THE RELIGIOUS INTELLICENCER

IN KINGS CO.

The Marchal & Smith Organ Co., have so per-fected the production of their 15 STOP ORGANS that they are able now to extend their low offer indefi-

nitely. Thousands of their \$60 Organs have been sold since they first offered them, and their production in such immense quantities has enabled the manufacturers to *perfect* and economize their production. The offer was originally intended to introduce, and call public attention to the best organ ever made at so low price. It would seem that what was oughly accomplish its purpose but also work greatly to the benefit of the projectors. The offer they make in our advertising columns is well worth the the responsibilities to themselves, they propose to cage coming, but in trying to escape he fell on the send their beautifully perfected instruments, com-bining power, compass, tone, variety and finish, at ribs and fracturing his skull. He died on Thursday the extremely low price of SIXTY DOLLARS. No better remedy in the whole materia-medica has yet been compounded for the relief and cure of Female Complaints, of the ordinary kind, than VEGETINE. It seems to act in these cases with unwonted certainty, and never fails to give a new and healthful tone to the female

organs, to remove relaxed debility and unhealthy secretions, and restore a healthy vigor and elasticity. One of the most common of these complaints is Luchorrhœa or Whites, which are brought on either by the presence of Scrofula in the system or some affection of the womb, or even by general debility. For all these complaints and when danger begins to threaten woman at the turn of life, Vegetine can be commended without qualification-The great prevalence of these disorders, and their cure by

Vegetine, has simply shown that the sure alleviating agent remains not yet to be discovered, but is already known, and is a favorite with American ladies. Too long has it been the custom to prescribe nauseating and uncertain remedies in place of what is pleasant, efficacious and cheap. Try Vegetine, and do not doubt itg power to carry you safely through danger and disease.

THE NEW YEAR ! NEW GOODS OUR FIRST IMPORTATIONS FOR 1881 DECEMBER 27TH, 1880.

Mr. Editor,-If Moneton's missing man, John Gibbon, went over the wharf at that place on New tion would have been taken. Colonel Dean and Year's night, he made St. John before morning, as he was seen in this town on Sunday, January 2nd. | fell close to the British line. From one who saw and spoke to him in Indiantown.

The writer of this letter ought to do more than this. He should inform the man's friends where he went, or at least he should come forward and avow his identity. We were told to-day by a resi-dent of Indiantown that Gibbon was in that place about the 1st or 2nd of January. How is it the that direction? The dangers of drink were fully exemplified Friday night in two instances, one occurring in the this.
