The Irish census, just published, gives the following religious statistics: Roman Catholics, 4,150,-857; Protestant Episcopalians, 667,998; Presbyteremigration. With respect to elementary education, the Census Commissioners see reason for congratula tion in the decline of absolute illiteracy, and an in crease in the number of those who can read and write. As regards superior education, the returns show that almost no progress has been made. The

THE VENERABLE ARCHDEACON SCOTT, of Dunham, Quebec, says that he suffered from dyspepsia more than twenty-five years, but that three weeks' use of the Peruvian Syrup (an Iron tonic) has bene fitted him so wonderfully that he can hardly persuade himself of the reality, and people who know him are astonished at the change.

We were pleased to see, not long since in one of our exchanges, some pretty severe remarks addressed to several persons who, during an interesting lecture by Rev. J S. C. Abbott, kept a continuous coughing, which prevented many from hearing. People who cannot refrain from coughing, had better stay away from such places, or else take a bottle of Johnson's Anodyne Liniment with

FITS! FITS! FITS!

CURE OF EPILEPSY; OR, FALLING FITS, BY HANCE'S EPILEPTIC PILLS. discovered for curing Epilepsy or Falling Fits.

The following certificates should be read by all the afflicted; they are in every respect true, and should they be read by any one who is not afflicted himself, if he has a friend who is a sufferer, he will do a humane act by satting the out and conding it to him.

A MOST REMARKABLE CURE.

A MOST REMARKABLE CURE.

PHILADRIPHIA. June 28th, 1867.

SETH HANCE, Baltimore, Md. — Dear Sir: Seeing your advertisement, I was induced to try your Epileptic PHIS. I was attacked with Epilepsy in July, 1883. Immediately my physician was summoned, but he could give me no relief. I then consulted another physician, but I seemed to grow worse. I then tried the treatment of another, but without any good effect. I again returned to my family physician; was cupped and bled several different times. I was generally attacked without any premonitory symptoms. I had from two to five fits a day, at Intervals of two weeks. I was often attacked in my sleep, and would hall wherever I would be, or w hatever be occupied with and was severely injured several times from the fails. I was affected so much that I lost all confidence in myself. I also was affected in my business, and I consider that your Epileptic PHIs cared me. In Pedruary, 1865, I commenced to use your PHIs, and only had two attacks afterwards. The last one was April 5th, 1855, and they were of a less serious character. With the blessing of Providence your medicine was made the instrument by whish.

IS THERE A CURE FOR EPILEPSY?

The Subjoined will answer.

Grenada, Miss., June M.—Seff S. Hance.—Dear Sir:
You will find enclosed five dollars, which I send you for
two boxes of your Epileptic Pilla. I was the first person
who tried your Pills in this part of the country. My son
was badly afflicted with fits for two years. I wrote for
and received two boxes of your Pills, which he took according to directions. He has never had a fit since. It
was by my persuasion that Mr. Lyon tried your Pills.
His case was a very bad one; he had fits nearly all his
hie. Persons have written to me from Alahama and
Tennessee on the subject, for the purpose of excertaining my opinion in regard to your Pills. I have always
recommended them, and in he instance where I have
had a chance of hearing from their effect have they
failed to cure. Yours, etc., C. H. Gey,
Grenada, Yalabusha County, Misa.

ANOTHER REMARKABLE CUBE OF EPILEPSY; OR, FALLING FITS, BY HANCE'S EPILEPTIC PILLS.

BY HANCE'S EPILEPTIC PILLS.

Monygomeny, Texas, June 20th, 1867.

To Seth S. Hance:—A person in my employ had been micted with Fits, or Epilepsy, for thirteen years; he had also attacks at intervals of two to four weeks, and oftenings or two or three days. On several occasions they lasted antil his mind appeared totally feranged in which state he would continue for a day or 'wo after the fits ceased. I tried several remedies prescribed by our resident physicians, but without success. Having seen your advertisement I concluded to try your remedy. I obtained two boxes of your Pills, gave them according to directions, and they effected a permanent cure. The person is now a slout, healthy man, about 30 years of age, and has not had a fit since he commenced taking your medicine, ten years since. He was my principal wagoner, and has, since that time, been exposed to the severest of weather. I have great confidence in your remedy, and would like every one who has fits to give it a trial.

B. L. DEFREESE. STILL ANOTHER CURE.

citizen of Grenada. Mississippi.

Beth 8. Hance. Baltimore, Md.—Dear Sir. I take great pleasure in relating a case of Spasms, or Fiss, cared by your invaluable Pills. My brother, J. J. Ligon, has long been afflicted with this awful disease. He was first attacked while quite young. He would have one or two spasms at one attack at first, but as he great detect they seemed to increase. Up to the time he commenced taking your Pills he had them very often and quite severe, prostrating him, body and mind. His mind had suffered seriously, but now, I am happy to say, he is cured of those fits. He has enjoyed fine health for the last five months. His mind has also returned to its original brightness. All this I take great pleasure in communicating, as it may be the means of directing others to the remedy that will cure them. Yours, respectfully, etc., W. P. Ligox.
