BOSTON POLICE OFFICER

Dear Sir,-From exposure I took sick about ninyears ago with Rheumatic Fever, from which I suf fered about four months. When I recovered from the fever I found myself suffering with pain in my ON and after THURSDAY, March 6th, and until further notice, the Steamer CITY OF PORTLAND, S. growing worse. Then one physician after another was employed, until seven of the best physicians of Boston had taken my case in hand.

On consultation between several of the leading nysicians, they concluded my complaint was asthma nd general debility. I had great difficulty in reathing, and an inhaler was required to afford me preath. Through the treatment of one physician I ook from 75 to 100 boxes of calomel pills, and ithfully tried all the medicine that each physician prescribed. From my long sickness, and the vast nount of medicine used to overcome the great ain, my kidneys became badly affected, and I suffered excruciating pain in the small of my back,

with great difficulty in passing my urine.

One physician said I was diseased all through my stem, and he regretted that he could give me no pe for health. My suffering from indigestion was great that it was impossible to keep any solid od on my stomach, and the whole nature of my ood was broth from oatmeal. I also took a prescription from a celebrated Engsh physician, whe said my trouble was Bronchitis

I kept on improving, and kept on using the VEGETINE, until I cured by Johnson's Anodyne Liniment.
