TO THE ELECTORS OF THE CITY OF ST.

A S you will shortly be called upon to select members to represent you for the next four years, I respectfully offer myself as a candidate for your suffrages. I assure you that I am fully sensible of the high honor that has been already done me, in selecting me as one of the representatives of this large and growing commercial city and I trust my conduct in the Legislature has been such as to justify you in giving me your support in the approaching contest. Should I be elected, I will endeavor by every means in my power, to show myself worthy of the honor of being one of your Representatives. I have the honor to remain,

Faithfully your obedient servant, ROBERT MARSHALL TO THE ELECTORS OF THE CITY OF

ST. JOHN. CENTLEMEN,—I respectfully offer myself as a candidate for the honor of representing you in the General Assembly of this Province. Should you favor me with a majority of your votes I all, without reasons and the Province generally.

TO THE ELECTORS OF THE CITY AND COUNTY OF ST. JOHN.

A T the approaching election of members to serve in the General Assembly of this province, I shall again be a candidate for your suffrages.

My views on matters within the sphere of the Local Legislature, and my votes and acts as your representative, are so well known that it is precedent for are so well known, that it is needless for me now to re-capitulate them. You are the best and the only con-stitutional judges of the way in which I have attended to the various matters entrusted to my care, as well as of the manner in which I have fulfilled the pledges made by me at the time of my election. If you are satisfied with my conduct in these respects, I trust I may receive from you, at the polls, a renewed expression of your confidence.

As between the Covernment and the Opposition in As between the Government and the Opposition, As between the Government and the Opposition, in what I may by anticipation, call the late House of Assembly, I felt that the best interests of the country and my pledges to you were alike involved in my hearty support of the Executive. Should I again be elected, I shall feel it my duty to assist the Government of the day in passing all good measures, while I shall deem it no less incumbent upon me to oppose all legislation which I may regard as adverse to the best interests of the constituency and of the country.

and of the country.

It is my belief that the independence, utility and in fluence of the Local Legislatures can be best maintained by excluding from the local sphere questions relating ex-clusively to Dominion politics. It would be with deep regret that I should see any other course forced upon this

The revenue of the Province, under good management, can be made sufficient to uphold the public credit and maints in the public services. It will be my aim, if elected, to endeavor to conserve our financial condition and to provide that the moneys appropriated for public works and other public services shall be so expended to do the greatest possible amount of good. In these expenditures, besides public works, properly so called, I include all monies granted for the laudable purpose of advancing the great interests of Agriculture and Manufactures, in so far as this can be done by Agricultural and Industrial Exhibitions and otherwise. xhibitions and otherwise.

While the debts and expenditures of cities and other municipalities, for whatever purpose contracted or made are primarily matters of only local concern, they neverthe

ess affect the general credit and interests of the country. I therefore regard it as one of the most important duties legislators to scrutinize very carefully all measures rought before them, imposing increased burdens upon the ax-payers, and to sanction only such as are absolutely sary in the public interest.

I have the honor to be, Gentleman, WILLIAM ELDER.

St. John, May 10, 1878. TO THE ELECTORS OF YORK COUNTY GENTLEMEN :-

THE time is approaching when you will again be called upon to select a fit and proper person to represent you in the Dominion Parliament.

My card would not have appeared at this early day had not my attention been called to a paragraph which recently appeared in one of the papers to the effect that I would not again be a candidate, there was no authority for such a statement. I will again be a candidate for the seat in Parliament, which I now have the honor to occupy; and will be prepared to answer to you for my cupy; and will be prepared to answer to you for my political conduct. My highest ambition has been to advance the interest of this whole Dominion, and the County of York in particular, and I feel satisfied that there is nothing in my course as your representative which should deprive me of the confidence I have enjoyed so
