BY USING GATES' LIFE OF MAN BITTERS.

TONEY RIVER, N. S., Nov. 15, 1877. C. GATES & Co.:

Gentlemen,—Some time last winter one of my children—a little boy about eighteen months old—was badly frightened, and his health became seriously affected. On the least alarm he used to go off in a kind of a fit, becoming motionless and black in the face, his heart at the same time palpitating in the most alarming manner. Each fit was worse than the preceding one, causing us to fear heart disease. Hearing of some of the numerous cures effected by your medicines in this and other localities, I procured from your agent, Mr. A. E. Gile, a bottle of your No. 2 Bitters, and before it was half gone I noticed a marked improvement in the child's health. A second bottle completed the cure. The little fellow is second bottle completed the cure. The little fellow is now perfectly well, and I am perfectly satisfied that Gates' Life of Man Bitters saved his life. You are perfectly at liberty to publish this certificate if you wish to do so. With respect, yours truly,

WILLIAM MCMILLAN. I can vouch from personal knowledge for the truthfulness of the above certificate.
