A MOST REMARKABLE CURE.

PHILADELPHIA, June 28th, 1867.

SETH HANCE, Baltimore, Md.—Dear Sur: Seeing your advertisement, I was induced to try your Epileptic Fills. I was stacked with Epilepsy in July, 1863. Innucediately my physician was summoned, but he could give me no relief. I then consulted another physician, but I seemed to grow worse. I then tried the treatment of another, but without any good effect. I again returned to my family physician; was cupped and bled several different times. I was generally attacked without any premonitory symptoms. I had from two to five fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fail wherever I would be, or whatever be occupied with and was severely injured several times from the fails. I was affected so manch that I lost all confidence in myself. I also was affected in my business, and I consider that your Epileptic Pills cured me. In February, 1855, I commenced to use your Pills, and only had two attacks afterwards. The last one was April 5.h. 1895, and they were of a less serious character. With the blessing of Providence your medicine was made the instrument by which I was may have the benefit of them. Any person wishing further information can obtain it by calling at my residence, No. 836 North Third St., Philadelphia. Pa. William Elder.

Montgomery, Texas, June 20th, 1867.

To Seth S. Hance:—A person in my employ had been afflicted with Fits, or Epilepsy, for thirteen years; he had these attacks at intervals of two to four weeks, and oftentimes several in quick succession, sometimes continuing for two or three days. On several occasions they instead until his mind appeared totally deranged, in which state he would continue for a day or two after the fits ceased. I tried several remedies prescribed by our resident physicians, but without success. Having seen your advertisement I concluded to try your remedy. I obtained two boxes of your Pills, gave them according to directions, and they effected a permanent cure. The person is now a stout, healthy man, about 30 years of age, and has not had a fit since he commenced taking your medicine, ien years since. He was my principal wagoner, and has, since that time, been exposed to the severest of weather. I have great confidence in your remedy, and would like every one who has fits to give it a trial.

His mind had suffered ser ously, but now, I am happy to say, he is cured of the fits. He has enjoyed fine health for the last five month His mind has also returned to its original brightness.
