and establishment of Prince Arthur will be sold by auction in Montreal, May 31.

San Francisco shipped $150,000 in treasure overland to New York last week. Gold 114¼. Exchange study.

WASHINGTON, May 25.—President Grant has issued a proclamation founded upon information received by the Government that illegal military enterprises and expeditions have been set on foot for the invasion of Canada, admonishing all citizens to discountenance them, ordering arrest of violators of law by United States officers, and warning the invaders that they forfeit government protection.

NEW YORK, May 25.—A despatch from St. Albans, Vt., this morning, says the Fenians have outwitted both the Canadian and the United States Governments, and are fairly on the war path.

The movement has been conducted with surprising secrecy, and was not suspected until yesterday noon.

NEW YORK, May 25.—Government has ordered several detatchments of United States troops to look after Fenians on the frontier.

MONTREAL, May 25—Instruction have been sent to Gen. Lindsay to take active steps for the defence of the frontier. A considerable force left here at 4 30 o'clock yesterday afternoon.

QUEBEC, CANADA, May 25.—There was a fire yesterday morning in St. Roche, a suburb of Quebec, by which five or six thousand people are made homeless and four hundred thousand dollars worth of property destroyed. Two ships on the stocks were also burned. Two men are missing and a number of accidents occurred. The homeless people are lodged by the Corporation. There will be great distress unless outside aid is received.

TORONTO, May 25.—Considerable excitement still exists in regard to the Fenian raid, but the Government appears to be well advised of all their movements and is fully prepared for any attempt at invasion. The volunteer force are prepared to move at once if required.

ANOTHER CASE OF BRONCHITIS CURED.

BRIDGEWATER, N. S., 2nd March, 1869.

MR. JAMES I. FELLOWS

DEAR SIR,—While in Windsor on a visit in December last, I fell in with an old friend—Capt. H. Coffill—and finding him loooking so hearty and robust, was led to enqire what had produced the great change, for when I last saw him two years previous he was a mere skeleton. He informed me that your very valuable Syrup of Hypophosphites had effected a *perfect cure*. He perausaded me to try the Syrup for Bronchitis, from which I had suffered much during several years. I purchased one dozen of this Syrup, and have used only three bottles, and my health is now better than it has been for years. Not requiring the balance of the dozen, I sold it to different parties, and now there is a general demand for it from all parts.

Yours respectfully,
W. J. NELSON.

Capt. H. Coffill is the person who was cured of Consumption in 1866 by Fellows' Compound Syrup of Hypophosphites, and whose letter was published some time ago.

Sold by Apothecaries. Price $1.50 per bottle, or six for $7.50. James I. Fellows, Chemist, Manufacturer, Saint John, N. B.

There are several kinds of worms which trouble horses; the pin-worms, (pointed at both ends,) are the most common and most dangerous. *Sheridan's Cavalry Condition Powders* will in a few days eject the worms, and the horse will begin to thrive.

All varieties of Wind-Galls, Chapped Heels, Poll-Evil, Spavins, and Lameness can generally be cured by the proper application of Dr. Dow's Sturgeon Oil Liniment. The use of it causes inflammation rapidly to subside, and the swellings to disappear. It is now used in all Livery Stables throughout the Dominion.

Summer is the season for removing Coughs, Shortness of Breath, Wheezing, Asthma, and all Pulmonary disorders, inflicted on the careless and delicate by our rigorous winters. Dr. Wilson's Pulmonary Cherry Balsam is the means of effecting a happy transition from danger to safety. After the Chest has been allowed to become harassed by neglecting to use this Balsam, foment with cold water, and take the Balsam in such doses as will be adapted to your case. You need not long suffer with this remedy at hand. It is as pleasant to take as it is powerful and beneficial in its effects.

A dose of Dr. Wilson's Anti-Bilious Pills contains more life-giving properties than any other cathartic pill made. They will act quickly on all diseases of the Stomach, Bowels, and Kidneys, and are especially valuable for those who have to use medicine frequently.

Factories and machine shops should not be allowed to run a day without *Johnson's Anodyne Liniment.*—In case of sudden accident, an immediate use of it may save weeks of suffering, and perhaps a limb, or even life.

If your horse is suffering from cold or catarrhal fever—symptoms, cough and nasal discharges of a brownish color—the best and surest remedy is Clark's Derby Condition Powders. Farmers and others interested in horses and stock are fast learning the superiority of these Powders over all others.

Johnson's Anodyne Liniment will give more relief in cases of Chronic Rheumatism, no matter how severe, than any other article known to medical men.

It is often remarked by strangers visiting our State, that we show a larger proportion of good horses, than any other State in the Union. This we tell them, is owing to two principal reasons: in the first place, we breed from the very best stock; and in second place, our people use *Sheridan's Calvary Condition Powders* which in our judgment, are of incalculable advantage.

DEATHS

Recently at Sea, George P. C. Rodney, in the 23rd year of his age, youngest son of Samuel and Harriett Rodney, of Sanford, Yarmouth County, N. S. Deceased fell from the topsail yard to the deck of the ship in which he sailed while aloft in the performance of duty in the night. Although he fell a great distance, yet he lived three days perfectly sensible, and died in joyful hope of a glorious resurrection. He professed religion several years sinces and about two years ago was baptized by Rev. E. Sullivan, and received into the Sanford Church, of which he remained a worthy member until his death.

In Carleton, on the 13th inst., Mr. Elijah Spragg, aged 58 years. Bro. Spragg was one of the members of the F. C. Baptist Obureh in Carleton at its organization, and continued his connection with the church until his death. Prayer meetings were held in his house some time before the organization of the church. He loved the doctrines and principles of Free Salvation, and died with strong faith in Christ his Lord.

At Waterville, on the 19th April, Mrs. Eppie Tracey, beloved wife of Mr. Gideon Tracey, and daughter of the late Lewis McDonald, Esq., of Cambridge, McDonald's Corner, aged 23 years. Our Sister professed religion some years ago, was baptized by Rev. G. W. Springer, and united with the first Cambridge Baptist Church, of which she continued a consistent membr during her short career on earth. She was loved in life and lamented in death She leaves a large circle of relative and friends to mourn their loss.

Dear as thou wert, and justly dear,
We will not weep for thee;
One thought shall check the starting tear,
It is that thou art free.
The passing spirit gently fled,
Sustained by grace divine;
O, may such grace on us be shed,
And make our end like thine.

TO THE WORKING CLASS.—We are now prepared to furnish all classes with constant employment at home, the whole of the time or for the spare moments. Business new, light and profitable. Persons of either sex easily earn from 50c. to $5 per evening, and a proportional sum by devoting their whole time to the business. Boys and girls earn nearly as much as men. That all who see this notice may send their address, and test the business, we make this unparalleled offer: To such as are not well satisfied, we will send $1 to pay for the trouble of writing. Full particulars, a valuable sample which will do to commence work on, and a copy of The People's Literary Companion—one of the largest and best family newspapers published—all sent free by mail. Reader, if you want permanent, profitable work, address E. C. ALLEN & CO., AUGUSTA, MAINE.
