December 5,-1879.

THE RELIGIOUS INTELLIGENCER.

whatever, either public or private. It is not won- sects, predict a mild winter. They say that the derful that the statistics of crime in that State should present such a fearful record.

What could be more intensely American than the to go out for five centuries, quickly stepped up to it and blew it out, with the remark. "Well, I have studied the habits of the bee say they never rather guess it's out now.'

There is quite a colony of Mormons at Monassa, Colorado, numbering about 400, mostly from the Southern States. Another party of 120 have recently gone from the same section to join the colony. The colonists get their land from the State of Colorado at low prices, and conform to the law of the State which prohibits polygamy.

A colored lawyer was last week admitted to practice in the Court of Appeals of Virginia. He is the first colored man who has ever enjoyed the privilege in that State. Curiously enough the motion for his admission was made by the son of ex-Governor Wise, the flaming secessionist of other days.

A child's hair turned from dark auburn to snow white in Olean, N. Y. A few weeks ago, the little girl, who is nine years old, saw two or three drunken men in the street and was terribly frightened. She cried for three hours, and her paroxysms of grief were uncontrollable. Soon afterward Herbert C. and Stanley, executors. Mr Lawton her hair began to turn gray, and now it is white.

Large pickled herring scarce. heard from. This is a good increase over that of any previous year.

Mr. Gladstone has had eight children, seven of whom are living. His eldest son is a member of Parliament, his second son is rector of Hawarden, his daughter is married to the Head Master of Wellington College. Mr. Gladstone was about thirty years old when he married the daughter of Sir Stephen Glynne.

AN ORIENTAL JOURNAL.-We are happy to announce that a Journal of Oriental and Biblical Archeology is to be established by the editor of the American Antiquarian at Chicago, Ill. The design is to condense into it results of the latest researches Syria, Assyria, India and other countries farther East. It will also contain brief but reliable accounts of the latest discoveries in Italy, Greece, them Rev. Selah Merrill, D. D.; Rev. Howard Crosby, D. D.; Rev. James Strong, D. D., of Drew Seminary, New Jersey ; Rev. J.O. Payne, receipts in St. John in November amounted to where this dreadful disease is ever more or less pre-

To Sunday Schools.

The Scholars' Quarterly was started in 1876 as a 32 page book. It is now a 46 page book, containing, besides the lesson matter, a colored map, beautiful pictures and appropriate music. It is used in schools of all denominations, throughout the United States and Canada, and a special edition is published each quarter in London, for use in Great Britain. For 1880 it will be greatly improved, and its price reduced.

THE REDUCED PRICE will certainly enable any school to use it. Could there be a better time to begin than at the opening of the new year? It will be sent by mail, without cost of postage to subscribers, at the following rates: Single copy one year (four numbers), 20 cents; 100 copies, one year, 20 dollars; single copies (one quarter), 5 cents each; 200 copies or over to one address, for one school, 18 dollars per hundred, a year; 400 copies or over to one address, for one school, 16 dollars per hundred, a year. Subscriptions are taken for three or six months at the yearly rate. Send five cents for a specimen. Send also for a specimen of the Weekly Lesson Leaf if something cheap and good is wanted.

These publications are issued from the office of The Sunday School Times. Address.

JOHN D. WATTLES, Publisher, 725 Chestnut St., Philadelphia, Pa: Keep this for reference.

INTERNATIONAL STEAMSHIP CO.'Y

The only MACHINE which received the FIRST PRIZE, A GOLD MEDAL, at the last World's Fair at Paris in 1878.

The only MACHINE which received TWO DIPLO-MAS of HONOR and TWO MEDALS of MERIT, at the Centennial Exhibition, at Philadelphia in 1876.

1,300,000 IN USE.

And the only MACHINE which ever received FIRST PRIZE at any World's Fair ever held, at which Sewing Machines competed.

HAVE BEEN GREATLY REDUCED IN PRICE, so that for CASH, notwithstanding the increase of Tariff, one can be obtained at about the same price as the ordinary Cheap Machines usually sell for on time.

The principle qualities which recommend them over the Common Machines in use, are-

They make the same "LOCK STITCH " as Shuttle Machines, but use simply a Metal Speel for the under thread, thus doing away with the trouble and delay of threading the Shuttle

All parts of the Machine are made so perfectly "trug fitting," that any piece can be duplicated and put in place by an ordinary mechanic, or experienced lady operator, without the aid of a regular Sewing Machine

All parts, which require to be, are made of the Finest Quality of Steel, while even the Castings are of such Superior Quality that they defy comparison.

THEY RUN LIGHTER, AND MAKE LESS NOISE, AND ARE MORE SIMPLE TO LEARN THAN ANY OTHER MACHINE

But most important of all they make THE MOST PERFECT STITCH obtainable with a Lock Stitch Machine, as a comparison with the Stitch of any Shuttle Machine will easily prove.

MACHINES sold on Monthly Payments, Notes and at LOW PRICES FOR CASH.

All Orders addressed to our Principle Office for New Brunswick, No. 80 King Street, will be promptly at-

Instruction Books accompany each Machine.
