GETSON'S POINT, N. S., Nov. 20th, 1881. MESSRS. C. GATES, SON & Co.:

Messes. C. Gates, Son & Co.:

Gentlemen,—I should have written to you before, but neglected to do so. I feel it my duty to send you the following information from gratitude to you, and for the benefit of those suffering as I was. About five years ago I was greatly afflicted with Rheumatis a and Dropsy. My legs were swollen to an enormous size; I could not even get from my bed without the aid of my wife, for several days at a time. I tried all kinds of patent medicines and a number of bottles of Dr. Thomas' Eclectric Oil, and also Johnson's Liniment, but found myself growing worse, and I applied to several doctors from whom I received no benefit. In the following summer I went to Halifax, to the Provincial Hospital, and there lay under the doctor's treatment for eight weeks. I had my leg tapped twice, and blistered several times. I suffered day and night everything but death. I then left that institution and returned home, having received little or no benefit, and expecting never to get any better. I was then advised by a friend to resort to your valuable medicine. No. 1 Syrup and No. 2 and 3 Bitters, with a box of Nerve Ointment and Vegetable Plaster. The first few bottles I used I ded not feel much better, but when I had taken six bottles the swelling was going down in my legs and my system began to feel better. BOOTS AND SHOES

bottles I used I did not feel much better, but when I had taken six bottles the swelling was going down in my legs and my system began to feel better. In all I used but twelve bottles, and now am enjoying the best of health. I am thankful to God that He made your medicine an instrument in His hands of saving my life.

Yours truly,

W. E. SHAFFER. Sv orn to before me, at New Dublin, this 27th day of December, 1881.
