Syrup of Hypophosphites. A Sall life-endewed bodies, whether they be Beasts, Birds, Reptiles, Insects, or even Zoophites, and ublects of the Vegetable Kingdom are governed by vital force, which binds all the springs of existence, and as nothing can save them from destruction when this principle leaves them, the discovery of means whereby vitality

may be sustained in the living body is indeed a boon to Modern Chemistry has ventilated the question and dissovered the ingredients constituting the brain, muscles and nerves, and finds that by introducing these ingredients in proper proportions the brain and nervous system are

This, then, is substantially the basis on which Fellows' Hypophosphites is bailt, its direct action is upon the ood, the Brain and Nervous System, and the Muscles, trengthening the Nerves, it causes the rapid distribution of Vitalized Blood in the Musenlar Organs of the Body, Rousing the Sluggish Heart and Liver, strengthening

he action of the Stomach and Bowels, and combling the Lungs to be fully inflated with Oxygen. It is adapted for ALL cases of Weskness and Emaciation, whether arising from a sedentary life, a tropical climate, from fever, or debility from any cause, and is efficacious Pulmonary Consumption, many confirmed cases having been cured and all benefitted, where its use has

ontinued over a fortnight. In Bronehitis it is a specific, and in Asthma it gives relief where every other remedy fails For Nervous Debility it stands unrivalled, and may be used with confidence in all cases. As this is entirely distinct and different from every other preparation of Hypophosphites, be careful to ask for Fellows' Syrup, and take no other.

SOLD BY APOTHECARIES. PRICE, \$1.50; BIX FOR \$7.50 JAMES I. FELLOWS, Chemist,
