A PRACTICING MEDICAL DOCTOR

Serious Liver Trouble Lower Granville, April 1873.

MY DEAR FRIEND :- I have always, until of late, bee a bitter enemy to all patent occult preparations in the shape of medicines for the sick. But in consequence of an unlucky fall from the deck of a schooner bound for Boston, I fell down into the cabin, by which, displacing two of the short ribs on the right side, the liver was so seriously injured that for twenty-four hours death was expected every moment. In a few days a bloat was dis covered in the ankles, pervading in a short time all the body. I used every medicine that medical art could devise, not excepting a thorough course of mercury, if order that the liver might be brought once more to per form its proper functions, but did not succeed until I had taken a jug full of your LIFE OF MAN BITTERS which you kindly sent me. After I had taken a few draughts I began to improve. I was always fond of Bitters, when scientifically prepared, and this induced me, although an unbeliever, to partake of liberal drughts in the morning at 11 o'clock, and 4 P. M., of your Bitters, and before I thought, was cheated into a cure so far as was possible.

Was possible.

I am truly surprised that such a valuable and at the same time safe compound, should not meet with the liberal patronage that it, in my opinion, so justly merits. I am yours respectfully. WILLIAM KENNEDY, M. D. Sold throughout the Maritime Provinces. ta For sale by dealers generally.
