A MOST REMAR KABLE CURE.

Tonganoxic, Leavenworth Co., Kan., April 2, 1876,
SETH S. HANCE,—Bear Sir:—The Epileptic Pills
that I received from you last September have accomplished all that you recommended them to
do. My son is hearty, stout, and robust; he is as
hearty as any child in Kansas—indeed he is in
the manner a new boy, being red and rosy. Before he commenced taking your Pills he was a
very pale and delicate looking child, and had
Epileptic Fits for about four years, and seeing
your Pills advertised in the Christian Instructor,
I sent to you and got two boxes of them, and he
has not had a fit since he commenced taking them;
he has been exposed to all changes of weather in
going to school and on the farm, and he has not
had a Fit nor a sympton of one since he commenced taking your Pills. He learns well at
school, and his mind is clear and quick. I feel
that you are not sufficiently paid for the service
and benefit you have been to us in restoring our
child to health. I will cheerfully recommend
your Pills to every one I hear of that is afflicted
with Epilepsy. Please send me some of your circulars, so that I can send them to any that I hear
of that is afflicted in that way.

Respectfully, etc., LEWIS THORNBRUGH.

Sent to any part of the country by mail, free
of postage, on receipt of a remittance. Price, one
box, 33: two, 55: twelve, \$27. Address SETH S.
HANCE, 108 Baltimore St. Baltimore, Md.

Please mention where you saw this advertisement. A MOST REMAR KABLE CURE.

HE WILL COME. NOW READY. STEPHEN H TYNG, J'18.,

Caution. Beware of falsely claimed official and worthless books. Send for proof. Feb. 23-8m. NOTICE, TO WHOM IT MAY CONCERN. To the Harbour Master, Harbour Inspector, Pilots, Owners, Masters, and persons in charge of Vessels at the Port of Saint John, New Brunswick:

The Department of Public Works of Canada being about to commence the construction of a Deep Water Terminus for the Intercolonial Railway at the Ballast Wharf (so called) in the City of Saint John, will from this date have the Dredges "St. Lawrence," "Canada," and "New Dominion," with their lighters, or scows, engaged in performing the dredging required; and, until further notice, the said Dredges will have a number of anchors for mooring purposes deposited on the Flats to the northward of the Ballast Wharf, and in the Channel to the West and South-west of the same; all of which when put West and South-west of the same; all of which when put down will be buoyed.

All Masters of Steamers are cautioned to keep clear of said Buoys and lines, so as to prevent their being taken up and fouled in the Paddles or Propellers, as the above mentioned moorings will be in place whether the Dredges As whilst working it is not possible to shift or remove the Predger—Vessels will be required to give them a wide berth, so as to avoid collision and damage.
