OTTAWA, May 25 .-- In the House yesterday afternoon there was a keen debate on Carter's Pacific Railway Bill, which was resumed in committee and engers. placed five millions higher than stated by Government last session as amount that would be required. Hincks said Government never stated positively

that twenty-five millions would be sufficient, but when the Opposition were raising a cry that the country would have to provide a hundred millions for the road, he had stated that twenty-five millions would in all probability be sufficient.

After a long debate the Bill passed through Committee, and was reported with some amendments. The Bill to repeal duties of Customs on tea and coffee passed a third reading.

Tilley introduced a Bill founded on Resolutions from Committee of the Whole, respecting pilots in Charlotte County, N. B.

On Wednesday in the House of Commons, in reply to Costigan, Howe said the Government would endeavour to adjust the claims between the Whites and that every proposition is accepted.

The New Branswick School Question was resumed. Smith argued that our only security for peace and safety was to maintain the Constitution inviolate. He reminded the Quebec members that they the Union Act than the other Provinces.
