### CLOSING OF THE DOMINION PARLIAMENT.

His Excellency the Governor General was pleased to close the fifth session of the first Parliament of the Dominion with the following speech :--

men of the House of Commons: I have much satisfaction in relieving you from an attendance in Parliament which cannot fail to be inconvenient to many of you at this season of the year. I thank you, therefore, all the more, for the on the discharge of your public duties.

Your adoption of the articles of the Treaty of Washington, which affect Canadian interests, has placed in a clear light your determination to share the fortunes of England. The generous disposition has added strength to the honorable position of Canada, both as regards the British Empire and the United States.

Few who have not considered the subject have either side, any adequate conception how large an extent of economical advantage the possession of great navigable rivers like the St. Lawrence and its tributaries comprises. The outlay you have sanctioned on their improvement, and on that of the auxiliary canals is a safe investment. It will be amply and speedily repaid by the augmented volume of trade flowing down all the channels opened to its course, for it will be swollen by the confluence of your own accumulating productions with those of your West- ment has sent for further instructions. ern neighbors. ### Gentlemen of the House of Commons :

In her Majesty's name I thank you for the supplies which you have so cheerfully granted. I heartily congratulate you on the prosperous condi-tion of the revenue, and on your having been enabled, by the repeal of duties on tea and coffee, to diminish the burdens of the people.

Hon. Gentlemen of the Senate: Gentlemen of the House of Commons:

The joint address with which you have honored me on the eve of my departure, is most agreeable to my feelings. I shall, I assure you, hold in grateful recollections all my life, the expression of your regret and esteem. JAMES MANSON. CAUTION !! CAUTION !!!

TO THE PUBLIC OF THE BRITISH PROVINCES OF NORTH AMERICA.

I beg most respectfully to acquaint the public of the British North American Provinces, that in May, 1871, I caused the business at 80, Maiden Lane, New York, for the sale of HOLLOWAY'S PILLS AND OINTMENT, which were, up to that time, prepared by William Brown, now deceased, to be closed. I regret to say that I have reason ow opening—Black Double Cachmere, for Talmas; Black Corded Trimming Silks, Black Trimming Satins, Colored for some years and in many ways been most events had for some years, and in many ways, been most corrupt; and it may be that the Pills and Ointment were not pre-

Those who do not wish to be deceived by buying spurious medicines, which are now likely to emanate from the States or elsewhere, but to possess themselves of the genuine HOLLOWAY'S PILLS AND OINTMENT, manufactured by me in London, England, will do well to see that each pot and box bears the British Government stamp, on which is engraved the words "HOLLOWAY'S PILLS AND OINTMENT," and that the address on the label 18 533, Ox-FORD STREET, LONDON, where only they are manufactor tured, and in no other part of the world. The retail prices are on the labels in British currency, and not in dollars and cents.

No representative of mine will ever travel through any part of the British Provinces, or the United States, either to sell, or to take orders for my Pills and Ointment; and as I have reason to believe that attempts will very probably be made to deceive the public in this way by persons calling upon medicine vendors, falsely representing that they are acting for me, and with my knowledge and conent, I deem it advisable to put the public on their guard gainst any such deceptions.

I most earnestly entreat all those who may read this idvertisement, that they be pleased, in the public interest, to communicate the purport of the same to their friends, hat they may not be defrauded of their money by purhasing perhaps worthless imitations of the genuine HoL-OWAY'S PILLS AND OINTMENT.

I would ask, as a great favor, that should it come to the nowledge of any person that spurious medicines are being nade or sold in my name, he be pleased to send me all he particulars he can collect respecting the same, that is o say, the name and address of the vendor who is selling he spurious medicines, and likewise the name and address of the House in the United States, or elsewhere, which nay have supplied them, so as to enable me, for the pro-ection of the public, to institute proceedings against such vil-doers, and I engage to remunerate very handsomely ny person who may give me such information, the infor-lant's name never being divulged.

Should any person have reason to believe that he has een deceived by buying spurious imitations, of these fedicines, he will do well to send me, in a letter, to the ddress at foot (which he can do at a cost of six cents in ostage), one of the books of instructions which are affixed o the same. I promise to examine it and send a reply, tating whether the Medicines are genuine or not, so that 'spurious he may apply to the person from whom he urchased them to have his money returned.

Chemists and Druggists who desire to obtain the fedicines can be supplied at the lowest wholesale prices a quantities of not less than £20 worth—viz., 8s. 6d., 22s. nd 34s, per dozen boxes of Pills or pots of Ointment, nett, vithout discount, for which remittance must be sent in dvance. I have the honor to be,

With great respect, THOMAS HOLLOWAY.
