of the sugar of commerce is adulterated with starch glucose, or chloride of tin. The presence of either of these substances may readily be detected as follows: Put a pinch of pure sugar in the mouth.

After this sugar has dissolved, and while the sweet library."—Christian Intelligencer, New York City.

'Advocates of cheap literature of the standard taste is strongly preceived, put a pinch of the suspected sugar in the mouth, and if adulterated it will be found to yield a distinctly bitter taste.

The final settlement of the long standing dispute England over the right of Dissenters to bury heir dead in the parish churchyards according to he forms of their particular churches, has been aleady virtually accomplished by the present Government. The liberty long craved has been coneded or will be shortly-a measure for that end naving already been introduced into Parliament under Government auspices.

A Missionary Whip .- Mr. Andrew Chermside, recent traveller in Central Africa, has placed in the hands of Dr. Cameron, M. P., a whip, with which he states that the missionaries at a mission station established near Lake Nyassa are in the habit of flogging their refractory converts. The whip consists of several very thick thongs, and is a more formidable weapon of punishment than the Navy cat which was exhibited at the House of Commons last year. The subject is likely to undergo
