

It consumes less Soap, less Time, and less Fuel, than the usual method. It saves Labor, Wear, and Tear, and the Annoyance of Wash Day.

IT REQUIRES NO ATTENTION WHILE THE PROCESS OF CLEANSING GOES ON.

It will do the Washing of the Family while you are Eating Breakfast and Doing up Dishes

[illegible][illegible]

DIRECTIONS.

1. Soak the clothes over night in warm suds—in the usual manner.

2. Put the bottom of the WASHER in a tub or barrel, so that the clothes may be completely covered, and make good suds, sliced up thin, so that the fasten down the false bottom—see that the centre valve is in the proper position; put in water enough to cover the clothes, and turn the handle of the valve down to the bottom of the tub, so that the water will come up over the valve, say about an inch; lay the clothes down smoothly with the soiled parts well soaked, in the WASHER, and turn the handle of the valve up to the top of the tub, so that the clothes will be completely covered with the suds. If the water in the tub is not sufficient to generate steam, when the water boils, it will begin to flow up the tubes on the outside, at the top of the WASHER, and will come out of the top of the WASHER, and will be completely covered with the suds. If the water is not sufficient to generate steam, when the water boils, it will begin to flow up the tubes on the outside, at the top of the WASHER, and will come out of the top of the WASHER, and will be completely covered with the suds. If the water is not sufficient to generate steam, when the water boils, it will begin to flow up the tubes on the outside, at the top of the WASHER, and will come out of the top of the WASHER, and will be completely covered with the suds.

3. If it is desired to bleach with the WASHER, this may be done by adding a table-spoonful of borax or commerce.

I refer you to a few extracts from letters received. I can publish hundreds of letters from parties who have used the *Steam Washer*, and speak in its praise. I have, thus far, declined doing so. I know full well how *Certificates of Appreciation* are used by the "big game" men of this country. Thousands of letters have been given away in satisfaction throughout the country. I ask none to rely on what I say, or the commendations of others, but let the *Washer* stand on its merits. I would not ask or advise any one to engage in this business of selling Washers or rights in them, unless they are thoroughly conversant with the business. I will not ask you to sell them for less than (about half the retail price), and guarantee that if found not as represented, I will refund the money. So there is no risk to be taken. Therefore I have made but little effort to sell the *Steam Washer*, but heretofore I shall make every effort to sell the *Washer* and advertise liberally in first-class papers. I refer you to the *Washer* of the 15th of February, 1875, and New York *Weekly Tribune*. I shall continue to advertise liberally in other first-class agricultural papers, as well as the leading religious papers throughout the country. Of course my former patrons, who have used the *Washer* very extensively, will be glad to sell the business—will be benefited proportionally, and I am convinced that the *Steam Washer* will be used in every family.

EXTRACTS FROM A FEW LETTERS.

Our readers will be grateful for the room given to the advertisement this week to the famous "new" wash of Mr. Tilton. We are prepared to recommend this invention as all the advertiser and manufacturer claims for it, and equally ready to order one or more for our own woman's toil and this savior life. It more than pays for itself in a very short time by the saving of fabrics, that by the old process of washing were worn out more than by actual service. The washing has been hitherto a grudge wear and tear upon garments than the wearing itself. The new Steam Washer secures a clear gain to all who use it. It saves money, saves labor, saves nerves, saves skin, man, and will perform all her promises.—*Meliodor Recorder*, Pittsburg, Pa., April 27.

was at work while we were taking our breakfast, and I took my bath. We have given it another trial this week with good success. Mrs. Stone is quite enthusiastic in surprise. She thinks it gives to women emancipation from the drudgery of household labor.
I want the right for Clemenç, N. Y., Bradford Tioga, Pa. (Rev.) LEVI STONE.

HENDERSON, KY., Dec. 18, 1877.

Dear Sir: Your Washer came today to hand. Accept thanks for your promise, and please send me advice if you all recommend. I have spoken oft to numbers, and desire me to order one for them. Several have come to see it, and they think it a perfect success. I wish to order a deed for Henderson Co., Ky. I would send

 JOHN W. FRAZER
 WALNUT GROVE, Mo., July 30, 1872.

ST. MARTIN'S, Anglice Co. O., March 7, 1872.

Dear Sir: Having used your Steam Washer for over two months, we are prepared to say that it is the best and far the cheapest and easiest method of washing that we have ever met with. We have tested it thoroughly, washed all our family and children in it, and it does all we claim for it. We have never had to rub a single article on the wash board that has been washed in the Steam Washer, and it does not require any soap, and it is saved in the wearing of clothing. We could not do without it.

Yours truly,
KEV. J. JACKSON AND WIFE.

SOUTH CREEK, Pa., Dec. 6, 1871.

Mr. J. C. TILTON:—Dear Sir: I have been obliged to hand last week, Monday evening Tuesday morning

Mr. J. C. TILTON—Sir: Since we bought the State Washer, myself, have washed in it 24 counties and 24 towns in Washington, which amounts to 240 towns. I think is doing very well when you consider the fact that we have not been outside of Greene Co., Md. Wm. KENNEDY.

J. C. TILTON—Dear Sir: We are doing very well with the Woman's Friend here. Have sold 500 Washers in place alone, and expect, when the weather gets a little warmer, to do away faster. We have not sold any more than \$10.

What are your lowest rates for Alabama? Have friends who, I think, will buy a State. I am, Sir, Yours truly,
T. D. PRASAD.

Address all Orders and Letters to
