We understand that the whooping cough is quite prevalent in the towns around us; but that no cases have proved fatal. Some families use nothing but *Johnson's Anodyne Liniment.* Our Doctor, however, says a little ipicac, to produce vomiting, would be an advantage.

There are more than one thousand different kinds of pills in the United States. Some of them are worthless and injurious, others are good and beneficial. Old Dr. Parsons invented the best anti-bilious pill we ever saw or heard of. They are now sold under the name of *Parson's Purgative Pills.*

Fellows' Compound Syrup of Hypophosphites will speedily and certainly arrest the depressing influences of disease upon the nerves and muscles. It restores the appetite and induces a disposition to take on healthy flesh. It causes the formation of living blood, strengthening the action of both Heart and Lungs. It sustains the system under trying circumstances, and causes the healthy development of all the organs necessary to our existence.

The best cure for Calloused Sinews, Old Sprains, &c., is Dr. Dow's Sturgeon Oil Liniment. It possesses a marvellous power over all muscles and ligaments of the horse, restoring them to perfect health, and raising every sinew to its natural standard.

We notice that the people throughout Great Britain unanimously recommend Clark's Derby Condition Powders. It must be gratifying to Prof. Clark to find a remedy in the composition of which he spent so much thought and care, adopted in that country by his brother veterinary surgeons, where such a thorough knowledge of the anatomy of the horse exists, and the services of the worthy animal are held in such high estimation.

Dr Wilson's Anti-Bilious and Preserving Pills are the most effective remedy for Indigestion, Bilious and Liver complaints, Sick-Headache, loss of appetite, &c. For elderly people, or when an occasional aperient is required, nothing can be better adapted. For Females, those Pills are truly excellent, removing all obstructions, the distressing Head Ache so peculiar to their sex, blotches, pimples, and sallowness of the skin, giving a healthy juvenile bloom to the complexion.

THE BEST FRIEND.—When overtaken with Weak Lungs, brought on by a neglected Cough, what would not be given to be freed from it. Dr. Wilson presents to all such the means of recovering their health and renewing their strength for a mere trifle. His Pulmonary Cherry Balsam invariably produces the most satisfactory results where sufferers are in danger of consumption. The Balsam checks the cough, arrests the progress of decay, strengthens and does not weaken the Stomach, and gently and effectually restores the patient to his accustomed strength. Lung complaints of the most alarming character, which have withstood all other medicines, have yielded to this Balsam, which will ever prove the consumptive's best friend.

DEATHS.

In Shannon Settlement, Queen's County, on the 9th inst, Mr. Hugh Boyd, aged 64 years, leaving a sorrowing widow and six children to mourn the loss of a kind husband and father. Brother Boyd was baptized by Elder French into the communion of the Free Baptist Church. His sufferings in connection with his death were protracted and severe, but indured with christian fortitude and patience. His end was peace.

At Windsor, on the 31st ult., of diptheria, Phœbe, third daughter of Stephen B., and Francis J. Shaw, aged 2 years and 11 months.

"It's only a little grave," they said,
"Only just a child that's dead;"
And so they carelessly turned away
From the mound the spade had made that day;
Ah! they did not know how deep a shade
That little grave in our home had made.

From those who have hitherto favored them with their regular accounts, they beg to solicit a continuation of the same, and to intimate that they will be rendered in January and July of each year, when payment will be expected, as it is not their wish to keep any accounts in the future on which they will be obliged to charge interest.
