Keans, Esq., having left a vacancy in that body, in a short time you will be Imperial Fire Insurance Co. called upon to elect a member to fill his place. It is my intention to be a candidate for your suffrages on that occasion. On the austings, in conformity with the timeconored custom which I am happy to say still prevails here, I shall have an opportunity of fully stating my views on public questions and explaining my position. In the meantime I may say, generally, that I am convinced that no good reasons have been shown why the confidence of the constituency of the City of St. John should be withdrawn from the present Government, and should Dwelling Houses, whether built or in course I be elected I shall be prepared to give them my best sup port. As it is possible I shall not have an opportunity of seeing all the electors personally, I take this occasion f respectfully requesting your vote and influence. Ayer's Cherry Pectoral. For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and CONSUMPTION, 1

The few compositions, which have won the confidence of mankind and become household words, among not only one but

many nations, must have extraordinary virtues. Perhaps no one ever seccured so wide a reputation, or maintained it so long as AYER'S CHERRY PEC-TORAL. It has been known to

he public about forty years, by a long continued series of marvellous cures, that have won for it a confidence in ts virtues, never equalled by any other medicine. It still makes the most effectual cures of Coughs, Colds, Conaption, that can be made by medical skill. Indeed the CHERRY PECTORAL has really robbed these diseases of eir terrors, to a great extent, and given a feeling of immunity from their fatal effects, that is well founded if the emedy be taken in season. Every family should have it in their eloset for the ready and prompt relief of its mem-ANUFACTURERS and others desirous of sending time protection. The prudent should not neglect it, bers.
