

The World's Favorite!

A black and white photograph of a vintage treadle sewing machine. The machine is mounted on a sturdy, ornate cast-iron stand. It features a large hand-crank wheel on the right side and a flat iron table for sewing. The machine itself is positioned on the table, with its needle and foot visible. The overall design is classic and functional, typical of late 19th or early 20th-century domestic sewing machines.

SEWING MACHINES.
1,300,000 IN USE.

The only MACHINE which received the FIRST

PRIZE, A GOLD MEDAL, at the last World's Fair at Paris in 1878.

The only MACHINE which received TWO DIPLOMAS of HONOR and TWO MEDALS of MERIT, at the Centennial Exhibition, at Philadelphia in 1876.

And the only MACHINE which ever received FIRST PRIZES at any World's Fair ever held, at which Sewing Machines competed.

THESE JUSTLY CELEBRATED

Sewing Machines

Sewing Machines

HAVE BEEN GREATLY REDUCED IN PRICE, so that for CASH, notwithstanding the increase of Tariff, one can be obtained at about the same price as the ordinary Cheap Machines usually sell for on time.

The principle qualities which recommend them over the Common Made machines in use are—

They make the same "LOCK STITCH" as Suttie's Machines, but use simply a Metal Speed for the upper thread, thus doing away with the trouble and delay of reeling the Shuttle.

All parts of the Machine are made so perfectly "true fitting," that any one can use one.

place by an ordinary mechanic, or experienced lady operator, without the aid of a raggar Sewing Machine Keyer.

All parts, which we refer to, be, are made of the Finest Quality of Steel, with the even the C-stitch are of such Superior Quality that they defy comparison.

THEY RUN LIGHTER, AND MAKE LESS NOISE, AND ARE MORE SIMPLE TO LEARN THAN ANY OTHER MACHINE.

But most important of all they make THE MOST PERFECT STITCH obtainable with a Lock Stitch Machine, as a comparison with the Stitches of any Shuttle Machine, will easily prove.
