TORONTO, April 3, 1880. 5 Bear Street.

Sir—I have much pleasure in bearing testimony to the fficacy of your invaluable family medicine, VEGETINE. For three years I was a great sufferer from Chronic Rheumatism and Derangement of the Kidneys, and, after testing innumerable so-called remedies, in the Spring of last year, I was recommended to give the VEGETINE a rial and to persevere in using it for some time. I did so, and in the course of three months, found that a per-fect cure had been effected, and I am now, thank God a the full enjoyment of the best of health. I consider in the most effective remedy for the distressing complaint just mentioned, and for *Indigestion*, *Biliousness* and *Liver Disease*. It is very pleasant to take, vitalizing and invigorating. I can most confidently recommend it, knowing the great benefits I have derived from its use, and consider I cannot overstate its great and important value to those similarly afflicted as I have been. Yours faithfully, H. COLE,

THE above cut represents the file hanging for the reception of letters, and also closed. "Inside No. 5" is the index removed from the file and tied up.
This file has been only a short time in the market, but has made its way SIMPLY ON ITS MERITS, with surprising rapidity, and is acknowledged to be the most onvenient, useful and satisfactory file made. THE WORKING EXPENSES OF THIS SYSTEM OF FILING ARE ONLY HALF OF THAT OF ANY OTHER, as no filing case or box is required in which to put the index after it is filed and removed from the filing case. THE INDEX ITSELF IS A PERFECT FILE, HOLDING THE LETTERS SECURELY. The case for holding the indexes will last for years, and when once obtained the only expense is for indexes.
