EXTENSION OF TIME.

The response to our call for renewals previous to January 1st, has been quite good, though not as general as we could have wished. Our books show a great many subscribers STILL IN ARREARS. There may have been circumstances which made it nearly impossible in many cases to renew as soon as we required, and they wished. This has been intimated to us by some, who regret that they could not comply with the conditions necessary to secure the premium. Knowing that the financial embarrassments in Saint John have affected the whole Province, and that money has been harder to get than usual, we have presumed that the failure to remit in the majority of cases has been owing to temporary inability, hence we have been induced to

EXTEND THE TIME

for premiums *one month*. That is to say—we will give premiums to subscribers, yet unpaid, who will make payment *before the 31st January inst.*

THE CONDITIONS

are the same as previously announced, viz.: that each subscriber who pays for his paper up to Dec. 31st, 1873 (No. 1040), will receive either of the steel engravings named in previous numbers of the paper. Let it be distinctly understood that *in no case can a premium be given unless the conditions* (payment to 1040) *are fully complied with.*

We hope that before the end of the month every name on our list shall have 1040 written opposite it. To have this would be an immense relief and satisfaction to the editor and proprietor; and we venture to say that the subscribers themselves would experience nearly, indeed quite, as much satisfaction in knowing that they have paid up. We ask them every one to try the experiment.

OUR OBJECT

in offering premiums is not to make good any supposed deficiency in the paper. We believe that the INTELLIGENCER in itself is full value for the price of subscription. $2.00 a year, postage prepaid, *is cheap* compared with the price of religious weeklies everywhere. We have for a long time been anxious to bring our whole list up to the actual pre-payment. With this idea in view the premium arrangements were made, it being hoped that they would serve as an inducement. It is hoped that if in no other way they have effect, they would shew how *really anxious we are to have all papers pre-paid.* While we secure the payment of arrearages, the premiums are also a recognition of the faithfulness with which many of our subscribers have supported the INTELLIGENCER for many years; some from its very beginning.

"HOW CAN YOU AFFORD IT?"

has been asked us two or three times. We are willing to state frankly that we are not rich; nor is the INTELLIGENCER so profitable an enterprise as to warrant us in giving away valuable engravings for the mere pleasure of the thing. In the first place we do not pay an extravagant price for the pictures. Buying a large quantity we get them at a greatly reduced price. This, however, does not make them less valuable to those who receive them, for did they wish to purchase them they would have to pay for each half the yearly price of the INTELLIGENCER. But even though we buy them on especially favorable terms, we could not afford to give them away unless we had hope of some return. If by giving them we succeed in collecting all the arrearages on our books, then the investment will have been a good one; but if no more arrearages come in than have already come, then we shall not be any better off than before, perhaps not as well. Though the result of offering premiums has not as yet been up to our anticipations, we still have hope that by the end of the present month the returns from subscribers will shew that they fully appreciate our position, and that we were not wrong in our venture.

Having made the above candid statement of reasons for offering premiums, together with an explanation of how we can afford it, we appeal to unpaid subscribers to forward their subscriptions without delay.

N. B. *The present offer will positively cease at the end of this month!*

☞ *New Subscribers*, on payment of $2.00 each, will receive the paper one year and premiums according to announcement in previous issues.

THE ALMANAC Publishers complain that their business is destroyed by Ayer's American Almanac. The people prefer it to any other, the Farmer's, Western, Southern or the numerous local almanacs when they can get Ayer's. It supplies the best astronomical data, weather and jokes of them all, and above all, medical advice which is invaluable for every family. It is supplied gratis by the druggists, and should be preserved for constant reference and use. We are sure that no good housekeeper or grandmother goes willingly without one.—Anti-Slavery Standard, N. Y.

When winter sets in, the human constitution undergoes many trials, particularly diseases of the lungs. A preparation which effectually controls these diseases, is DR. WILSON'S PULMONARY CHERRY BALSAM. Its importance can hardly be over-estimated for preserving health and life itself. This preserving power is admirably displayed by the rapidity with which it subdues and controls all Coughs, Colds, &c., relieving the respiratory organs from undue congestion. With this Balsam at hand neither great judgment or much experience is required in keeping free from all the Pulmonary diseases through the trying time of winter.

No better Family Medicine can be had than DR. WILSON'S ANTI-BILIOUS AND PRESERVING PILLS. A box of these, used according to directions, will not fail to cure. Most of the diseases to which all are liable are speedily removed by the use of these Pills.

Rheumatism, Lumbago, and all pains which prevail so frequently during this inclement month, and annoy so much, can be speedily removed with DR. DOW'S STURGEON OIL LINIMENT, the advantageous properties of which, over all pains of the muscles and cords, have been long established. Dr. Dow faithfully tried it in his own practice for sixteen years before advertising. For horse-flesh it is the best medicine in existence.

An extensive merchant at the North writes to the agent of Clark's Derby Condition Powders "we have sold all kinds of Condition Powders, but have never supplied our customers with any that gives as much satisfaction as the Derby Condition Powders. You will do well to replenish our stock immediately." Our readers will bear in mind that as a remedy these powders are not confined to horses alone; they are equally beneficial in diseases common to cattle and sheep.

A HAIR-BREADTH 'SCAPE!

It was a winter morning,—
The air was thin and cold,
The frost stood on the window panes
In etchings rude and old;
And many a figure quaint was there,
The sculpture,—work of a master rare.
The window of the Pharmacy,
On King Street, Twenty-four,
Was richly dressed with Toilet Sets,
From India's Coral Shore,
And many a man, with convex eye,
Before the window paused to sigh.
A maiden came, with hairless pate,
A shining, bald round head,
And what few hairs about it grew,
Were tinged with streaks of red—
And her hazel eye turned upside down,
As she viewed, in awe, her hairless crown.
She bought a brush from the Chemist bland,
A brush both stiff and hard,
And rubbed in Cleaver's best Pomade,
Of Marrow, Oil and Lard;
And the barren head rejoiced in locks,
Eclipsing those of the red-tailed fox.

A CHRISTMAS ROMAUNT.

The wassail bowl well filled bring out to-night,
The joyous days upon the earth are near,
The blazing Yule cast on the embers bright,
And shield the earth from chilling anguish drear;
If times are tight and needy bankrupts stalk,
And brokers groan and shavers mourn their loss,
Let Bank Directors pause and in their walk
Just halt awhile and contemplate the dross
Which falls from fitting notes, meandering like the hawk.
Sad moans the wind, but sadder 'tis to raise
The wind with which to meet an unpaid bill,
Or from Stewart, Chemist, buy a dose that pays
A draught to take relief from every ill;
Asthma and influenza of the lung,
The hectic flush and cough, consumption dread,
The *Pulmonary Balsam* ranks among
Its list of living cures, while with the dead
Repose the gladsome strains from grateful lips unsung.
Hang up dull care upon the Alder bush,
And "sailor crimp" and "rolling stocks" forget,
And, in oblivion, the sad tale push
Of purchased sailor, whom the crimps beset.
Trim up the room and hang the mistleto,
Wide spread the boughs of spruce and cedar sweet,
The genial carollers wait below
And sing their lays for festive seasons meet,
And chant a hymn for those whose notes lie overdue.

BYRON.

THE PULMONARY BALSAM is the best Cough Cure known. It affords almost immediate relief, and is very grateful to the bronchial tubes. A bottle of the *Balsam* would make a nice Christmas present. It is cheap, efficacious and enveloped in a handsome wrapper. For sale by
