THE INDEPENDENT appeals to cultivated men and women. It discusses current questions of religion, philosophy, and politics. It is wide-awake. It is not afraid It sets people to thinking. It welcomes fresh truth. I has numerous departments. It publishes more religious discussions than the religious reviews, more poetry and stories than the popular monthlies, and gives more infor mation than an annual cyclopædia. It has a larger corps of the most famous writers than any other journal of any sort in the country. It makes strong friends of those who read it. TRY IT FOR NEXT YEAR. We have purchased the newspaper copyright of the Boston Monday Lectures for 1879—1880, to be delivered as heretofore, by the Rev. JOSEPH COOK, beginning

Nov. 3d, and the same will be given verbatim to the reac ers of THE INDEPENDENT weekly, together with the Pre ludes, after revision by the author SERMONS BY EMINENT CLERGYMAN all parts of the country will continue to be printed. PREMIUMS. We have decided to withdraw on the 31st day of

A Oweeping Reduction!

The reduction here announced in the price of The Sunday School Times puts that paper within the reach of every Sunday-school in the land. It now becomes, unquestionably, the cheapest weekly paper of its size and character in the United States. It gives 832 large pages (11x16 inches) of reading matter a year, or over eight pages for a cent at its lowest club rate. It costs less than two cents a week for each member of a club of twenty or more persons. Schools that have been taking other publications because the club rates of The Sunday School Times were higher than they could afford, will not be slow to appreciate these new prices. The lowest rate heretofore for a club of less than thirty copies has been \$1.90 for each paper. New the price for twenty copies, or over, is \$1.00 for each paper. The reduction is a bold one, and even the present large circulation does not warrant it, but the change is desirable for the due extension of its field, and the necessary increased circulation is sure to come. Lower prices do not mean a poorer paper, or less of it,-on the contrary, it is purposed to make the paper better than ever before in all of its

departments. Here are the New Rates .- From one to four copies, \$2 each. From five to nine copies, in a package to one address, \$1.50 each. From ten to nineteen copies, in a package to one address, \$1.25 each. Twenty copies or more in a package to one address, \$1.00 each. These prices include postage, which is prepaid by the publisher. Subscriptions will be taken for any portion of a year at yearly rates. While the papers for a club must be sent in a package to one address, the publisher desires to have for reference the names of all the subscribers. He, therefore, requires that each club subscription be accompanied with a list of the names and addresses of the persons who are to use the paper.

Superintendents will remember that they can try the paper in their schools for a portion of a year at the yearly rate. Twenty teachers can be supplied for three months for five dollars. Why not begin now?

Any reader of this advertisement, who has never been a subscriber to The Sunday School Times, can receive it on trial every week for three months for twenty-five cents. Send also for a free specimen of The Scholars' Quarterly, a fortyfour-page scholars' lesson help, containing a colored map, beautiful illustrative pictures, and a great variety of valuable lesson matter. Address,
