Worms, Gout, Neuralgia, as a Dinner Pill, and Purifying the Blood, are the most congenial purga ive yet perfected. Their effects abundantly show how much they excel all other Pills. They are safe and pleas ant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organ into action; and they impart health and one to the whole being. They cure not only the every day complaints of every body, but formidable and danger as diseases. Most skilful physicians, most eminen lergymen, and our best citizens, send certificates of cures erformed and of great benefits they have derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugarcoated, they are easy to take; and being purely vegetable they are entirely harmless.
