HOLDING FAST TO ITS OLD NAME, which it has carried successfully through the long period of thirty-four years, the American Agriculturalist swings out its banner for the "Centennial Year" with the vigor of the prime of life, and with wellfounded promises of still greater achievements in its appropriate sphere—that of a plain, practical, highly instructive and trustworthy family journal, Its name, adopted at the start for a special field of work, has become almost a mis-nomer, because is is now equally useful to City, Village, and Country. -The closing number of volume 34, now before is, like its usual issues, is full of good things, varied in contents, which are prepared with much labor, thought and care, and illustrated with over 60 well executed and well printed original sketches and engravings.-This Journal is a marvel of cheapness, beauty and utility, costing only \$1,60 a year, postage included, for its more than 500 double pages of useful information, and 500 to 600 or more, of fine engravings. Every family Gortschakoff and the Austrian ambassador shows should have it.—ORANGE JUDD COMPANY, Pub-

FITS!

FITS! FITS! FITS!

SURE OF EPILEPSY; OR, FALLING FITS, BY HANCE'S EPILEPTIC PILLS. Persons laboring under this distressing malady, will find Hance's Epileptic Pills to be the only remedy ever discovered for curing Epilepsy or Falling Fits.

The following certificates should be read by all the afflicted; they are in every respect tene, and should they be read by any one who is not afflicted himself, if he has a friend who is a sufferer, he will do a humane act by sutting this out and sending it to him.

A MOST REMARKABLE CURE. PHILADELPHIA, June 28th, 1867.

SETH HANCE, Baltimore, Md.— Bear Sir: Seeing your advertisement. I was induced to try your Epileptic Pills. I was attacked with Epilepsy in July, 1868. Immediately my physician was summoned, but he could give me no reisef. I then consulted another physician, but I seemed to grow worse. I then tried the treatment of another, but without any good effect. I again returned to my family physician; was cupped and bled several different times. I was generally attacked without any premsultory symptoms. I had from two to five fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fall wherever I would be, or whatever be occupied with, and was severely injured several times from the falls. I was affected so much that I lost all confidence in myself. I also was affected in my business, and I consider that your Epileptic Pills cured me. In February, 1865, I commenced to use your Pills, and only had two attacks afterwards. The last one was April 5th, 1855, and they were of a less serious character. With the blessing of Providence your medicine was made the instrument by which I was cured of that distressing affliction. I think that the Pills and their good effects should be made known everywhere, that persons who are similarly affected may have the benefit of them. Any person wishing further information can obtain it by calling at my residence, No. 836 North Third St., Philadelphia. Pa.

IS THERE A CURE FOR EPILEPSY?

The subjoined will answer.

GRENADA, Miss., June 30.—SETH S. HANCE.—Dear Sir:
You will find enclosed five dollars, which I send you for
two boxes of your Epileptic Pills. I was the first person
who tried your Pills in this part of the country. My son
was badly afflicted with fits for two years. I wrote for
and received two boxes of your Pills, which he took acoording to directions. He has never had a fit since. It
was by my persuasion that Mr. Lyon tried your Pills.
His case was a very bad one; he had fits nearly all his
life. Persons have written to me from Alabama and
Tennessee on the subject, for the purpose of ascertaining my opinion in regard to your Pills. I have always
recommended them, and in no instance where I have
had a chance of hearing from their effect have they
failed to cure. Yours, etc., C. H. Guy,
Grenada, Yalabusha County, Miss.

afflicted with Fits, or Epilepsy, for thirteen years; he had these attacks at intervals of two to four weeks, and oftentimes several in quick succession, sometimes continuing for two or three days. On several occasions they lasted until his mind appeared totally demaged, in which state he would continue for a day or two after the fits ceased. It is several remedies prescribed by our resident physicians, but without success. Having seen your advertisement I concluded to try your remedy. I obtained two boxes of your Pills, gave them secording to directions, and they effected a permanent cure. The person is now a stout, healthy man, about 30 years of age, and has not had a fit since he commenced taking your medicine, ten years since. He was my principal wagoner, and has, since that time, been exposed to the severost of weather. I have great confidence in your remedy, and would like every one who has fits to give it a trial.

STILL ANOTHER CURE.

Read the following testimonial from a respectable citizen of Grenada, Mississippi.

SETH S. HANCE, Baltimore, Md.—Dear Sir: 1 take great pleasure in relating a case of Spasms, or Fix, cured by your invaluable Pills. My brother, J. J. Ligon, has long been afflicted with this awful disease. He was first attacked while quite young. He would have one or two spasms at one attack at first, but as he grew older they seemed to increase. Up to the time he commenced taking your Pills he had them very often and quite severe, prostrating him, body and mind. His mind had suffered seriously, but now, I am happy to say, he is cured of those fits. He has enjoyed fine health for the last five months. His mind has also returned to its original brightness. All this I take great pleasure in communicating, as it may be the means of directing others to the remedy that will cure them. Yours, respectfully, etc., W. P. Ligon. Sent to any part of the country, by mail, free of postage on receipt of a remittance. Address, SETH S. HANCE
