

To persons living at a distance from medical aid,
Dr. Wilson's Pulmonary Cherry Balsam can be T AD

This image shows a vertical strip of a document page. On the left side, there is a dark, textured binding edge, likely made of cloth or leather, which appears worn and slightly irregular. To the right of the binding, the page itself is visible, appearing as a light, possibly off-white or cream-colored surface. The page is mostly blank, with some faint, indistinct markings or shadows that might be remnants of text or illustrations, but they are not legible. The overall appearance is that of an old, possibly damaged, book or manuscript.
