# May 30, 1879.

The cost of the army in British India, even in time of peace, is \$85,000,000 a year, or 45 per cent. of the entire revenue. The building and furnishing of a country house for the Governor of Bombay cost \$875,000.

creditable C. Freeze, e, were remiles ; and decrease in construction, 234 miles. however,

The material is said to mix well with oil, and not ground, a distance of about 30 feet. He was picked small quantity of silver and traces of gold.

A company of ladies in Washington, D. C., has set its sisters throughout the country a good example by forming a "Do Without Club," whose mem- and a gold watch and chain. Swan was pretty bers try, by making over their last year's garments. to save money enough to help some poor family. It is a good example to imitate.

A young man and woman were married in Bucksport, recently. It turned out afterward that the term of office of the justice who performed the ceremony, had expired. The groom then proposed to the bride to be re-married, but she protested she had had enough of double blessedness, and left him mournful. The Boston Young Men's Christian Union will re-
