In regard to your favor of a few days ago, ould say : About one year ago a horse owne by me contracted a large Bone Spavin, for the sure of which I tried a number of the liniment and lotions advertised to cure the same, without any effect, and he became very lame. A friend mine recommended me to try FELLOWS'

LEEMING'S ESSENCE. I acted upon his advice, and now I am happy say the lameness has ceased and the Spavin appeared. I now consider him entirely red, and would cheerfully recommend FeL ws' LEEMING'S ESSENCE as the best remedy in e market for all the lameness that horses are Yours truly, Thomas F. FRY.

ANTI-BILIOUS PILLS

Purely Vegetable.

THESE PILLS are not offered to the public as a novelty or a universal panacea for "all the ills which flesh is heir to;" they have been nown to many who will be glad to learn that ne proprietor has made arrangements to con nue the manufacture on a scale equal to the creasing demand. The Pills are all made under his personal supervision, and can thereore be relied upon as being equal to those which ave given so much satisfaction to all who have sed them. The oft-repeated assertions that in ilious disorders and the various diseases of the liver, there is no remedy but by the use of Mercury, in Blue Pills or some other form, have been proved false by ample testimony from thos who have used these purely Vegetable Pills: I s true, however, to remedy a derangement c he bilious secretion you must have something o act directly and powerfully at times upon the iver; but it is not true that Mercury is the nly agent capable of producing this specificatio he simple combination of Vegetable principle pon the Liver as Calomel, and will correct the gement of that organ just as surely, without the risk of any unpleasant or injurious conquences; at the same time they have an alterive and tonic effect, which is the secret of their

reat superiority. The circumstances under which the formula or these Pills came into the possession of the roprietor, some years ago, were peculiar. and ced him to prepare from time to time such antities as would enable him to supply the vants of his friends; but owing to the astonish ng results produced by their use, the demand as increased so rapidly that he is compelled nufacture on a much larger scale than was ontemplated, and the unsought testimony from ious quarters of the great efficacy and un rmly gratifying results experienced, in cases bilious affections and other disorders arisin com derangement of the biliary organs, proves yond all doubt that these Pills are capable of fecting the most surprising cures on record and ought to be available by all who suffer i any way from derangement of the functions of

DIRECTIONS. When a cathartic is required, take three Pill at night and one in the morning; for many per ons two Pills will be sufficient for a dose. A in alterative, one Pill should be taken ever night until the desired effect is produced. None genuine except bearing the signature of

Ayer's Hair Vigor, FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.

turn the hair gray, and either now perfectly well, and I am perfectly satisfied that of them incline it to shed prematurely. AYER'S HAIR VIGOR, by long and extensive use, has proven that it stops the fallng of the hair immediately;

ioften renews the growth; and llways surely restores its color, when faded or gray. It timulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus brashy, weak or sickly hair becomes glossy, pliable and strength ned; lost hair regrows with lively expression; falling air is checked and stablished; thin hair thickens; and faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, heals all you claim for it, as the lameness is gone and the humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible. As a dressing for ladies' hair, the VIGOR is praised for its grateful and agreeable perfume, and valued for the oft lustre and richness of tone it imparts.

GATES LIFE OF MAN BITTERS. TONEY RIVER, N. S., Nov. 15, 1877. C. GATES & Co.: Gentlemen, Some time last winter one of my children a little boy about eighteen months old—was badly frightened, and his health became seriously affected. One frightened, and his health became seriously affected. On the least alarm he used to go off in a kind of a fit, becoming motionless and black in the face, his heart at the same time palpitating in the most alarming manner. Each fit was worse than the preceding one, causing us to fear heart disease. Hearing of some of the numerous cures effected by your medicines in this and other localities, I procured from your agent, Mr. A. E. Gile, a bottle of your No. 2 Bitters, and before it was half gone I noticed a marked improvement in the child's health. A second bottle completed the cure. The little fellow is now perfectly well, and I am perfectly satisfied that
