CONFERENCE.

Free Christian Baptists of New Brunswick, will asable always that the Ministers' Conference be well We tried hard, and succeeded fairly. attended. It is not less important this year than in former years that all the Ministers be present.

On Saturday, at 10 A. M., the social Christian Conference meeting will be held. This meeting is always looked forward to with great interest, and is almost invariably an occasion of great joy. That it may this year exceed in interest any previously held, should be the prayer of all.

At 2 P. M. Saturday the Conference will be regularly organized for business, and the report of the Corresponding Secretary on the condition of the churches be received. Delegates from other bodies will also report in this meeting.

Looking forward to the Conference, every one interested in the prosperity of the denomination must be anxious that all that is done in it be done wisely and in the fear of God, to the end that the cause of Christ be advanced and His glory promoted. In order to this we think it proper to suggest :--
