EATON'S

ACTUAL BUSINESS COMMERCIAL COLLEGE Ritchie's Building, St. John, N. B.

THE COLLEGE is designed to educate young men for the various pursuits of life, by means of a complete system of ACTUAL BUSINESS Training The course of study is comprehensively effective and interesting, and adapted not only to such as have enjoyed the best educa-tional advantages, but also, to those whose education is defective from want or neglect of early opportunities. Every young man, no matter whether he intends to be a MERCHANT, RANKER, FARMER, MECHANIC MERCHANT, BANKER, FARMER, MECHANIC,

MERCHANT, BANKER, FARMER, MECHANIC, or to enter one of the learned professions, should have a good knowledge of business forms and usages, be well acquainted with the uses of commercial paper, and the laws which govern trade, and possess a clear and compre-hensive knowledge of bookkeeping, which will enable him, in after years, so to arrange and classify his transac-tions as to be able to grasp, with equal case, the minutest detail and the exact result of the most extensive opera-tions. If such knowledge were general, not to say unitions. If such knowledge were general, not to say uni-versal, it would not only promote economy and thrift, by introducing order, system, and management; but it would lessen anxiety and litigation, and largely increase the comfor, happiness, and enjoyment of life.
