A NATURAL CURIOSITY.—A correspondent of the Yarmouth *Tribune* in Clare sends the following account of a novelty recently discovered in that quarter:—

Mr. Stephen Dugat found near his residence a robin's nest with four young ones almost ready to fly, and to his great surprise, one of them was perfectly white; the three others were entirely white on the sides of the body, having only a narrow streak of reddish color on the back and a small spot on the breast. They were taken away with care with the hope of having them tamed, but they only lived a few days. The mother was of a somewhat different color from the common redbreast robin, the feathers being between the natural color of robins and white, with some white feathers."

THE COPPER MINES of St. John's, N. F., recently so remunerative, are not, at present, a commercial success. The St. John's correspondent of the *Evening Post* writes:—

"I regret to say that our mining prospects are at present much clouded. The price of copper ore in England has fallen to a low figure, owing in part to the introduction of iron ships, which require no copper. Our celebrated Tilt Cove mine has latterly fallen off in productiveness.

"Some of the 'pockets' are exhausted, and the small margin of profit on the exportation of ore is hardly sufficient to warrant a search for fresh deposits. Doubtless the present depression in the copper market will prove to be but temporary. For the present, however, mining operations are suspended. In 1868 this mine produced copper ore to the value of £68,000."

On July 6th, John M. Dana, a man once worth a million dollars, committed suicide in New York; so did John Doer. In Providence a coloured man cut his throat, and died while he was sitting on a curb stone; and Mrs. Reyan, wore out with watching a sick child, took laudanum. In Bangor, Me., a man of 76, killed himself also with laudanum. In Concord N. H., a thriving farmer, hanged himself, and in Hartford, Conn., a woman drowned herself.—*Freeman.*

UNITED STATES.

The following special despatch to the *Telegraph*, shows that the Fenians endeavoured to interfere with the Orangemen, who were celebrating the 12th.

NEW YORK, July 12.—The scenes of the Draft Riot of 1863 have been re-enacted in the streets of New York.

This morning, all the National Guards of the State of New York were assembled at their armories, and all the United States troops in the vicinity were under arms. Howitzers were placed in the tugs of the harbor police, and 160 rounds of canister issued and 13,000 rounds of small arms ammunition.

The first report was received at police headquarters at noon, that a mob was clearing the streets near 83d street and Third Avenue. Two hundred and twenty-five men were despatched there at once. Next a Regiment was sent up to 143d street. The crowd then demanded the arms in the Fenian armory, which were refused. Two companies were quartered at police headquarters. Meanwhile, the Third Avenue mob was coming down town, and there was fighting in Blecker street.

At 2.30 the Orange procession started, guarded by 400 police, under the best inspector in the city, and by 1,000 of the 22d and 6th Regiments.

At 26th street the Ninth Regiment charged the mob with fixed bayonets, killing several men and one woman. Col. James Fisk, jr., was shot through the ancle. Captain Spencer was killed by his own men, while firing a volley. The mob fired three shots at the procession. The military returned it, killing eight and wounding thirteen! Two boys and a lady were shot. Lieut. Page was mortally wounded, coming down the avenue, and sixteen citizens and three soldiers were killed.

At the corner of 23d street the 84th regiment fired, killing and wounding twelve. One policeman was shot dead.

[From the above concise statement, it will be seen that not less than forty persons were killed outright, and, doubtless, a much larger number wounded! It is the most sickening recital that has come to us from the United States since the close of the rebellion. Let us hope that some good may result—that, at least, the Fenian element has been made to understand that the great commercial metropolis of America, with all the public and private rights of its citizens, is not wholly at their mercy.]—ED. TEL.

NEW YORK, July 10.—Yesterday afternoon, Dayton, Ohio, was visited by a destructive storm. One church was demolished, killing four persons and injuring twenty.

A bridge was destroyed killing two boys and injuring one. A Lunatic Asylum, two School-houses and a Railroad depot was unroofed.

A terrible storm passed over Syracuse, New York, yesterday, uprooting trees and blowing down buildings.

Mr. Macauley, Secretary to the Speaker of the Canadian House of Commons, was killed on Saturday in an election riot at Montebello, Ottawa County.

Cable despatches to-day report that the weather throughout England is fair and favorable to the crops.

President Thiers has written a letter to the Pope, inviting him to take up his residence in France. Thiers makes an humble apology to the Holy Father for the inability of France to interfere in behalf of the temporal power of the Pope in the Roman States, but declares his earnest conviction that Italian unity is impossible.

Court Martial for the trial of the Communist prisoners commences on 14th.

NEW YORK, July 11.—Great excitement exists in regard to the proposed celebration of the Orangemen to-morrow. Superintendent of Police Kelso's order forbidding any procession is denounced generally as a surrender to mob dictation, and indications now are that the parade will take place. A riot is anticipated, and several regiments of the National Guard are notified to be in readiness.

The English crew, to compete in the four-oared boat race with St. John crew in August, sail on Friday next for America, taking with them a new boat 41 feet long and 18¼ inches broad, constructed expressly for the race by Robert Jewett, of Dunstan, named "England." The names of the crew are James Renforth (stroke), James Percy, John Bright, and Robert Chambers.

NEW YORK, July 12.—Governor Hoffman, of New York, issued a proclamation announcing that Superintendent Kelso's order has been revoked, and that escorts of police or military will be furnished anybody asking therefor.

Governor Randolph, of New Jersey, has also promised the protection of the State to any body of citizens peacefully parading.

The city is greatly excited. Masses of men are gathered at various localities in the upper wards. The military and police are in strong force and serious riot is thought probable. There has been some fighting among the mob and two or three reported killed. The Orangemen's procession commenced at 2.30 and at latest report was marching through the streets protected by military and police. Fears are entertained of a serious riot to night.

To-day's cable advices report Consols 93⅜. Liverpool markets steady.

The order for the raising of the state of siege of Paris is expected at once.

IF YOU DOUBT, WRITE MR. GALER.

WILLIAMSBURG, L. I., 258 Grand St.,
June 11, 1866.

Messrs. B. L. JUDSON & Co.

GENTS: It is with great pleasure I write these few lines, not only as a recommendation, but as I feel a very great benefit derived from taking your Worm Candy (Dead Shot). I have suffered much for 10 years past, tried many medicines, been under treatment of physicians in this city, but all to no avail. I felt a gnawing sensation in my bowels, sleepless nights, and very nervous. I have now taken about ten sticks, and quite a number of tape worms, one several yards long, has come from me. I continue taking it, feeling quite a new man, my sensations quite different; and I recommend the same to the community at large, feeling confident, from practical experience, it is the best eradicator of worms in use.

Yours most respectfully,
DAVID GALER.

CITY OF BROOKLYN, } ss.
KING'S COUNTY, }

David Galer being duly sworn, deposes and says, that he is the same person described in the above certificate, and that the statement therein made by him is in every respect correct.

M'KENZIE'S DEAD SHOT WORM CANDY for sale by all Medicine dealers, at 15 cents per package.

In numbers there is safety, it is upon this principle that the formula of Johnson's Mountain Herb Pills was prepared. It was not the result of one man's knowledge. Dr. Judson, intending to spend a fortune in advertising his Pills, consulted the most intelligent and learned physicans of the age, and the result was the production of a simple but efficacious medicine the Judson's Mountain Herb Pills. These pills cure Billiousness, Dyspepsia, Liver complaint, Indigestion, Female Irregularities, &c.

An occasional dose of Dr. Wilson's Anti-Billious and Preserving Pills stimulates the stomach and bowels into a healthy action, restores the appetite and invigorates the system. Hence it is often advantageous where no serious derangement exists. A column of our paper could be filled with certificates of their remarkable cures but such cases are known in every nighborhood were the Pills are sold.

Blood spavins may be effectually cured by Dr. Dow's Sturgeon Oil Liniment. Wet a bandage with the Liniment, and apply it twice a day, and they will gradually disappear.

By those who have the management of horses, Clark's Derby Condition Powders, whereever known are preferred to all other articles of the kind.

HOW TRUE and how strange, that people should seek relief in the hieroglyphics of a doctor's prescription when they can buy as good, and nine times out of ten a better remedy than most doctors give, for the insignificant sum of 25 cents. We refer to Morse's Indian Root Pills, these pills cure Headache, Liver Complaint, Indigestion, Female Irregularities, and all bilious disorders, they are prepared from a formula pronounced by the most learned Physicians of our country to be the best and most universal of family medicines. Give them a fair trial and you will never be without Morse's Indian Root Pills.

APHONIA CURED.—FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES.—Aphonia, or Loss of Voice, is remedied in a short time, no matter whether the cause be from inflammation of the lining membrane, from cold, or from nervous derangement.

A fact worth remembering—Five cents worth of *Sheridan's Cavalry Condition Powders*, given to a horse twice a week, will save double that amount in grain, and the horse will be fatter, sleaker, and every way worth more money than though he did not have them.

Married ladies, under all circumstances, will find *Parson's Purgative Pills* safe; and, in small doses, a mild cathartic. They cause no griping pains or cramp.

In all diseases of the Throat, Lungs and Chest, so prevalent in this country, nothing so speedily relieves or so certainly cures as that matchless remedy, Dr. Wilson's Pulmonary Cherry Balsam. These disorders are too often neglected at the commencement, and are too injudiciously treated; and before the Balsam is resorted to, the Lungs are completely ulcerated. Of one thing be sure, whatever the condition of the patient, Dr. Wilson's Balsam will restore if recovery be possible. It will retard the alarming cough until nature consummates the cure. By perseverance in obstinate cases, the cough becomes gradually subdued, and the patient is restored to his natural strength.

NOW READY.—Second Volume of Dr. Butler's Commentary, containing the Acts, Romans, and the 1st and 2nd Corinthians, by JOHN J. BUTLER, D. D., Professor in the Theological School of Bates College.

It is with confidence that the Publishers of DR. BUTLER'S Commentary present the second volume to the public, since the first, containing the four Gospels, received so great a demand, two editions being exhausted in less than four months. They believed that the Gospels, as they are called, should be bound in one volume, in order to secure the greatest convenience in a work of reference; also that the pronunciation of the names of persons and places should be given in a work constantly used and quoted, that it might be uniform according to the best standard authorities—two valuable features possessed by no like work yet published. The great success of the first volume has ensured a continuance of the desirable features in its arrangements for the second volume.

Price, $2.00; handsomely bound in muslin. Depositaries of these volumes will be kept at 40 Cornhill, Boston, D. Lothrop & Co.; at the *Star* office, Dover, N. H.; at the office of the INTELLIGENCER, Fredericton, N. B., and at the office of the General Publisher. Though not an exclusively subscription book, special territory will be given to agents. LEMONT'S VARIETY STORE.

REMOVAL.

TO THE PATRONS of LEMONT'S VARIETY STORE.

LADIES AND GENTLEMEN,—We desire to inform you that we have moved our Stock of Goods (including those of our Branch Store, Hogg's Corner) to the Brick Building lately occupied by Messrs. ROBINSON & WHEELER, only next door below our old stand.

Feeling thankful for the patronage we have received during the last twenty years while doing business in Fredericton, we would respectfully ask for a continuance from you of the same. With the largest Store and Warerooms in the City, we shall have greater facilities for carrying on a Wholesale and Retail trade, enabling us more promptly to attend to the wants of customers. There are three Showrooms, eighty-three feet deep by twenty-three feet wide, besides a cellar under all, giving a floor space of 7,636 feet. The Store is situated between the Queen Hotel and Barker House, and is but three minutes walk from the City Hall.

We shall in the future, as in the past, keep the largest Stock of Goods in New Household Furniture, White Stoneware and China, Crockery, Cut and Pressed Glassware, Cutlery, Kitchen wares, Tin and Block Tin ware, Silver Plated ware, Lamps and Lamp Stock, Fancy Goods, Wooden ware, Household Hardware and Varieties, to be seen in Fredericton, and an assortment equal to any in the Province.
