A PRACTICING MEDICAL DOCTOR CURED OF A

Serious Liver Trouble Lower Granville, April 1873. My DEAR FRIEND :- I have always, until of late, been bitter enemy to all patent occult preparations in the hape of medicines for the sick. But in consequence of shape of medicines for the sick. But in consequence of an unlucky fall from the deck of a schooner bound for Boston, I fell down into the cabin, by which, displacing two of the short ribs on the right side, the liver was so

seriously injured that for twenty-four hours death was seriously injured that for twenty-four hours death was expected every moment. In a few days a bloat was discovered in the ankles, pervading in a short time all the body. I used every medicine that medical art could devise, not excepting a thorough coarse of mercury, in order that the liver might be brought once more to perform its proper functions, but did not succeed until I had taken a jug full of your LIFE OF MAN BITTERS which you kindly sent me. A set I had taken a for which you kindly sent me. A er I had taken a few draughts I began to improve. I was always ford of Bitters, when scientifically prepared, and this induced me, although an unbeliever, to partake of liberal draughts in the morning at 11 o'clock, and 4 P. M., of your Bitters, and before I thought, was cheated into a cure so far as was possible.

I am truly surprised that such a valuable and at the ame time safe compound, should not meet with the iberal patronage that it, in my opinion, so justly merits. I am yours respectfully, WILLIAM KENNEDY, M. D. Sold throughout the Maritime Provinces. For sale by dealers generally.
