A MOST REMARKABLE CURE. Pail: ADELPHIA, June 28th, 1867. SETH HANCE, Baltimore, Md. - Dear Sir: Seeing your dvertisement, I was induced to try your Epileptic Hils. I was attacked with Epilepsy in July, 1863. Immediately my pb ysician was summoned, but ho could give me no refiel. I then consulted another physician, but I seemed to grow worse. I then tried the treatment of another, but without any good effect. I snain returned to my family physician; was cupped and bled several different times. I was generally attacked without any prome ultory sym-ptoms. I had from two to five fits a day, at intervals of the was defected in my sleep, and would fail wherever I would be, or whattever be occupied with, and was severely injured several times from the falls. I was affected on unch that I lost all confider that your Epileptic Pills cured me. In February, 1865, secon-menced to use your Pills; and only had two gattack's after-wards. a less serious character. With the blessing of Providence your medicine was made the instrument by which I was enred of that distressing affliction. I think that the Pilis and their good effects should be made known everywhere, that persons who are similarly affected may have the benefit of them.
