A MOST REMARKABLE CURE.

PHILADELPHIA, June 28th, 1867. SETH HANCE, Baltimore, Md. - Dear Sir; Seeing your advertisement, I was induced to try your Epileptic Pills. I was sit acked with Epilepsy in July, 1863. Immediately my pbysician was summoned, but he could give me no relief. Then consulted another physician, but I seemed to grow worse. I then tried the treatment of another, but without any good effect. I again returned to my family physician; was cupped and bled several different times. I was generally attacked without any premonitory sym-ptoms. I had from two to five fits a day, at intervals of fwo weeks. I was often attacked in my sleep, and would fail wherever I would be, or whatever be occupied with, and was severely lajured seyveral times from the fails. I

fall wherever I would be, or what we be occupied with and was severely injured several times from the falls. I was affected so much that I lost all confidence in myself. I also was affected in my business, and I consider that your Epileptic Pills enred me. In Pebruary, 1866, I com-menced to naw your Pills and endy had two attacks after wards. The last one was apriloh. 1855, and they were of a less serious character. With the blessing of Providence your medicine was made the instrument by which I was erried of that distressing affiction. I think that the Pills and their good effects should be made know way have the benefit of them. It was by my persuasion that Mr. Lyon tried your Pills. His case was a very bad one; he had fits nearly all his life. Persons have written to me from Alabama and Tennessee on the subject, for the purpose of ascertain-ing my oplation in regard to your Pills. Have always recommended them, and in no instance where I have had a chance of hearing from their effect have they failed to cure. Yours, etc. . . . . . M. Gry. Grenada. Yalabusha County, Miss.
