men in St. John harbour have been enjoying a "harvest." The catch has been unusually large.—The Atlantic cable which was broken last fall is again in working order.—Canada is now threatened with an invasion of the potato bug.—It is said that the Leprosy, always considered incurable in the East, has been cured at Kundwha, in India, by the use of a mixture of carbolic acid and oil applied to the whole body several times, after a thorough washing with soap and warm water.—Capt. Hall starts on another Polar expedition within a few days.—The Indians at Pottawotomie, Kansas, stole a circus elephant. The animal, annoyed by his captors, destroyed the whole village.—The Governor General has officially notified Governor Musgrave that British Columbia will be formally admitted into the Dominion of Canada on the first of August.

McCarron, now in the Penitentiary for house-breaking and robbery, made certain confessions to a fellow-prisoner, a sailor, of concealment of the property stolen by him. The Fredericton *Reporter* says:—

To this sailor he acknowledged the robbery of the Chapel and gave him a map of the ground where the articles were concealed, at the foot of College hill. On the discharge of the sailor he came to Fredericton with his map, exhibited it to the Rev. Mr. McDevitt, and they together proceeded to the locality indicated, and with very little difficulty discovered the identical spot, finding all the missing articles stolen from the Chapel, portion of a silver service belonging to Mr. A. T. Coburn, and various other bits of plunder carefully and securely hidden out of sight. A reward of $20 sent the sailor on his way rejoicing. It is rumored this is not the only valuable secret with which he has been entrusted by Mr. McCarron, and that he has similar revelations to make in different parts of the Province.

STORM SIGNALS—It is stated that the Hon. P. Mitchell, Minister of Marine and Fisheries, has consented to aid in the movement for extending the system of weather reports and storm signals, established in the United States, to these Provinces, the light-houses on the coasts to be used for the purpose at an outlay of about $4,000 a year. Such an arrangement would prove extremely valuable, not only to the shipping interests but to agriculturists who would be able to take advantage of the reports in the gathering of their crops.—*News.*

AN ISLAND OF SULPHUR—In connection with the incidents of the late thunderstorm, it may be interesting to know that, yesterday, the steamer *New York* was coming from Eastport to this city, when off "the Wolves," she passed through a gigantic field of *sulphur*,—three quarters of a mile long by 300 yards wide, and an inch or two thick. The captain states that if a bucket had been drawn through it, it might have been half filled at any time with the floating sulphur. Other large fields of the same were to be seen at a distance from the steamer. This experience was entirely new to the captain, who had sailed on every part of the Atlantic Coast of the United States but had never before beheld a similar sight.—*Tel.*

A REMARKABLE COW.—Mr. James McConaghey, of Nashwaak in this County, has a cow, five years old this spring, that has had seven calves. When she was two years old she had one calf, at three years old two calves, at four years old two calves, and at five years old two more. The owner thinks he would be safe in challenging the whole Dominion to produce a cow that can beat this.—*Farmer.*

FOR THE WEST.—The *Gleaner* says that G. G. Layton, Esq., has left for Manitoba, having been appointed by the Dominion Government to survey and locate townships in the North-West. He was accompanied by Mr. Wm. Johnson, of Chatham. Messrs. Mignowitz Williston, John Sutton, and Wm. Fish, all of Miramichi, have received appointments on the proposed Canada Pacific Railroad.—*Telegraph.*

THE BAND of the 62d Battalion will play on the Queen Square every Thursday evening, during the summer (weather permitting), at half-past 7 o'clock. In case the weather should be unfavorable or other unavoidable circumstances not permitting, the Band will perform on some other evening during the week, of which notice will be given.—*Ib.*

LIBERAL DONATIONS.—We learn with pleasure that in response to the request of the Committee from the Division of Sons of Temperance at Fairville, the sum of $153 was subscribed in the most liberal manner by a number of generous citizens upon whom they called for aid to enable them to finish their Public Hall for Temperance and other purposes at that place.—*Ib.*

LIGHT-HOUSES.—The Dominion Government advertise for tenders for the construction of Light-houses at the following places in this Province. Southern Wolf Island, and White Head, Bliss Harbour, Charlotte County; Casey's Point, near Shediac, Westmorland County; Shippegan Gully, Gloucester County; and at Alnwick, Northumberland County. Dwelling houses for the keepers of the lights on Fox and Portage Islands, are also to be erected.—*News.*

SUCCESSFUL FISHING.—A correspondent, writing from Campobello to the *Telegraph*, says the fishing season just closed has been the most prosperous and successful for many years:—

From the 1st of April to the 20th of May, the number of American vessels after bait was seventy-six; those vessels take, on an average, 10,000 herrings each, for which they pay 50 cents per hundred, so that the money paid at Head Harbor for bait reached the sum of $3,800, as only about one half of the fish were sold, the balance being smoked. The actual value of herrings caught during the seven weeks, will be $7,600, which, divided among about one hundred men, will give an average of $76 to each man.

BRITISH AND FOREIGN.

Hong Kong news of May 26 states that the *Dollaras Ugaru*, from Macao for Callao, was burned at sea, and that six hundred coolies perished!

The Lords have passed the bill authorizing Canada to organize territorial government between the Dominion and Pacific coast.

UNITED STATES.

NEW YORK, June 3.—A Newfoundland despatch says one of the Anglo-American telegraph cables has been recovered and repaired.

The Ottawa *Times* denies authoritatively that the Canadian Government or Premier is committed to the Treaty of Washington.

NEW YORK, June 6.—A crevasse in the Mississippi has inundated five or six square miles of New Orleans including some of the most popular districts. At last accounts the flood was receding; there was much suffering and loss of property.

A wonderful cyclone passed near Masson City, Illinois, on Sunday. It burnt up vegetation all along the route over which it traversed and caused loud reports.

Gold and Exchange steady.

To-day's cable advices state that it is the intention of the Orleans princes to decline seats to which they have been elected in the Assembly.

A French loan of one hundred million pounds is proposed.

The London *Times* welcomes the United States' Minister Schenck to England.

NEW YORK, June 7.—The flood at New Orleans recedes slowly. The city authorities are feeding and sheltering the unfortunates whose dwellings are overflowed.

Galveston, Texas, is suffering from the effects of a terrific storm and back water from the gulf from the violent gale. Six inches rain fell on Sunday and Monday. Several vessels have been wrecked.

Consumption, everybody knows, is a flattering disease. It commences and progresses so insiduously that before one is aware of it the lungs are a mass of ulcers; then an exposure to our ever-changing climate produces inflammation, and in a few days or weeks it is said he or she died of hasty consumption. For all troubled with cough or lung complaint we would earnestly impress upon them the merits of Dr. Wilson's Pulmonary Cherry Balsam, which is a certain cure for all but those advanced to the last stages of this awful malady.

Dr. Wilson's Anti-Bilious and Preserving Pills are admirably adapted for the removal of all diseases which have their origin in disordered digestion. They are well suited to all classes, and competent to give comfort alike to rich and poor. These pills will be found an agreeable and efficient remedy by invalids whose bodies are exhausted from excess. Persons liable to bilious attacks, should take them. They cause each seizure to be less severe, nausea and biliousness will gradually be removed, and good digestion, with complete health, be regained.

There is nothing to equal Dr. Dow's Sturgeon Oil Liniment in the market, you will say, after using a bottle and finding that by its wonder-working ingredients it is adapted, by friction, to promote the absorption of the swellings, tumors, indurations, and diseased secretions with ten-fold more power than anything ever made.

Those who have visited Great Britain always remark upon the difference between the appearance of the horse there and here. The superiority of the English horse is explained by the fact that there Clark's Derby Condition Powders are universally used.

Habitual constipation leads to the following results: Inflammation of the Kidneys, Sick and nervous Headache, Biliousness, Dyspepsia, Indigestion, Piles, Loss of Appetite, and Strength: all of which may be avoided by being regular in your habits, and taking say one of *Parson's Purgative Pills* nightly, for four or six weeks.

Johnson's Anodyne Liniment may be used to advantage where any Pain Killer is desirable: in cases of severe Cramps and Pains in the stomach, it is undoubtedly the best article that can be used.

The mind governs the muscles through the Nervous System, as the telegraph apparatus is influenced by a remote operator through the wire. If the mind is impaired by age of other causes, the sympathetic nerves become debilitated, and through the nerves the muscles of the Stomach, Liver, Heart, Lungs or Genital Organs become weakned, and disease in the form of Dyspepsia, Disease of the Heart, Weak Lungs, or General Debility, follow with their accompanying trains of evil. FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES restores tone to the mind, the nerves and the muscles. In this way it overcomes disease.

IF YOU DOUBT, WRITE MR. GALER.

WILLIAMSBURG, L. I., 258 Grand St., June 11, 1866.

Messrs. B. L. JUDSON & Co.

GENTS: It is with great pleasure I write these few lines, not only as a recommendation, but as I feel a very great benefit derived from taking your Worm Candy (Dead Shot). I have suffered much for 10 years past, tried many medicines, been under treatment of physicians in this city, but all to no avail. I felt a gnawing sensation in my bowels, sleepless nights, and very nervous. I have now taken about ten sticks, and quite a number of tape worms, one several yards long, has come from me. I continue taking it, feeling quite a new man, my sensations quite different; and I recommend the same to the community at large, feeling confident, from practical experience, it is the best eradicator of worms in use.

Yours most respectfully,
DAVID GALER.

CITY OF BROOKLYN, } ss.

David Galer being duly sworn, deposes and says, that he is the same person described in the above certificate, and that the statement therein made by him is in every respect correct.

M'KENZIE'S DEAD SHOT WORM CANDY

for sale by all Medicine dealers, at 15 cents per package.

In numbers there is safety, it is upon this principle that the formula of Johnson's Mountain Herb Pills was prepared. It was not the result of one man's knowledge. Dr. Judson, intending to spend a fortune in advertising his Pills, consulted the most intelligent and learned physicans of the age, and the result was the production of a simple but efficacious medicine the Judson's Mountain Herb Pills. These pills cure Biliousness, Dyspepsia, Liver complaint, Indigestion, Female Irregularities, &c.

HOW TRUE and how strange, that people should seek relief in the hieroglyphics of a doctor's prescription when they can buy as good, and nine times out of ten a better remedy than most doctors give, for the insignificant sum of 25 cents. We refer to Morse's Indian Root Pills, these pills cure Headache, Liver Complaint, Indigestion, Female Irregularities, and all bilious disorders, they are prepared from a formula pronounced by the most learned Physicians of our country to be the best and most universal of family medicines. Give them a fair trial and you will never be without Morse's Indian Root Pills.

MARRIAGES.

DEATHS.

On the 26th ult., after a lingering illness, Mr. S. D. Miller, A. M., in the 60th year of his age.

On the 27th ult., George M., infant son of S. A. and Emily McKenzie, aged three weeks.

At Havelock, Millstream, on the 8th April, after a long and severe illness, Mrs. Ammon Fowler, in the 22nd year of her age, second daughter of the late Jas. T. Cosman. She leaves two children and a large circle of friends to mourn their loss. Sister Fowler professed religion last fall, and was baptized by Rev. E. Weyman, who also attended her funeral in company with Bro. B. A. Sherwood. She exemplified her religion while living, and died in Christ.

On the 21st April, Maria Jane, sixth daughter of Daniel Rideout, in the 23rd year of her age. Deceased professed religion and was baptized during the revival last autumn, since which time she has given evidence of the reality of her religion by her interest in and devotion to the cause which she espoused. A short time previous to her death she received the Sacrament of the Lord's Supper, when with triumphant faith and joy she spoke of her inheritance in the better land. The deep impression made by her death gave unmistakable proof of her worth, her amiability and kindness. She selected her funeral text, viz., "Though I walk through the valley and shadow of death," &c.

And ah! do we question, with tremulous breath,
Why the joy of our household lies silent in death?
Do we mourn round the place of her perishing dust?
Look onward and upward with holier trust.

There shall she forever, unchanged by decay,
Beside the still waters and green pastures stray,
And there shall we join her, with earth's ransomed host;
Look onward and upward, "she's gone but not lost."

At Northfield, on the 21st ult., George Judson, aged 19 years and 3 months, son of the late Freeman W. Dyer.

Suddenly, at Chatham, on the 8th ult., of spasmodic asthma, Mr. Robert Forrest, in the 57th year of his age.

At Canterbury, York County, on the 25th ult., Louisa Akerly, aged 34 years.

NOW READY.—Second Volume of Dr. Butler's Commentary, containing the Acts, Romans, and the 1st and 2nd Corinthians, by JOHN J. BUTLER, D. D., Professor in the Theological School of Bates College.

It is with confidence that the Publishers of DR. BUTLER'S Commentary present the second volume to the public, since the first, containing the four Gospels, received so great a demand, two editions being exhausted in less than four months. They believed that the Gospels, as they are called, should be bound in one volume, in order to secure the greatest convenience in a work of reference; also that the pronunciation of the names of persons and places should be given in a work constantly used and quoted, that it might be uniform according to the best standard authorities—two valuable features possessed by no like work yet published. The great success of the first volume has ensured a continuance of the desirable features in its arrangements for the second volume.

Price, $2.00; handsomely bound in muslin. Depositaries of these volumes will be kept at 40 Cornhill, Boston, D. Lothrop & Co.; at the *Star* office, Dover, N. H.; at the office of the INTELLIGENCER, Fredericton, N. B., and at the office of the General Publisher. Though not an exclusively subscription book, special territory will be given to agents. Address for terms, &c.

AS RICHARDSON'S NEW METHOD leads all others as an instruction book for the Pianoforte, so CLARKE'S NEW METHOD FOR REED ORGANS is the most popular of all books used in learning to play on these favorite instruments. Mr. Clarke is a fine musician and brilliant organist, and, in this work, displays good taste as well as talent in combining good music with well graded and thorough instruction. Price $2.50. Sent, post-paid, fer the above price.
