The Salvation Army in Great Britain is said to include, according to a recent statement, 120 corps, with 180 officers and 3,256 speakers. They have 50,000; and besides these, about 40,000 open-air meetings are annually held, the aggregate of the audiences at these meetings being estimated at about 2,000,000 persons. The iucome of the "Army" is reported to be about \$100,000.

There is a general campaign against rats in portions of India, if we may judge from a paragraph in a Lahore paper to the effect that over fifteen thousand of the vermin were killed and paid for in two days in the Deharwar districts. When paid for, their tails were cremated. This method the paper in question thinks a better means of disposing of the tails than burying them, as has been done in Sholapur. The latter method is considered by no means a safe one, and it is thought may be an unprofitable one also. The inference is that they may be disinterred and payment obtained for them again-a sort of "telegraphing," to use an electioneering phrase, which could not be allowed. Rats must have invaded India in numbers innumerable when such means have to be resorted to for their destruction.

required to complete the century.

An English soldier has named his infant boy Cetywayo. Poor boy. The father might well be taken in hand by the S. F. T. P. O. C. T. C., it there is such a long named institution in England.

THE NEWS AND THE PRESS.

SAINT JOHN, N. B., NOVEMBER 7, 1879.

A GREAT STORM.—The storm of last week was the most destructive known for many years. The Globes account says that while in the city no injury of any importance was done to the shipping or the wharves, other places do not appear to have been so fortunate. At Point du Chene the gale raged furiously. The tide rose very high, covering the floor in the Railway warehouse to the depth of nine inches, damaging and carrying away the track and a large down, and much injury done to the new breakwater. which was completely submerged. The shipping, however, escaped. The Station officials had to leave the office in a boat. At Richibucto, writes a correspondent, the wind blew a hurricane, and the tide rose to an unusual height, destroying several wharves, and damaging all more or less. Travelcut off north and south. The bridges at Buctouche, Cocagne, Kingston, Northwest Richibucto and St. the coast. Outside of Charlottetown the storm did 300 barrels of mackerel, went ashore at Rustico, P. E. I., during the gale and will be a total loss. The schr. Henry M. Clarke, also of Gloucester, ran ashore at Tignish, wrecking her completely. She had a cargo of potatoes. In Halifax the storm was the heaviest ever experinced for many years, but fortunately very little damage resulted from it. At Antigonish, the schooners, Heather, E. W. R. and Elizabeth Ann, ran ashore and were wrecked, and a host of other minor accidents occurred. At Cape Jack, near Port Hawkesbury, a house was blown down and an old woman killed. In the Strait of Canso much damage was done to property. Schr. Freedom ran ashore at Port Hastings, and several other schooners were damaged in the vicinity. Schr. Mary Alice, of Barrington, N. S., ran ashore at Port Mulgrave, and some small vessels were also liberated by the use of this Balsam, which relieves, out it. I have tried it on my horses in cases of most wonderful facility, the heavy expectantion aground at Cariboo Cove. In the western part of with wonderful facility, the heavy expectoration cuts, wounds, etc., and think it equally as good for Nova Scotia very little damage took place.

Later reports from all along the New Brunswick Coast, the coast of Nova Scotia and from Prince Edward Island tell more of the ravages of the storm. The vessels cast away are numbered by hundreds, and the value of property destroyed can-

VEGETINE.

WILL CURE RHEUMATISM MR. ALBERT CROOKER, the well-known drugg and apothecary, of Springvale, Me., always advises even one troubled with Rheumatism, to try VEGETINE.

Read his Statement. SPRINGVALE, ME., Oct. 12, 1876.

Dear Sir, Ffteen years ago last fall I was taken sic with rheumatism, was unable to move until next April From that time until three years ago this fall I suffered everything with rheumatism. Sometimes there would be weeks at a time that I could not move one step; these attacks were quite often. I suffered everything that a nan could. Over three years ago last spring I commen-ed to take Vegetine and followed it up until I had taken ven bottles; have had no rheumatism since that time. always advise every one that is troubled with rheums ism to try Vegetine, and not suffer for years as I have one. This statement is gratuitous as far as Mr. Steven is concerned. Yours, etc.

ALBERT CROOKER,

Firm of A. Crooker & Co., Druggists and Apothecaries

Vegetine. HAS ENTIRELY CURED ME.

BOSTON, Oct., 1870. Dear Sir, -My daughter, after having a severe attack Whooping Cough, was left in a feeble state of health, seing advised by a friend she tried the Vegetine, and ter using a few bottles was fully restored to health. I have been a great sufferer from Rheumatism. I have iken several bottles of the Vegetine for this complain and am happy to say it has entirely cured me. I have mmended the VEGETINE to others with the same good results. It is a great cleanser and purifier of the blood it is pleasant to take and I can cheerfully recommend it JAMES MORSE, 364 Athens Street.

RHEUMATISM IS A DISEASE OF THE BLOOD The blood in this disease is found to contain an excess of fibrin. Vegetine acts by converting the blood from its diseased condition to a healthy circulation. Vegetini gulates the bowels which is very important in this com aint. One bottle of VEGETINE will give relief, but to effect a permanent cure it must be taken regularly, an any take several bottles, especially in cases of long standing. Vegetine is sold by all druggists. Try it, and your verdict will be the same as that of thousands before you, who say, "I never found so much relief as from the use of Vegetine," which is composed exclusively of Barks, Roots, and Herbs.

"VEGETINE," says a Boston physician, "has no equa as a blood purifier. Hearing of its many wonderful cures after all other remedies bad failed; I visited the laboratory and convinced myself of its genuine merit. It is prepared from barks, roots and herbs, each of which s highly effective, and they are compounded in such a manner as to produce astonishing results."

Vegetine. NOTHING EQUAL TO IT.

South Salem, Mass., Nev. 14, 1876. Acknowledgments for Religious Intelligencer, Nov. 7th

Dear Sir,—I have been troubled with Scrofula, Canker, and Liver Complaint for three years; nothing ever did me any good until I commenced using the Vegetine. I am now getting along first-rate, and still using Vegetine. I consider there is nothing equal to it for such complaints. Can heartily recommend it to everybody. Yours truly,
MRS. LIZZIE M. PACKARD,

SEALED TENDERS addressed to the undersigned and endorsed "Tender for the Welland Canal," will be received at this office until the arrival of the Eastern and Western mails on FRIDAY, the 14th DAY OF NOVEMBER next, for the deepening and completion of that part of the Welland Canal, between Ramey's Bend and Port Colborne, known as Sections Nos. 33 and 34, embracing the greater part of what is called the "Rock

Plans showing the position of the work, and specifications for what remains to be done, can be seen at this office and at the Resident Engineer's office, Welland, on and after TUESDAY, the 4th DAY OF NOVEMBER next, where printed forms of Tender can be obtained. Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms. And in the case of firms, excep recently shot at a negro, but killed his grandchild and wounded another child. The grand jury failed to indict him.

Elder Taylor; text, Phil. 1st Chap., last part of 23rd there are attached the actual signatures, the nature of the occupation and place of residence of each member of the same; and further, an accepted Bank chapter for the the same; and further, an accepted Bank cheque for the sum of three thousand dollars for Section No. 33, and one for four thousand dollars for Section No. 34 must accompany the respective Tenders, which sum shall be forfeited if the party tendering declines entering into contract for the work, at the rates stated in the offer submitted. The cheque or money thus sent in will be returned to the respective Contractors whose Tenders are not ac-

For the due fulfillment of the contract, satisfactory security will be required by the deposit of money to the amount of five per cent. on the bulk sum of the contract of which the sum sent in with the Tender will be considered a part.

Ninety per cent. only of the progress estimates will 1 paid until the completion of the work. To each Tender must be attached the actual signature of two responsible and solvent persons, residents of the Dominion, willing to become sureties for the carrying out of these conditions as well as the due performance of the works embraced in the Contract. This Department does not, however, bind itself to ac cept the lowest or any tender.

F. BRAUN. DEPARTMENT OF RAILWAYS AND CANALS, OTTAWA, 25th October, 1879 CANADIAN PACIFIC RAILWAY

TENDERS FOR WORK IN BRITISH COLUMBIA CEALED TENDERS, addressed to the undersigne and endorsed "Tenders Pacific Railway," will be received at this office up to noon on MONDAY, the 17th day of NOVEMBER next, for certain works of construction to be required executed on the line from near Yale to Lake Kamlopps, in the following section

Emory's Bar to Boston Bar,. Boston Bar to Lytton29 miles Lytton to Juncton Flat. unction Flat to Savona's Ferry.. Specifications, bills of quantities, conditions of cor e obtained on application at the Pacific Railway office in New Westminster, British Columbia, and at the office of the Engineer-in-Chief, at Ottawa. Plans and profiles will be open for inspection at the latter office. No tender will be entertained unless on one of the print d forms and all the conditions are complied with. By Order, F. BRAUN.

Department of Railways and Canals, Ottawa, October 3rd, 1879.

Secretary.
