SMALL-POX IN CARLETON COUNTY .- The Carleton Sentinel says there is no longer room to doubt the existence of small-pox, of a malignant type, in ported, though the loss given is only \$20,000. this County. Two deaths have already occurred from it at Jacksonville, and the number of cases at present in the vicinity is variously stated at from eight upwards. There are also two cases at Upper Woodstock. Notwithstanding Dr. Reynolds, some days ago, pronounced the disease epidemic prevailing small-pox, the people as a general thing refused to believe the statement, and it was not till Wednesday last, when Drs. Colter and Smith had been called to investigate the matter, and pronounced it as above, that any precautionary measures were taken to prevent its spread. It is to be hoped that the Board of Health, as well as the Health officers of this and the outlying Parishes, will become fully alive to the responsibilities of their office, and that no measures will be spared to restrict the disease and to care for the attacked .-

ROBBERIES IN WOODSTOCK.—Unknown to themobtained he exposed for sale in a store of his own. | tected and arrested. He got the name of selling cheap and had a good he, himself, being in the hay-loft.
