THE NATIONAL Life Insurance Company UNITED STATES OF AMERICA

VV ONE MILLIUN DOLLARS, every dollar of which was paid in before commencing busine This capital is four times as large as that of any American Company doing a Life Insurance business exclusively. Beside this immense capital, the Company have invested undred and sixty-six thousand dollars, making their total ssets to January 1st, 1881, one million seven hundred and sixty-six thousand dollars. Their liabilities to same date were \$807,389, or in other words, they have more than two ollars assets for every dollar of liabilities. This success s owing to the facts that their business is conducted upon the only common sense plan—"so much insurance for so much money"-and that the Company's financial manage ment has been economical and cautious. In this Company there are none of the bewildering unertainties and disappointments of "notes," "dividends," &c., &c., &c., which enter so largely into the business

clans of Mutual Companies. The insured buy what they pay for-Insurance. They are not called upon to insure No. 1 Will leave SUSSEX at 6.30 a. m., and arrive at ST rs, but they are insured by the Company. Instead of charging thirty per cent, more than is necessary to cover possible losses, the National charges the net cost of Insurance and risks its capital to cover any extra No. 5 Will leave PETITCODIAC at 1 p.m., and arrive at mortality. Mutual Companies MAY not need to use this extra thirty per cent.; in that case it is returned to the Policy-holder and mis-called a "Dividend." The National does not need any extra guarantee, its capital being sufficient, and consequently its rates are from 25 to 30 per

cent, lower than those of Mutual Companies The National's Policies are more liberal than any issued in the Provinces, allowing residence or travel anywhere in temperate climates. No extra Premiums, Policy-fees, Permits, or extra charges, except upon the half-dozen ocions generally recognized as EXTRA hazardous. The National is the only Company which has made the required deposit at Ottawa for the SOLE benefit of Canadian Policy-holders. All others are for "Policy-holders
