To Consumptives.—The production of a remedy that may truly be said to alter the prospects of the Consumptive as to give hope of cure in not a few cases, and of much prolonging of life in by far the greater number"-" the only remedy worthy of the name, which, if carefully and faithfully used may arrest and cure the disease, and is pretty sure to relard it and prolong life more than any other known remedy," is a great desideratum. Yet this desideratum is fully met in Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime, which is universally acknowledged wherever introduced, to be the best preparation of Cod Liver Oil extant, and which, if "carefully, faithfully" and persistently used, will rarely fail to produce marked beneficial results. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John N. B., and for sale by

Invalids, do you wish to gather flesh, to acquire n appetite, to enjoy a regular habit of body, to tain refreshing sleep, to feel and know that every bre and tissue of your system is being braced and renovated? If so, commence at once, and use the Quinine Wine prepared by Northrop & Lyman of oronto, and in a short time you will feel the whole system invigorated and strengthened. It is a well known fact that Quinine has been ac knowledged by the medical faculty for many years as the best appetizer and tonic known. And for the whole system. The properties of Quinine are a febrifuge tonic and antiperiodic. Small doses, frequently repeated, strengthen the pulse, increase nuscular force, and invigorate the tone of the neryous system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation, and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty as it strengthens the stomach and digestive organs. and seldom require more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by H. R. STEVENS, ---- BOSTON, MASS. Northrop & Lyman, Toronto," and we are sure you will be satisfied that you have full value for your

An Excellent Medicine.

Springfield, O., Feb. 28, 1877.
This is to certify that I have used Vegetine, manufactured by H. R. Stevens, Boston, Mass., for Rheumatism good success. I recommend VEGETINE as an excellent nedicine for such complaints.

Yours very truly, C. W. VANDEGRIFT. Mr. Vandegrift, of the firm of Vandegrift & Huffman is a well-known business man in this place, having one of the largest stores in Springfield, O.

> Our Minister's Wife. Louisville, Ky., Feb. 16, 1877.

Dear Sir, - Three years ago I was suffering terribly with Inflammatory Rheumatism. Our minister's wife advised me to take Vegetine. After taking one bottle I was entirely relieved. This year, feeling a return of the disease, I again commenced taking it, and am being of this city. He wishes to know whether the disease was prevalent here because, owing to the ex-

t At the time I was suffering from general debility and pervous prostration, superinduced by over work and rregular habits. Its wonderful strengthening and arative properties seemed to affect my debilitated em from the first dose; and under its persistent use rapidly recovered, gaining more than usual health and good feeling. Since then I have not hesitated to give know it will prevent diphtheria and that it will cure VEGETINE my most unqualified indorsement as being

VEGETINE.

The following letter from Rev. G. W. Mansfield formerly paster of the Methodist Episcopal Church, Hyde Park, and at present settled in Lowell, must convince every one who reads his letter of the wonder's curative qualities of Vegetine as a thorough cleanser and purifier of the blood.

HYDE PARK, MASS., Feb. 15, 1876. MR. H. R. STEVENS, Dear Sir, -About ten years ago my health failed through the depleting effects of dyspepsia; nearly a year later I was attacked by typhoid fever in its worst form. It settled in my back, and took the form of a large deep-seated abscess, which was fifteen months in gathering. I had two surgical operations by the best skill in the State, but received no permanent cure. I suffered great pain

t times, and was-constantly weakened by a profuse disharge. I also lost small pieces of bone at differen Matters ran on thus about seven years, till May, 1874 when a friend recommended me to go to your office, and talk with you of the virtue of Vegetine. I did so, and by your kindness passed through your manufactory, noting the ingredients, &c., by which your remedy is

By what I saw and heard I gained some confidence in I commenced taking it soon after, but felt worse from its effects; still I persevered, and soon felt it was benefit-ing me in other respects. Yet I did not see the results I desired till I had taken it faithfully for a little more than a year, when the difficulty in the back was cured; and for nine months I have enjoyed the best of health.

I have in that time gained twenty-five pounds of flesh, being heavier than ever before in my life, and I was never nore able to perform labor than now. During the past few weeks I had a scrofulous swelling as large as my fist gather on another part of my body.

I took Vegetine faithfully, and it removed it level with the surface in a month. I think I should have been ured of my main trouble sooner if I had taken larger loses, after having become accustomed to its effects. Let your patrons troubled with scrofula or kidney dis ease understand that it takes time to cure chronic dis eases; and, if they will patiently take Vegetine, it will

in my judgment, cure them.
With great obligations I am Yours very truly, G. W. MANSFIELD, Pastor of the Methodist Episcopal Church.
