WATCHMAKING IN SWITZERLAND. [From the Swiss Times of May 30th.]

WE have already drawn attention to the annual meeting of the Society of Arts, held on the 23rd current, under the presidentship of M. Th. de Saussure, and are now able to furnish some further details. Professor Soret, in delivering a most interesting report. bassed in review the operations of the Industrial section reference to Commerce, laying great stress upon t ompetition that has taken place in the manufacture ronometers. This competition was instituted with the bject of testing the workmanship and precision of chrometers turned out by Genevese manufacturers, and none t those adopted for pocket use were admitted. They ere deposited in charge of the authorities at the Observa ory, and underwent the most searching ordeal possible to applied to pocket instruments of this class. The jury ecially retained to decide the difficult question as to hom to award the palm of excellence unanimously deded in favor of Messrs. J. M. Badollet & Co. This firm ving carried off the sole prize by exhibiting a chrometer which fulfilled in the highest degree every con tion required, crowned their first success by gaining norable mention for two other chronometers. The alsion to this triple honor was received with enthusiast plause, and Professor Humbert, President of the Fine rts Section closed the meeting with happy and humorou ssertation upon subjects connected with th An assortment of GOLD AND SILVER WATCHES, of ifferent grades, from the eminent manufacturers above eferred to, always kept in stock by
