statement showing all amounts paid by the Receiver General since the close of the last fiscal year on account of service of the last or any previous year, specifying the particular service on account of which, and the person to whom the payments were made; also a statement of all contracts for public works entered into during the last or any previous year, whether such works are wholly or partially completed, upon which any balances were due or unpaid up to close of the fiscal year, together with the original amount of such contract, the person with whom and the time when made, and any allowance for extras therefor; indebtedness of the Province on all accounts matured or unmatured, and whether rendered or not.

Hon. Mr. King recommitted a bill to consolidate the public statutes. The chapter, "Controverted Elections" being under consideration. Several sections were passed, and several others were allowed to stand over. It was held by many, and with much reason, that there ought to be the right of appeal from the decision of the Judge trying the election case to the full bench. The Attorney General said he would draw up a section to meet the want.

Tuesday.—Mr. Austin introduced a bill to incorporate the New Brunswick Red Granite Company; also a petition in favor of the bill.

Mr. Keans committed a bill sent from the Legislative Council to incorporate the Provincial Accident Insurance Co.

Hon. Mr. King dwelt at some length upon the necessity of carefully scrutinizing bills for incorporating Insurance Companies, as it was very easy for these Companies to impose upon the people, as was done by the Clinton Insurance Company of Ontario, which had agents in this Province by whom many people had been swindled.

Wednesday.—Read a third time and passed: Bill to empower the City Council of Fredericton to issue Debentures for the completion of the new City Hall; bill to protect the low lands or interyales on the River St. John, Madawaska; and the amendments made by the House to bills incorporating the St. John Woollen Manufacturing Company; New Brunswick Potatoe Preserving Company; New Brunswick Ice Company.

The order of the day—Supply—being taken up, Hon. Mr. Fraser moved the following resolution: 'Resolved that Mr. Speaker do now leave the chair.'

Covert moved in amendment: "That in the absence of the returns called for by the House with respect to the finances of the Province, and pending the investigation into the management of the Department of Crown Lands in the matter of the lumber seizures, this House does not now deem it advisable to go into Committee of Supply." The amendment was lost.

DOMINION PARLIAMENT.

OTTAWA, March 20.—Cartwright introduced a bill in relation to insurance companies, making changes in the amount of deposit, rate of interest in calculating claims of policy holders entitled to division of profits, and other matters. It proposes to fix the rate of interest at four and a half per cent.

The report of Library Committee, recommending an increase in the appropriation for the completion of the several departments and an increase in the staff was adopted.

Brouse, in moving for a committee to consider the propriety of establishing a sanitary bureau, stated that at least 15,000 preventible deaths occurred in Canada yearly, and that a reduction in the death rate followed the introduction of sanitary measures in France, England and the United States. It is objected to the proposal that Parliament has no power to pass laws on the subject.

The Bill, authorizing payment of the salaries of the County Court Judges in Nova Scotia, passed the Senate.

OTTAWA, March 21.—The House in Committee voted $5,000 for Marine Hospital at Souris, P. E. I.; $25,000 for public buildings in Manitoba; $5,000 for public buildings in British Columbia; Penitentiaries $251.00; harbors and breakwaters in Ontario $62,200; $86,000 for harbors and breakwaters in New Brunswick.

Mr. Mackenzie explained that the vote included $65,000, for the improvement of the harbor of St. John N. B.

The item of $36,500 for harbors and breakwaters in Nova Scotia was passed after a slight discussion, also for P. E. Island $24,750; slides and booms $10,000; dredge vessels $11,000; dredging $19,200; miscellaneous works not otherwise provided for $10,000; surveys and inspections $45,000; arbitrations and awards $15,000.

OTTAWA, March 22.—The bill authorizing the construction of Railway bridges over navigable streams, by Order in Council when Railways chartered by Local Legislatures, was amended in Committee, so as not to affect rivers St. Lawrence and St. John.

Palmer moved for the correspondence respecting the Courtenay Bay Branch Railway. He described its condition and the demands now made by Corporation, and argued that this is the proper place for the deep water terminus.

Burpee said he did not know what site will be selected, but was willing to leave the matter entirely in the hands of the Minister of Public Works.

Mackenzie said the work was suspended, because of the extravagant demands of the City Corporation for the land required at the Breakwater and the great expense necessary to obtain the accommodation required. It is of the greatest importance that a proper selection should be made and in this sense a view: that it is desirable to connect the railroads by a bridge, and it may be important to have a deep water terminus near. The selections he thought will soon be made.

Palmer and Domville explained what the Corporation offered, and protested against the bridge at Navy Island.

The News and the Press.

ST. JOHN, N. B., MARCH 24, 1876.

NEW BRUNSWICK.—Look out for counterfeits.... It is reported that a $10 note of the People's Bank received by the Bank of New Brunswick, on Saturday, was only a photograph of a genuine bill. It is not known whether any number of these counterfeits are in circulation, but probably there are.... Scarlet fever prevails at Gagetown, and many families are afflicted.... The *Telegraph* says that on Friday afternoon, as two young men, Charles Young and James Williams, both of Portland, were busy tarring a vessel in Ruddock's shipyard, at the foot of Simond's street, Young slipped from the staging on which they were standing, and fell to the staging below. The pot of tar, also falling, the contents were spilled on him, scalding his face and hands. His injuries, though painful, were, fortunately, not very serious.... A valuable horse, belonging to Mr. John Slipp, was recently drowned by falling through the ice on the river opposite Penny's Point, Hampstead, Queen's County..... We are sorry to learn that the residence of Mr. Wynott Williams, of Douglas, York Co., was burned to the ground recently. Mr. Williams and his wife and child had a narrow escape from being burned in their beds. The loss to Mr. Williams is about $2000.... An adroit thief has been making a tour in Hampstead, Queen's Co. A correspondent writes that "On Wednesday night, 7th inst., a sneak thief was around our parish, and stole from Mr. Wm. Vanwart in Jerusalem, a brass mounted single harness, worth about $22; he then appears to have come to New Ireland, where he stole a sleigh from Mr. Wm. Magee, worth about $20 or $25; then he came into the river, and stole from Mr. Gilbert Merrit, son of Rev. B. Merrit, a splendid new buffalo robe, for which Mr. Merritt paid $20, a short time ago. The thief made quite a speculation for one night's operation, and the owners of these articles stolen would like very much to know the whereabouts of the fellow who so so cooly marched off with their property.... The *Farmer* says that Messrs. J. C. Risteen and Wm. Edgecombe, of Fredericton, have prepared specimens of New Brunswick woods for exhibition at Philadelphia. They were forwarded by train on Saturday. The specimens number twenty-eight, and are arranged in a form calculated to show them to advantage, the whole being surmounted by a shield bearing a moose's head and supported by a pair of cant dogs. The samples fairly represent the ordinary growth of the country, and were selected with that especial object. The following are the varities: Of ash, five specimens, black, white, ground, swale and fancy: of birch, two, black and yellow; white beach, butternut, basswood and balm of gilead, one each; of cherry, two red and black; of cedar, elm, fir, hemlock, nacmatac and hornbeam, one each; of maple, three, white, curly and birdseye; of oak, two, red and grey; of poplar, pine, spruce and willow, one each.... Capt. Cruikshank has been appointed one of the Pilotage Commissioners, at this port, in the place of Mr. Yroom, resigned.... Mr. Geo. Day, of McDonald's Point, Queen's County, lost a fine horse last week by drowning.

CON. E. & N. A. RAILWAY.—Commencing 12th Jan., Express Trains leave St. John at 8 A. M., for, Fredericton, Bangor, Boston, and all points on N. B. & C. Railway, and at 1 P. M., Accommodation leaves St. John for Fredericton, and freight for west. Trains leave Fredericton at 8.30 A. M., and 3 P. M., for St. John. H. D. McLeod, Carleton, Assistant Superintendent.

NOVA SCOTIA.—The authorities in Halifax have been seizing illegal coal measures. The confiscated tubs had false bottoms, and one which should have held three bushels only held two.... Scarlet fever prevails so badly at Oxford, Cumberland County, N. S., that the public school has been closed. Two children of Mr. Rufus Black died on Wednesday.... Schooner *Polar Wave*, which arrived from the Grand Banks on Monday, reports speaking with schooner *Edwin C. Dolliver*, of Gloucester, who had lost two men on Friday, the 3rd inst. They were Thomas Kennedy and James Horton, who were upset in their dory while visiting their trawls. The accident was seen and a dory immediately pulled for the unfortunate men, but too late for their rescue, as they sank before the dory reached them. They were natives of Guysboro', N. S., but had followed fishing from Cape Ann several years. Kennedy was married and leaves a widow and one child; Horton was a single man.... Mr. Rice, of Bear River, who recently lost a pocket book containing $300, has discovered that it was not taken by the Indians, but by his little boy, from whom it was afterwards recovered.... The Yarmouth *Herald* says the schooner Grand Master, which sailed for Gloucester on the 8th inst. had nearly 100 passengers, mostly fishermen, to join the Cape Ann fleet. We understand two American schooners also took a number of passengers from the same place.... Capt. Hall, of the schr. "Vesta," of Halifax, wishing to escape payment of $100 due on his cargo of coal, gave out that he had been robbed of that amount. On enquiry it was found that no robbery had been committed, and he was arrested. He has since been released, however, there being no law under which he could be punished.... Lunenburg, N. S., is sending a log house to the Centennial.... A special to *Daily Telegraph* from Halifax, March 30 says: The Government brought down their rail way bills to-day. They adopt the policy of Eastern Extension to the Strait of Canso, and offer a subsidy of $8000 per mile. Further extension to the Bras D'Or Lake is provided for, but if no company accept this arrangement within three months the Government may contract for extension to Canso only. Regarding Western Extension they amend the Nictaux and Atlantic act so as to allow the road to be built only to Lunenburg instead of to Liverpool as formerly required.

XANTIPPE.

It seems that the memory of this woman, like that of her renowned husband, is likely to be kept alive to the end of time. She is said to have possessed a very irritable temper, and her name has become a synonym of "vixen," or "scold." It is more than possible, however, that the judgment passed upon her by mankind has been too severe. A more charitable disposition would undoubtedly have discovered in her many good qualities, and have attributed her failings more to physical infirmities than to moral obliquity. The party most intimately acquainted with her, and therefore best able to form a correct opinion, gives her credit for many domestic virtues. It is now well known that many of the diseases to which women are subject, have a direct tendency to render them irritable, peevish, cross, morose, unreasonable, so that trifles and fret over all those little ills and annoyances that a person in health would bear with composure. It is fair to infer that most of the tantrums of Xantippe were due to these causes alone; and could Socrates, as he returned from the Senate, the Gymnasium, or the Athenemn, have stopped at Pestle & Mortar's Drug Store and carried home a bottle of Dr. Pierce's Favorite Prescription now and then, no doubt he might have evaded many a "curtain lecture," allayed many a "domestic broil," made it much pleasanter for the children, and more enjoyable for himself, and rescued his wife's name from its unenviable, world-wide, and eternal notoriety it has attained. Thousands of women bless the day on which Dr. Pierce's Favorite Prescription was first made known to them. A single bottle often gives delicate and suffering women more relief than months of treatment from their family physician. In all those derangements causing backache, dragging down sensations, nervous and general debility, it is a sovereign remedy. Its soothing and healing properties render it of the utmost value to ladies suffering from internal fever, congestion, inflammation, or ulceration, and its strengthening effects tend to correct displacements of internal parts, the result of weakness of natural supports. It is sold by all druggists.

BRITISH AND FOREIGN.

LONDON, March 16.—It is generally considered that the Abyssinian war is ended.

Right Rev. Robert Milman, D. D., Bishop of Calcutta, is dead.

A dealer in war material just from Vienna says he hold last week a mountain battery of six guns to the Herzegovinians, but the Austrian authorities would not allow it to be shipped to Trieste or any point in the direction of the scene of the insurrection. He says no one can get cartridges through the Austrian lines now. He sold some small arms and one field battery to Servia. Servia desires to obtain two more batteries, but has no money. Now that government is very anxious to purchase a large quantity of small arms and artillery, he thinks a domestic loan has been forced for purchasing. The belief obtains credence at Vienna that Servia will soon declare war unless Russia brings a powerful and direct pressure to prevent it.

LONDON, March 20.—All railways converging at Aberdeen are blocked by snow for the past thirty hours. Telegraph communication in Scotland is almost totally interrupted. Sixteen trains blockaded on Caledonia Railway alone.

Dr. Wilson's Pulmonary Cherry Balsam has stood the test of time, and has overcome the usual amount of opposition. During the winter and early spring months no house or home should be without the means of arresting a cough at its onset. Such means are safely and surely presented in this excellent Balsam, which removes all diseases of the Lungs in the mildest and most efficient manner. This Balsam is strongly recommended to those persons whose Lungs are constitutionally weak, and whose nervous system has been shattered by a hitherto confirmed cough and by wrong treatment, and on such it will confer a great boon.

Dr. Wilson's Anti-Bilious and Preserving Pills never fail to produce a healthy action, and may be given to every age or sex. They remove all offensive accumulations in the bowels, and do not bring on subsequent constipation or costiveness. They stimulate all surrounding organs to a healthy state, and are of great utility where a cathartic is required. With such pleasing intelligence, can it be wondered at that we should feel an ardent desire that those who are suffering from disease should be made acquainted with a remedy, the unexampled, powerful, and beneficial qualities of which have so greatly reduced the sum of human wretchedness; and we are satisfied the more their surprising effects become known, the more will Dr. Wilson's Pills rise in the estimation of the public.

If your horse has been out in a cold rain and become chilled, or drank too much cold water, give at once CLARK'S DEADLY CONDITION POWDERS. No man who values his horse should be without them. By those who ought to know something about horses, they are everywhere preferred to all articles of the kind.

MR. S. W. DAVIS, SUSEX, N. B., had suffered with *Pain in his Back* for more than *twenty years* until he used GRAHAM'S PAIN ERADICATOR, and was cured by less than one bottle. He had previously tried all other available means without being able to find a cure.

More than forty years have elapsed since *Johnson's Anodyne Liniment* was first invented, during which time hundreds of thousands have been benefitted by its use. Probably no article ever became so universally popular with all classes as *Johnson's Anodyne Liniment.*

Pills which contain antimony, quinine, and calomel, should be avoided, as severe griping pains would be their only result. The safest, surest, and best pills are *Parson's Purgative or Anti-Bilious Pills.*

For Harness-Galls, Sore Shoulder, &c., &c., Dr. Dow's Sturgeon Oil Liniment, is the best known remedy. Wash well with castile soap and water, and apply the Liniment, and it will cool the most angry sore, diminish the inflammation, and reduce the swelling. No Liniment, for rapidity of cure can be compared to this.

WHAT THEY SAY OF IT. A FEW FACTS FOR THE PEOPLE. There are but few preparations, of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Parsham Centre, P. Q., writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper, West Shefford, P. Q., writes, "I have been troubled with liver complaint for several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Mayhee, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used;' it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, Township Percy, writes, "I was persuaded to try Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Mayhee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine.

MARRIAGES.

At the Baptist Parsonage, on the 14th inst., by Rev. Thos. Todd, Mr. J. S. Botinell, merchant, to Miss Annie M. Armstrong, both of the Town of Moncton.

By the Rev. D. McPhail, assisted by Rev. J. D. Murray, Mr. Albert Steeves, of Moncton, and Mrs. Catharine Hyslop, of Dundas.

At the residence of the officiating minister on the 28th ult., by the Rev. J. I. Porter, Mr. William W. Nickerson and Miss Addie Larkin, all of Pubnico, Yarmouth Co.

DEATHS.

[*Verse not in verse.*]

At Jordan Mountain, King's Co., on the 6th inst., Mr. John McQuin, aged 67 years. Deceased was formerly a resident of Truro, N. S.

At Bliss ville, on the 20th Feb., the widow of the late Charles DeWitt, in the 70th year of her age. Her end was peace.

At Bliss ville, on the 10th inst., in full hope of a glorious immortality, Deacon Luke DeWitt, aged 75 years.

On the 7th inst., in Perth, Victoria Co., Elijah Larlee, Esq., in the 40th year of his age, leaving a wife and four sons and two daughters to mourn their loss. He suffered a long time with what was supposed to be a cancer in his side. His sufferings were borne with fortitude. He retained his senses till till the last, and in his last moments I heard him express his hope in Christ. By his own request I attended his funeral. He had a large number of relatives and friends who will miss him much. He was among the first business men of this part of the country.

At Salisbury, Westmorland Co., on the 7th inst., Mrs. Peter Steeves, aged 67 years. Sister Steeves was baptized by the late Rev Joseph Crandal, and some fifteen years ago united with the F. C. Baptist Church of the Five Points of which she was a faithful, earnest working member. She died in the triumphs of faith, and a few minutes before her death requested her friends to sing—"Let music charm me last on earth, and greet me first in heaven."
