Vegetine

Good for the Aged. WILL YOU READ THIS? CLIFTON, ONT., Jan. 16, 1881.

H. R. STEVENS: Dear Sir-I advise you of the good results of your VEGE TINE. My wife's father, now nearly eighty-five years old, was attacked with Erysipelas in its worst form. His head and face was swollen so that he was blind, and one of his limbs were hadly swollen and discolored, and broke out in several places and discharged. His physician said there was no remedy that could cure him, as he was such an old man. To gratify a son-in-law, he was persuaded to take your VEGETINE. Seven bottles cured him and he is now a healthy old man.

Last spring I was troubled with a disordered stomach.

with a sallow skin, want of appetite, cold extremities and headache. Satisfied that this condition of things arose from poverty of the blood, I took two bottles of Vegetine: it cured me, and I am satisfied it is the best tonic and blood purifier in the market, and am only two happy to make known these facts to the world. A. MENSIE. Vegetine
