To CONSUMPTIVES .- The production of a remedy that may truly be said to alter the prospects o the Consumptive as to give hope of cure in not a few cases, and of much prolonging of life in by far the greater number"—" the only remedy worthy of the name, which, if carefully and faithfully used may arrest and cure the disease, and is pretty sure o retard it and prolong life more than any other known remedy," is a great desideratum. Yet the esideratum is fully met in Robinson's Phosphorized mulsion of Cod Liver Oil with Lacto-Phosphate of Lime, which is universally acknowledged wherever introduced, to be the best preparation of Cod Liver Oil extant, and which, if "carefully, faithfully" and persistently used, will rarely fail to produce marked beneficial results.
