A MOST REMARKABLE CURE. SETH HANCE, Baltimore, Md. - Dear Sir: Seeing yo SETH HANCE, Baltimore, Md.—Dear Sir: Seeing your ivertisement, I was induced to try your Epileptic Fills, was attacked with Epilepsy in July, 1883. Immediately by physician was summoned, but he could give me no slief. I then consulted another physician, but I seemed o grow worse. I then tried the treatment of another, but without any good effect. I again returned to my family physician; was cupped and, bled several different times, I was generally attacked without any prems nitory symptoms. I had from two to five fits a day, at intervals of two weeks. I was often attacked in my sleep, and would fall wherever I would be, or whatever be occupied with, and was severally injured several times from the falls. fall wherever I would be, or whatever be occupied with, and was severely injured several times from the falls. It was affected so much that I lost all confidence in myself. I also was affected in my business, and I consider that your Epileptic Pills cured me. In February, 1865, I commenced to use your Pills, and only had two a tracks afterwards. The last one was April 5th, 1865, and they were of a less serious character. With the blessing of Providence your medicine was made the instrument by which I was cured of that distressing affliction. I think that the Pills and their good effects should be made known everywhere, that persons who are similarly affected may have the benefit of them. Any person wishing further information can obtain it by calling at my residence, No. 836 North Third St., Philadelphia, Pa.

IS THERE A CURE FOR EPILEPSY?

The subjoined will answer.

GRENADA, Miss., Junc 30. —SETH S. HANCE. — Dear Siz:
You will find enclosed five dollars, which I send you for two boxes of your Epileptic Pills. I was the first person who tried your Pills in this part of the country. My son was badly afflicted with fits for two years. I wrote for and received two boxes of your Pills, which he took according to directions. He has never had a fit since. It was by my persuasion that Mr. Lyon tried your Pills. His case was a very bad one; he had fits nearly all his life. Persons have written to me from Alabama and Tennessee on the subject, for the purpose of ascertaining my opinion is regard to your Pills. I have always recommended them, and in no lustance where I have had a chance of hearing from their effect have they failed to cure. Yours, etc.

ANOTHER REMARKABLE CURE OF EPILEPSY; OR, FALLING FITS, BY HANCE'S EPILEPTIC PILLS.

MONTGOMERY, Texas, June 20th, 1867.

To SETH S. HANCE:—A person in my employ had been afflicted with Fits, or Epilepsy, for thirteen years; he had these attacks at intervals of two to four weeks, and oftentimes several in quiek succession, sometimes continuing for two or hree days. On several occasions they lasted natil his mind appeared totally deranged, in which state he would continue for a day or two after the fits ceased. It is described by our resident physicians, but without success. Having seen your advertisement I concluded to try your remedy. I obtained two boxes of your Pills, gave them according to directions, and they effected a permanent cure. The person is now a stout, healthy man, about 30 years of age, and has not had a fit since he commenced taking your medicine, ten years since. He was my principal wagoner, and has, since that time, been exposed to the severest of weather. I have great confidence in your remedy, and would like every one who has fits to give it a trial.

B. L. Defreese.

STILL ANOTHER CURE, Read the following testimental from a respectable citizen of Grenada, Mississippi.

SETH S. HANCE, Baltimore, Md.—Dear Sir; I take great pleasure in relating a case of Spasms, or Firs, cured by your invaluable Pills. My brother, J. J. Ligon, has long been afflicted with this awful disease. He was first attacked while quite young. He would have one or two apaams at one attack at first, but as he grew older they seemed to increase. Up to the time he commenced taking your Pills he had them very often and quite severe, prostrating him, body and mind. His mind had suffered seriously, but now, I am happy to say, he is cured of those fits. He has enjoyed fine health for the last five months. His mind has also returned to its original brightness. All this I take great pleasure in communicating, as it may be the means of directing others to the remedy that will curthem. Yours, respectfully, etc., W. P. Ligon.
