McKay is the contractor.—Professor Jones, of Acadia College, has declined the invitation to take charge of the Fredericton Baptist Seminary.—Burglars are plying their avocation on a small scale in this City.—A farmer on the Miramichi (North-west Branch) reports having found potato bugs on his potatoes.—Two Priests were ordained at the Cathedral last Sabbath.—It is suggested that the Marsh Road leading into this City be made a toll-road. It needs repairs, and it is thought this is the only way it can be kept in a fit condition for travel.—The horrible case of life-long imprisonment of a nun, at Cracow, in Austrian-Poland, is nearly forgotten now, but Barbara Ubryk, the victim, recently died in an insane asylum.—The Tyne Crew are expected to arrive here this evening (Friday).

FIRES IN FREDERICTON.—Two most destructive fires occurred in Fredericton on Saturday night last. About 11 o'clock, fire was discovered in Tibbetts' Foundry, and soon the whole establishment (a very extensive one) was in flames. The fire quickly communicated with the house adjoining, belonging to Mrs. Morgan, and occupied by Mr. Berry as a boarding house. These buildings were entirely consumed; and the door and sash factory of Mr. Joseph Risteen was only saved by dint of the hardest work. While this fire was at its height, another alarm was given, and fire was found issuing from the wooden buildings in the rear of Mr. Edgecomb's carriage factory. The flames spread with great rapidity, and in a little while the Temperance Hall and other buildings were on fire. In addition to the Foundry and other buildings mentioned above as burned, the following fell victims to the devouring element; Temperance Hall, occupied by Mr. Lugrin as a printing office, Mr. B. Atherton, grocer, and Mr. Duncan, tinsmith; Mr. Israel Atherton's three storey house, occupied by himself and Mr. Robert Atherton as residences, and by Mr. Elias Shepherd's grocery and Mr. Friel's auction rooms; Fisher's large brick building, occupied by Mr. Akerley's hardware store, Mr. Hall's book store, and Mr. McPeake's dry good store, together with the offices on the upper flats; Mr. Edgecomb's brick building, occupied by Mr. John Thomas as a dry goods store and residence, and by Mr. Babbitt as a jewelry store. Mr. Edgecomb's carriage factory had a very narrow escape. It will be readily seen that the conflagration was a very serious and destructive one, though at one time it threatened to be much more destructive. The loss is estimated at something in the neighbourhood of $100,000 to $150,000. Part of this, however, is covered by insurance; though at the best the loss will be very great. All, we think, of those in business have secured stores, and are going on with their business; and the owners of the buildings are with commendable enterprise commencing at once to re-build. The origin of the fires is unknown, and various conjectures—especially as regards the second one—are indulged.

MANITOBAH.—Archdeacon McLean delivered a lecture on Manitobah in the Institute on Monday evening last. He is a very pleasant speaker, and treated his subject in an eloquent and interesting manner. He spoke of the stream of emigration pouring into the United States, and of the assertion that Canada had no homes for emigrants. The day for that statement is past, Canada now having millions of acres of the most fertile territory. He said the Dominion is destined to become great, able to defend and perpetuate British institutions.

NEST OF THIEVES BROKEN UP.—About 7 o'clock this morning as Sergeant Pattison was passing through Sheffield Street on the look out for the two companions of Blake, (whose arrest was noticed yesterday) he caught sight of Joseph Francis at the corner of Mecklenburg street: Francis also saw the sergeant, and he at once took to his heels, followed by Pattison. He ran up Pitt street and round through some of the alleys, until he reached Duke Street. He next climbed a fence, and broke through gardens and fields, Pattison still after and closing on him. Francis's efforts to escape were fruitless, however, and finally he was "nabbed" by the Sergeant and brought to the station. From various facts which have came to light it is believed that Blair, Francis and one or two others (all colored) are the perpetrators of the small burglaries, several of which have recently taken place in St. John. Francis says that it was Blair who broke into Mr. Matthews' store on Charlotte street, and he gave the policeman a ring which he received from Blair. The policeman thus falls in for $25 reward. The third fellow has escaped, it is believed. Blair and Francis will be brought from jail to-morrow forenoon for examination.—*Globe, Tuesday.*

PETROLEUM IN NOVA SCOTIA.—Windsor *Mail* is in possession of a piece of rock containing crude petroleum found at Cheverie, Hants Co. It was broken off by a blow of a maul from a rock, which was thoroughly saturated with petroleum, and contained cavities partly filled with oil. When exposed to heat, the oil issues out of this rock in a manner perfectly astonishing to the uninitiated. Mr. John Browne, the proprietor of the Manganese Mines at Weston, is forming a company to commence operations, and another gentleman, who has had an extensive experience of several years in the oil regions of Pennsylvania, has obtained leases of land adjacent, for the purpose of forming a company and prosecuting vigorously the search for petroleum in that locality.—*News.*

W. D. O'Brien's tender for four thousand one hundred and fifty-three pounds, Island currency, was the next lowest.

The railroad party is exultant. Twenty-two tenders were sent in, from leading contractors in England, the United States, the Upper Provinces, New Brunswick and the Island.—*Tel.*

FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES.—Clergymen who were obliged to withdraw from the pulpit on account Clergymen's Sore Throat, have recovered by using this invaluable preparation, and are now preaching again.

An Irishman called at a drug store to get a bottle of *Johnson's Anodyne Liniment* for the Rheumatism; the druggist asked him in what part of the body it troubled him most, "Be me soul," said he, "I have it in ivery houl and corner er me."

For loss of cud, horn ail, red water in cows, loss of appetite, rot, or murrain in sheep: thick wind, broken wind, and roaring, and for all obstructions of the kidneys in horses use *Sheridan's Cavalry Condition Powders.*

MOMENTOUS ENQUIRY.—No diseases are more trying to the temper or more exhausting to the constitution than diseases of the pulmonary organs, brought about often, but not always, from exposure to wet and cold. Whenever we feel the first symptoms of a cough, it will only be necessary to take Dr. Wilson's Pulmonary Cherry Balsam to obtain immediate ease. All Lung complaints are speedily removed and cured by the use of this unequalled remedy. Whenever persons subject to the Pulmonary disorders feel exhausted or out of sorts, they should immediately resort to this wonderful restorative. All tender chested will save endless misery by adopting this treatment.

Dr. Wilson's Anti-Bilious and Preserving Pills are the best medicine, now on sale in this city, the ingredients of which are so uninjurious that they cannot harm the most delicate constitution. They are compounded entirely of medicinal herbs. They are the production of a doctor who has made it his study to alleviate the ills to which the human family are all liable. They must therefore be hailed with delight as supplying a want long felt in this country.

It is a rare thing for any physician to prepare or countenance a medicine the manufacture of which is kept secret. The only exception we know of is Dr. Dow's Sturgeon Oil Liniment. This we believe they all endorse from their confidence in the inventor and from the virtues of the article itself, and many of them use it in their practice with the greatest success.

Extract of a leiter from a respectable druggist, ordering a quantity of the celebrated Clark's Derby Condition Powders. "I must say the Derby Condition Powders are the best horse medicine I ever sold; at any rate they give general satisfaction, which I consider the best evidence of their excellence. I am the first person who introduced them here, and they take well. I think I shall be able to sell a large quantity the coming fall and winter. I can send you numerous certificates regarding their effect if you desire it."

IF YOU DOUBT, WRITE MR. GALER.

WILLIAMSBURG, L. I., 258 Grand St.,
June 11, 1866.

Messrs. B. L. JUDSON & Co.

GENTS: It is with great pleasure I write these few lines, not only as a recommendation, but as I feel a very great benefit derived from taking your Worm Candy (Dead Shot). I have suffered much for 10 years past, tried many medicines, been under treatment of physicians in this city, but all to no avail. I felt a gnawing sensation in my bowels, sleepless nights, and very nervous. I have now taken about ten sticks, and quite a number of tape worms, one several yards long, has come from me. I continue taking it, feeling quite a new man, my sensations quite different; and I recommend the same to the community at large, feeling confident, from practical experience, it is the best eradicator of worms in use.

Yours most respectfully,
DAVID GALER.

CITY OF BROOKLYN, } ss.

M'KENZIE'S DEAD SHOT WORM CANDY

for sale by all Medicine dealers, at 15 cents per package.

HOW TRUE and how strange, that people should seek relief in the hieroglyphics of a doctor's prescription when they can buy as good, and nine times out of ten a better remedy than most doctors give, for the insignificant sum of 25 cents. We refer to Morse's Indian Root Pills, these pills cure Headache, Liver Complaint, Indigestion, Female Irregularities, and all bilious disorders, they are prepared from a formula pronounced by the most learned Physicians of our country to be the best and most universal of family medicines. Give them a fair trial and you will never be without Morse's Indian Root Pills.

In numbers there is safety, it is upon this principle that the formula of Johnson's Mountain Herb Pills was prepared. It was not the result of one man's knowledge. Dr. Judson, intending to spend a fortune in advertising his Pills, consulted the most intelligent and learned physicans of the age, and the result was the production of a simple but efficacious medicine the Judson's Mountain Herb Pills. These pills cure Biliousness, Dyspepsia, Liver complaint, Indigestion, Female Irregularities, &c.

At Maugerville, on the 13th inst., Deacon Edward Mercereau, aged 64 years, leaving a wife, one son, three daughters and a large circle of friends to mourn their loss.

At Brighton, on the 8th inst., Ann, the beloved wife of Deacon Jacob Craig, aged 69 years, after a long and protracted illness which she bore with christian fortitude and resignation to her Heavenly Saviour. Sister Craig professed faith in Christ in 1817, was baptized by the Rev. Elijah Estabrooks, and united with the Baptist Church in Lower Brighton, and remained a member for three years, when she united with the Free Christian Baptist church, on Beckaguimic, of which she continued a faithful and worthy member until her death. She was really a mother in Israel and a peace-maker, but she has left us and gone to rest from her labors She leaves a husband, 6 children, 42 grand-children and 10 great-grand-children, to mourn their loss.

Dearest mother, thou hast left us,
And thy loss we deeply feel;
But 'tis God that hath bereft us,
He can all our sorrows heal.

Yet again we hope to meet you,
When our days on earth are fled,
There in heaven with joy to greet you,
Where no farewell tear is shed.

On White Head Island, Grand Manan, on the 22nd ult., Ann F., beloved wife of Mr. George Morse, aged 52 years, leaving a deeply sorrowing husband and several children to mourn their irreparable loss. Sister Morse professed a change of heart a few years since, was baptized, and united with the Free Christian Baptist Church on the Island where she lived. Her course of life agreed with her profession; she lived her religion at home, and was a constant attendant at the house of the Lord when she could get there. Her example was worthy of imitation by all who knew her. Her family feels most deeply their loss. The church too feel the loss of one of their best members. She was a Christian worker—one of a class of persons that are far too few in churches at the present day. But her labor is done, her trials all past, the last enemy met and conquered, and she can now sing, "Oh Death where is thy sting." She was faithful until death—died at her post. Heaven has one more glorified spirit, the church—and sinners too—another evidence of Christ's power to save. Farewell, dear sister, we hope to soon meet above. May the Lord comfort and uphold our brother under his sorrows that his faith fail not. Her funeral services were attended by the writer, on Sunday, 25th, in the meeting-house on the Island, where an effort was made to use the occasion for the spiritual benefit of the living. F. BABCOCK.
