WHOLESALE DRY GOODS WAREHOUSEMEN. Canterbury Street.

Persons suffering from this distressing malady will find Hance's Epileptic Pills to be the only remedy ever discovered for curing it. The following certificate should be read by all the lowing certificate should be read by all the afflicted; it is in every respect true.

A MOST REMAR KABLE CURE.

Tonganoxie, Leavenworth Co., Kan., April 2, 1876.

SETH S. HANCE.—Dear Sir:—The Epileptic Pills that I received from you last September have accomplished all that you recommended them to do. My son is hearty, stout, and robust; he is as hearty as any child in Kansas—indeed he is in the manner a new boy, being red and rosy. Before he commenced taking your Pills he was a very pale and delicate looking child, and had Epileptic Fits for about four years, and seeing your Pills advertised in the Christian Instructor, I sent to you and got two boxes of them, and he has not had a fit since he commenced taking them; he has been exposed to all changes of weather in going to school and on the farm, and he has not had a Fit nor a sympton of one since he commenced taking your Pills. He learns well at school, and his mind is clear and quick. I feel that you are not sufficiently paid for the service and benefit you have been to us in restoring our child to health. I will cheerfully recommend your Pills to every one I hear of that is afflicted with Epilepsy. Please send me some of your circulars, so that I can send them to any that I hear of that is afflicted in that way.

Respectfully, etc., LEWIS THORNBRUGH.

Sent to any part of the country by mail, free of postage, on receipt of a remittance. Price, one box, \$3: two, \$5: twelve, \$27. Address SETH & HANCE, 108 Baltimore St., Baltimore, Md.

Please mention where you saw this advertisement.

T. B. BARKER & SONS.

FLOUR.

To whom IT MAY CONCERN.

To the Harbour Master, Harbour Inspector, Pilots, at the Port of Saint John, New Brunswick;—
The Department of Public Works of Canada being about to commence the construction of a Deep Water Terminus for the Intercolonial Railway at the Ballast Wharf (so called) in the City of Saint John, will from this date have the Dredges "St. Lawrence," "Canada," and "New Dominion," with their lighters, or scows, engaged in performing the dredging required; and, until further notice, the said Dredges will have a number of anchors for mooring purposes deposited on the Flats to the northward of the Ballast Wharf, and in the Channel to the West and South-west of the same; all of which when put down will be buoyed.

All Masters of Steamers are cautioned to keep clear of said Buoys and lines, so as to prevent their being taken. Star, &c. 3,000 bbls. Conmeal.
