☞ The Halifax *Herald* is authority for the statement, that Hon. Dr. Tupper has felt compelled to abandon his contemplated visit to the Mediterranean in consequence of the probability of a very early meeting of Parliament.

☞ The *Christian at Work* says, that twenty-five missions for deaf mutes have been established in various parts of the country through the agency of the rector of St. Ann's Protestant Episcopal Church in New York, and his co-workers. The work has been a silent and unobtrusive one, but it speaks for itself.

☞ *Canada Presbyterian*, now published in Toronto, is the new name of the paper, so long known as the *British American Presbyterian*. It is so completely changed in form and appearance, as well as name, that it is scarcely recognizable. It has been considerably enlarged, is cut and stitched, and is dressed in new and handsome type. The proprietor, C. Blackett Robinson, who is also the Editor, is to be congratulated. The Presbyterians of Canada ought to give the paper a hearty support. It deserves it.

THE NEWS AND THE PRESS.

ST. JOHN, N. B., NOVEMBER 16, 1877.

NEW BRUNSWICK.—A serious accident occurred on the river, Thursday night. The *Telegraph's* account says, as the steamer *Soulanges* was on her way to Fredericton, she was run into near Gagetown by the tugboat *Neptune*, and both vessels were so badly injured that the *Neptune* sank immediately and the *Soulanges* had to be beached a few miles above the spot where the collision took place. It is reported that the tug attempted to run across the bow of the *Soulanges*, but the night being fearfully dark and stormy she miscalculated the distance between the vessels, and struck with full force against the steamer. It was about midnight when the collision occurred. Both steamer and tug were carrying regulation lights at the time. The *Soulanges* had on board a heavy freight for Fredericton, Gibson and Sheffield; and was running slowly. She lies partly out of water and it is hoped that most of the freight will be saved; though the water is so rough, her bottom may go to pieces if the ground is rocky.... Thomas Simpson, a carriage maker who resides in Shediac, was recently examined before T. W. Bliss, Esq., Stipendiary Magistrate at Richibucto, on a charge of forgery. Simpson was committed for trial at the next County Court for Kent.... On Friday, Charles Markem of Portland, while working at Judge Peters' house, Germain street, fell, breaking his thigh, knocking out several of his teeth, injuring his skull and sustaining internal injury.... The *Globe* says, the young man, Compton, who had his foot taken off at the Railway Station, a little over a year ago, will have to undergo another amputation. This will be the third since he first met with the accident.... The Moncton *Times* says, in Springhill, on Saturday, November 3d, a boy was killed on the west slope of the Springhill mine, by going up the balance, and getting in the way of the cage.—At Bay Verte, Monday (November 5), a child of Rev. J. S. Allen—a boy aged 2 years, 4 months,—fell from a hay loft to the barn floor, 12 feet, and was taken up for dead. He was not expected to live.—Mr. Frank Purdy was drowned off Horton Point, Wallace, N. S., on Tuesday (31st ult.), by the upsetting of a sail boat.... The *Globe* says, among the wants of the harbor is a lighthouse on Navy Island. This has been craved and sought for during many years by tug boat men, woodboat men, and others, and some effort should be made to supply the want. In the darkness of night the passage through the channel between the Island and the Straight Shore is a risky business. On the one side is a dangerous reef, which must be given a wide berth; on the other is the island whose shores cannot be seen. In endeavoring to avoid one danger the mariner is likely to meet the other. By the erection of a light on the northern end of the island there would be no danger whatever. We hope to see the matter taken hold of by the proper authorities, as a large number of persons are interested in having the navigation of the channel safe.... Mr. J. H. Bell intends running the lobster business next season, at Casey's Cape, above Shediac.... Hay is worth $16 per ton.... A sailor named Murray, was accidentally knocked overboard from the schr. *Charles*, at Cocaigne, on the 3d inst. and drowned.... The barbers of St. Stephen have decided to close their hair shops on Sunday.... Mr. George Alward, of New Canaan, Queen's Co., is the happy owner of a hog, 8 feet 2 inches long, that girts 6 feet 8 inches, and weighs between eight and nine hundred pounds.... The *Telegraph* says, a man named Wm. Patrick went into the new building of Messrs. S. R. Foster & Son, Georges street, between eleven and twelve o'clock on Saturday night, intending to go asleep. He had not the opportunity however, for in groping his way about he fell through a hatchway, the height being 13 feet. No bones were broken, but the man received such a severe shock that he was unable to take any nourishment.... Messrs. Whittier and George, Fredericton, are shipping a large quantity of potatoes received from Caribou, from Gibson to South Carolina. Potatoes in that market are said to bring fifty cents a puck.... On Friday afternoon an old man named Percival, and an elderly woman, were thrown from a lumber wagon on Dock street, by another wagon colliding with it. The man fell beneath the wheels of his own vehicle, and was removed to the hospital, his bruises being of a serious nature. The woman is believed to have had one of her legs broken.... The *Telegraph* says, for consummate coolness and daring, it is doubtful if the equal of Downey, who lately escaped from the penitentiary, could be found. Some ten days ago he scaled the prison walls, and the rifles fired at him had no effect in checking his speed. Although his departure was suddenly made he evidently desired one or many keepsakes from the place. Under the cover of darkness he visited the penitentiary on Friday night, broke into the workshop and stole a saw, hammer, thread, velvet and other articles. The articles were missing next morning, and two of the watchmen, Barnes and Hogan were sent out to make inquiries. They succeeded in tracing the stolen things and on returning announced their success. In the afternoon, Duff and Hogan went to the barn. The officers hid themselves so that in the event of Downey going back for the articles his capture could be effected. Downey soon came swaggering up, wearing his prison clothes, an axe over one shoulder and a bag in his hand. He was secured, and on opening the bag, it was found to contain two cabbages. The officials from the penitentiary compelled Downey to pack the stolen goods in a bundle and carry them back to the penitentiary. When he escaped he had only two or three days of a twelve months term to serve. During his absence, he says he had been about forty miles into the country, but never had a chance to change his clothing.... Mr. Crawford, owner of the steamer *Soulanges*, sues the owners of the *Neptune* for $1,000 damages. The *Soulanges* is making her regular trips as usual.... The *Telegraph* says, about $200 were realized at the sale on Monday of goods, saved from the fire, and which had been left at the Court House. Among the crowd in attendance could be seen the familiar face of the frequent visitant at such sales, and the bidding was, at times, spirited, while there were instances when splendid bargains were procured from the lack of interest taken. A Singer sewing machine in good order fell into the hands of one man for $6. A trunk was bought, "pig-in-the-bag" style, for $10.50, and the purchaser learned that he had got a "big bonanza," having found his bargain to consist of five good pairs of pants. A great many volumes of books brought but a trifle over $3, and a cooking stove was knocked down for nearly $5. The flour realized on the average $5.50 per barrel, and there were about 20 bbls. disposed of.... Mr. Allen McDonald has been appointed special policeman by gentlemen doing business on Paradise row, to watch in the locality of their stores. That gang of incendiaries should seek new pastures now, owing to the special watch.... The deposits in the Savings Bank during October, exceeded the withdrawals by over $13,000; the figures being—deposits, $128,714.63; withdrawals, $115,594.17. The investments in Dominion stock amounted to $7,100.... The *Freeman* says, on enquiry at the Railway station we were told that about 400,000 lbs of salmon and smelts had been shipped from Bathurst this season.... It was generally understood, says the *Freeman*, that the stocks of lumber in St. John, all along the river, had run very low about the end of September, and several mills were shut down for want of logs. Yet, according to the statement published in the *Globe* on Wednesday evening, "during the month of October the shipments of deals from St. John amounted to 9,871,000 superficial feet against 8,618,000 feet in the same period last year and 13,934,934 feet in 1875." According to the same statement our shipments for the ten moths, ending October 31st, were

	Deals. s. ft.	Pine. tons.	Birch. tons.
Liverpool	76,171,000	1,121	9,973
London	12,362,000	16	627
B. Channel	18,811,000	..	...
Clyde	4,330,000	..	...
Ireland	52,527,000	..	...
Other Ports	40,491,000	..	...
Total	204,693,000	1,127	11,936

In 1875 the export of deals for the ten months was 159,560,000 feet, of pine 391 tons, and of birch 4,937 tons.... In 1876 we exported in ten months, of deals 165,923,000; of pine, 845 tons; of birch, 11,721 tons.... On Saturday morning Mr. Stephen Beatty, an old and respected resident of Dover, Westmorland Co., died suddenly in his barn.... The *News* reports that last week a sad accident happened to a young man named Foster, belonging to New Canaan, Q. C. A party of men were hunting a few miles distant from the settlement, and their hay running out, Mr. Foster was engaged to take a fresh supply to them. He took his gun with him, and on leaving the hunting grounds to return home, was advised by some of the friends who composed the party to take the cap off the gun, which was loaded. Ha did so, but the hammer was left up, and there was enough of the sulphur of the cap remaining on the tube to cause the gun to go off should the hammer happen to drop. Driving home, he stood in his wagon, with the gun leaning against his side, muzzle upwards. By a jolt of the wagon the gun went off, and the young man was shot through the heart, and died shortly after reaching home. Much sympathy is felt for the family of the deceased, especially as two of his brothers were drowned but a short time ago.... Highway robbery is on the increase here. About 10 o'clock Sunday evening, Mr. G. A. Fraser was assailed at the corner of Union and Coburg streets. His assailant knocked him down and demanded his money. Mr. F. managed, however, to escape. Are there policemen enough, considering the present condition of the city, and the large numbers of reckless characters here.... The Moncton *Times* says, while Mr. G. A. Abinet, resident engineer of Albert Railway, was in the act of reaching between the wheels of a locomotive at Sodom on Saturday, to pick up a coupling pin, the locomotive started, crushing the right arm near the elbow, between the wheel and the rail. The engine was at once dispatched to Hillsboro for Dr. Lewis, who has no hope of saving the arm, the bones being smashed in several pieces.... A change has been made in the Fredericton time table for the winter. The morning express, instead of leaving at 6.45 a. m., leaves at 6.40, being due in St. John at 10; the return train to leave St. John at 4.30 p. m., instead of 4, due in Fredericton at 7.50. This is the first daily down express train Fredericton has ever had during winter.

NOVA SCOTIA.—The steamer *Lady Head* having finished cruising in the gulf for the protection of the fisheries for this season, has been ordered by the Marine Department to proceed to Halifax, where she will be stationed for the winter, visiting Sable Island and performing coast service.... Mr. Jas. Bent, harbor master at Pugwash, died suddenly in his own door yard, on the 9th, while at work with his son.... Mr. John James Andrews and his son Thomas, left the International pier, at Sydney, C. B., on Friday afternoon in a sail boat loaded with coal, which they were taking to their home at Coxheath. It is supposed that the boat foundered as they have not been seen since, and the oars have washed ashore at South Bay.... It is reported that the fisheries have proved as great a failure this season in Eastern Nova Scotia as in Western Newfoundland. It is said that not for many years has the condition of the fishermen in the County of Guysboro been so distressing as it now is. It is a sad drawback to the fishing industry that success in it is so uncertain and its profits so precarious.... The North Sydney *Herald* reports that on Monday last, two young men of French Yale, names not learned, met in company with others, and amused themselves by having a sparring match. Through some extraordinary mishap one tapped the other a blow on the side of the head, by which the party receiving the blow fell to the ground, and became instantly a corpse.... The Halifax *Herald* says:—Enquiries have been received by persons in the ish trade with a view of opening up relations between Halifax and various continental ports. Our fish dealers should prosecute those enquiries, and see if there is no other outlet for our fishing harvest besides those uncertain markets in the West Indies, which have proved so unreliable the past year or two. Many of these West India Islands have seen their best days, and they are steadily deteriorating as markets for our products. The race of fish eaters are dying out, those Hindoostani coolies do not take to herring and cod as their African brethren did, they prefer rice and other vegetable food to meat or fish. Chicago and other western markets are improving, and no doubt Continental markets would be found to repay shippers.... A boy named Charles Lindsay, narrowly escaped being shot dead by a stray bullet at Islagonish on Thursday. The bullet passed through the shoulder of his coat, without touching the skin.... A tramp, who was kindly housed by Mr. Benjamin Roberts, Argyle, repaid him by stealing $15 and a watch.... The thief was arrested in Digby.... A man named Cornelius Leonard was seated at breakfast in his house on Maynard street, when his wife left the room for a few minutes, leaving him eating, apparently in his usual health. On her return she found him, with his head leaning on his hand, quite dead. He was about 72 years old, and had been in good health for some time previously.... Mr. Alex Swallon, (a brother to the Rev. Charles Swallon), while feeding a horse a few days since, received a violent kick in the face from the animal, smashing both his jaws. He was immediately attended by Dr McDougall, of Granville, under whose skill he is now in a fair way of recovery.... Two or three libel suits are among the attractions of the Halifax Supreme Court docket this term.... The returns of the coal trade for the nine months ending Sept. 30 give a pretty fair idea of the year's business—the shipments in the last three months of the year being comparatively small. We now have the returns for 1877 up to September 30, and are glad to find that, though they are still far below what they should be to make the mining interest prosperous, they exhibit a considerable improvement upon the returns of the corresponding period in 1876. The total sales during the nine months of this year were 434,483 tons—an excess of 29,843 tons over the sales of the same period last year. The principal mining counties participated in this improvement in the following proportions; Cumberland, 7,105 tons; Pictou, 4,597 tons; Cape Breton, 21,408 tons. Other counties showed a diminished trade, there being a falling off of 3,222 tons in the sales, thus bringing the total increase of the Province down to 20,848 tons.—*Hal. Chronicle*.... Potatoes are selling at a low rate in Halifax—from 30 to 33 cts. per bushel at the wharves.... About the 10th of October, a man named Benj. Baker, of Mahone Bay, C. B., left his home to go to the woods for beech-nuts, and has not been seen since. A search was instituted for him a few days later, and continued on the 1st inst., but no trace of him could be found. Foul play is suspected.... A locomotive about 30 tons, has just been completed for the Western Counties Railways.... A temperance Hall Company has been formed in Halifax and the erection of a hall is to be proceeded with immediately. Its seating capacity will be from 250 to 300.... The Pictou *Standard* reports the drowning in a lake at Hopewell, N. S., on Sunday of Mr. David Haines, teacher in the public school at Albion Mines. On Tuesday the 6th, about 11 o'clock, a. m., Mr. Frank Purdy while coming into the mouth of the harbour from lifting or cleaning his lobster trap and being alone in his boat, was caught by a severe squall of wind from the north-west and capsized, and being in heavy ballast, sank immediately. Mr. Purdy was seen for some time in the water, but before assistance could be rendered he became exhausted and sank. He leaves a wife and three children.... Regarding the accident, on Wednesday, at Londonderry, the Halifax *Herald* says:—The accident caused a delay to the through day express, due here at 8.20 last night, but which did not arrive until two o'clock this morning. The passengers and mails from Pictou and points east were brought to the city by special train from Truro at the regular time last evening. Conductor Donkin received very serious injuries by being thrown against the stove in the car. The scene of the wreck, where flour and oil are spread about, and indiscriminately mixed up with wrecked cars and broken trucks, it is said beggars description.... Two French Canadian women, who keep a house of questionable repute, were fined $40 each, in Halifax, on Wednesday, for being drunk, disorderly, using profane language on the street, assaulting one gentleman and his little boy, and insulting another. ☞ The Windsor *Mail* says Capt. Musgrove sailed his passenger yacht, the *Maggie Vaughan*, from Windsor to Summerville, a distance of 8 miles, in 40 minutes the other day.

ENGLISH AND FOREIGN.

LONDON, Nov. 8.—The decision of Lord Moncrieff, referee in the arbitration between the Clyde shipwrights and shipbuilders, was given to-day in favor of the masters. The referee holds that the state of trade on the Clyde does not warrant an advance of wages. The lockout has lasted six months.

LONDON, Nov. 9.—The *Daily Telegraph's* Paris correspondent telegraphs as follows:—"At a meeting of 40 Constitutionalists of the Senate, including the leaders of the Orleanists, a majority voted that the party should not sanction a new dissolution of the Chamber of Deputies, if it was demanded, nor support the present ministers."

The Hon. Thos. S. Gwden, elected Lord Mayor last September, was inaugurated to-day with the usual ceremonies.

PARIS, Nov. 9.—The delegates of the Bonapartist party waited upon President Macmahon, yesterday, and assured him of their devotedness. They say the President received them very cordially.

CONSTANTINOPLE, Nov. 10.—Detailed reports of yesterday's (Friday) battle near Erzeroum, show the fighting lasted 11 hours. Two Russian columns attacked the redoubts southeast of Erzeroum; one column succeeded in occupying the Block House, but was dislodged. The other column perceiving the enormous loss of the former, retired. The Turks pursued them as far as Deve Boyun, but were driven back from there. They rallied and drove the Russians back again to Deve Boyun. The Russians lost a large quantity of arms and ammunition, but only a few prisoners.

LONDON, Nov. 11.—The contest for the Lord Rectorship of Edinburgh University terminated yesterday in favor of the Marquis of Huntington, leader of the Liberal party in the House of Commons.

BRUSSELS, Nov. 11.—*Le Nord*, the organ of the Russians, regards the speech of the Earl of Beaconsfield at the Lord Mayor's banquet, in London, as an encouragement to Turkey to fight to the last, but it does not think his speech need cause fears of other complications.

CONSTANTINOPLE, Nov. 11.—Marini Pasha, sub commandant at Kars, telegraphs, under date of October 28, that he received a letter from General Laris Melikoff, asking for the surrender of the place in 24 hours. Upon the receipt of this communication the staff and all the officers down to Major assembled in Council, and unanimously rejected the summons, and resolved to defend Kars to the last.

PARIS, Nov. 12.—Germany and Italy have paid the balance of their subsidies to the St. Gothard tunnel, respectively amounting to 4,600,000 and 2,700,000 francs.

A number of Spaniards armed with Remington rifles have crossed the Pyrenees and entered Spain. A rising is expected.

LONDON, Nov. 12.—Stanley arrived at Cape Town on the 22nd of October. He and one hundred and twenty followers will be taken from the Cape of Good Hope in the British store ship *Industry* to Zanzibar.

The British steamer *Consolation*, from New York by the Suez canal went ashore at Suez.

A severe hurricane on the British coast, with numerous disasters to shipping, is reported.

Mahoud Mamad Pasha, under excitement occasioned by the conspiracy against the Sultan, has been prostrated by apoplexy and his recovery is doubtful.

The importation of rice and flour is exempted from duty until March 1st, 1878.

LONDON, Nov. 13.—The Montenegrins, yesterday captured a fort commanding the town of Antiviari with its garrison, two guns and a quantity of ammunition and provisions. The Montenegrins are advancing on Antiviari.

A despatch from the Russian headquarters before Kars says the Soghaule and Erivan columns have taken up their position near Erzeroum.

A Russian official despatch states that Gen. Heyman advanced against Erzeroum on Thursday night, but the columns lost their way in the darkness.

The Russian battalions captured the fortified position of Azizie, and although obliged to withdraw before a superior force of Turks, carried off 500 prisoners. The Russians lost 32 killed and 600 wounded.

ROME, Nov. 14.—The Pope gave an audience of six minutes, yesterday, to 22 persons from France. He was borne in by his attendants and was very pale and weak. During the audience he never moved his legs, but moved his hands frequently and with apparent freedom. His appearance is like that of a man on the brink of the grave but who seems to retain his mental faculties.

ERZEROUM, Nov. 13.—All is going well; reinforcements are continually arriving, and the Turkish troops are in excellent spirits and confident of their ability to hold the town.

VIENNA, Nov. 14.—A telegram from Burcharest says it is reported that General Skobeloff captured additional Turkish positions on Monday night. A movement of troops inside of Plevna is observable, as though a sortie was imminent.

VERSAILLES, Nov. 14.—The Constitutionalist Senators, on whose action the Government's ability to obtain a second dissolution will depend, have declined to enter into any negotiations with the Left concerning the elections of life Senators, as they wish to preserve perfect liberty of action.

PARIS, Nov. 14.—Marquis de Franclieu, Legitimist life senator, is dead.

GEN. Grant will visit the Chamber of Deputies and the Senate to-morrow.

UNITED STATES.

NEW YORK, Nov. 13.—The silver bill will not be brought up in the Senate until after the holiday recess.

Coal has fallen to $3.50 per ton in New York.

E. Clements & Co., lumber dealers of Portland, Me., are reported failed.

The house and stables of Capt. G. W. Brown, Rockland, Me., were burned on the 13th. Loss of $20,000, insured for $10,000

WASHINGTON, Nov. 13.—Professor Watson of Ann Arbor, announces the discovery on the 12th November, of a bright plannet of the 11th Magnitude, in R. A. 4th. 20m. and 23° 55 North Declination, with a daily motion of 5m.

CHICAGO, ILL., Nov. 14.—The dry goods establishment of Fields & Leiters, the largest in the city was burned to-night; loss very heavy. One fireman was killed, and four others will probably die.

NOTICE.

All those who took *shares* in the interest of the Halifax Church, are hereby requested to pay the first instalment of said shares, with the interest on the whole amount pledged (at 7 per cent.), before the first day of January, 1877. If any are not able to pay the instalment, owing to the hardness of the times, send along the interest, and help us pay interest, which will come due early in January next. The friends who have already kindly paid, will please not forget their interest, it is much needed.

By order of the Conference
J. I. PORTER, *Treas.*

SUPPER AND SALE.—The ladies of Sussex Free Baptist Church and Congregation have arranged to have a Supper and Sale of useful and fancy articles in Victoria Hall, Sussex, on Thursday next, 15th inst. Of course it will be a first-class affair in every respect. We hope it may be a success in the amount of money realized.

NOTICE.

All persons having any claims against the late Rev. N. L. Price, will present them to Mr. D. McLeod Vince, Hartland, C. Co.; and all persons indebted to him will please make payment to Mr. Vince, who is authorized to settle all the business of my deceased husband.

AGNES C. PRICE.

Nov. 13, 1877.—t. f.

THE GOSPEL OF MERIT.

Where there is so much rivalry as in the manufacture of family medicines, he who would succeed must give positive and convincing proof of merit. This is an age of inquiry. People take nothing for granted. They must know the "*whys*" and "*wherefores*" before acknowledging the superiority of one article over another. Among the few preparations that have stood the test, those manufactured by R. V. Pierce, M. D., of the World's Dispensary, Buffalo, N. Y., have for many years been foremost. The truth of any statement made concerning them can be easily ascertained, for Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery are now prescribed by many physicians in curing obstinate cases of Catarrh and incipient Consumption. The Discovery has no equal in curing Coughs, Colds, Bronchical and Nervous Affections. It allays all irritation of the mucous membrane, aids digestion, and when used with Dr. Pierce's Pleasant Purgative Pellets readily overcomes *torpid liver* and Constipation, while the Favorite Prescription has no diseases in the field of prepared medicine in curing diseases peculiar to females. If you wish to "*know thyself*" procure a copy of "The People's Common Sense Medical Adviser," an illustrated book of nearly 1000 pages, adapted to the wants of every body. Price $1.50, postage prepaid. Address the author, R. V. Pierce, Buffalo, N. Y.

TWO CHROMOS FREE.—A pair of beautiful 6x8 Chromos, worthy to adorn any home and a Three Months' Subscription to LEISURE HOURS, a handsome 16 page literary paper, filled with the choicest Stories, Sketches, Poetry, etc, sent *Free* to all sending Fifteen Cents, (stamps taken) to pay postage. The Publishers, J. L. Patten & Co., 162 William St., N. Y. *Guarantee* every one *Double Value* of money sent. News dealers sell LEISURE HOURS, price seven cents.

A case of chronic rheumatism of unusual severity, cured by *Johnson's Anodyne Liniment*, is noticed by one of our exchanges. A large bunch came out upon the breast of the sufferer, and appeared like part of the breast bone.

The sweetest word in our language is health. At the first indication of disease, use well-known and approved remedies. For dyspepsia indigestion, use *Parson's Purgative Pills*. For coughs, colds, sore or lame stomach, use *Johnson's Anodyne Liniment*.

READ WHAT THE PEOPLE SAY IN REGARD TO THE GREAT SHOSHONEES REMEDY AND PILLS.

Levi Jones, Markham, says: I had a severe attack of Bronchitis. I was so bad that I could hardly get my breath. I sought for a quick remedy, and seeing the Shoshonees Remedy so highly recommended, I procured a bottle, and am happy to say that, by the time it was taken, I was entirely well and have remained so, although I was much exposed through the winter in travelling.

Rev. F. B. Stratton, Demorestville, writes: I have found your remedies particularly beneficial for Liver Complaint, Dyspepsia and Bronchial Affections, and would advise all similarly affected to give them a trial.

Mrs. A. D. Pierce, Waverly, N. Y., says: It affords me much pleasure to express my heartfelt gratitude for the benefit I have received from using the Great Shoshonees Remedy. I was sorely afflicted with dyspepsia and Disease of the Lungs. After having used six bottles, I have become hearty and well. I never knew a medicine to have such wonderful effects. I cannot speak too highly of its merits.

John Finlayson, Athol, says: When travelling one of my feet got sore and broke out. I could not cure it and had to return home. It became better, and afterwards much worse. I finally purchased a bottle of the Remedy and a box of Pills, and before they were half gone I commenced to improve, and before they were finished my foot was completely cured. It is now seventeen months since, but have had no further attack. Price of the Remedy in pint bottles, $1; Pills, 25 cents a box. Sold by all medicine dealers.

CONSUMPTION.

Extract from a letter from C. H. S. Cronkite, Esq.:—

CANTERBURY STATION, York Co., N. B., Oct. 19, 1876.

MR. J. H. ROBINSON,—

Dear Sir: "In reply to your letter of enquiry, I would say that your 'Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime,' is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt like a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable, in the summer, to walk any distance without much fatigue. I can now take my gun and travel all day, and feel first-rate at night, and eat as much as any lumberman. Have not bled any since I took your preparation, and can now inflate my lungs without feeling any soreness, and I think I can inflate them up to full measurement, same as before I was sick. I have also gained in flesh; my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement, which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly
(Signed) C. H. CRONKITE.

We, the undersigned, hereby consent to have our names published as witness to the effects of "Robinson's Phosphorized Emulsion" on the person of Mr. Cronkite, and do assert that the foregoing statement is correct in every particular.

(Signed) ALEXANDER BENNETT, J. P.,
WILLIAM MAIN,
REV. THOMAS MARTIN.

Robinson's Phosphorized Emulsion of Cod Liver Oil, with Lacto-Phosphates of Lime, is for sale at the Drug Stores.

Acknowledgements for Religious Intelligencer, Nov. 16.

IMPROVED LAMBS' WOOL LUNG PROTECTORS.

A GOOD PROTECTOR for the Lungs is highly recommended by the Medical Profession, and in many instances are indispensable at this time of year.

This Protector, being made from the finest lambs' wool, absorbs the moisture, and, being porous, it allows it to evaporate, while those made from other materials when once moistened become stiff and irritate.

Call and examine our stock, which is very complete.

T. B. BARKER & SONS,
nov 16 35 King street.

ASH SIFTERS, ETC.

THE RIVAL ASH SIFTER will sift your ashes the quickest and make be a dirt cleaner than any other sifter.
