Mr. Killam explained the bill. When the present law incorporating the town was passed it was not known what the requirements of the town would be, and this bill had been decided on as necessary by the Town Council. It was important as regards the sanitary interests of the town that this bill should be enacted. It was agreed to with amendments.

The debate on Sayre's resolution condemning the Government's policy in relation to the sale of hemlock bark lands was resumed by Barberie.

Thompson moved an amendment as follows:

To strike out all after the words "is not satisfied," and insert that public interests are best promoted by such sales, as timber and hemlock bark lands must continue to increase in value, and much more beneficial results will, in the opinion of this House, accrue both to the Province financially and to the industrial interests, if these lands are retained and the timber and bark thereupon disposed of under a judicious and conservative system of stumpage regulations.

Messrs. Cottrell, McLellan, Kenny, Blair and Fraser followed, and then the debate was adjourned.

Tuesday—The House went into committee on the bill to revive and amend chap. 42, Consolidated Statutes, of Attachments.

The Solicitor General explained the different provisions of the bill. The former Act is revived and amended. By it (1st.) writs of attachment shall only issue when the claim amounts to at least $80, (2nd.) and the plaintiff shall make oath that unless the writ issues the claim will be materially prejudiced in the recovery of his debt and the Judge shall be satisfied that the interest of justice requires it, and (3rd.) that if a man makes an assignment after the attachment has issued it shall not operate, but the Judge shall dissolve it and divide the property equally among the creditors.

The bill provoked a lengthy discussion, and considerable opposition to the bill was manifest. Progress was reported.

The discussion of Mr. Sayre's resolution and Mr. Thompson's amendment was resumed.

A call of the House was made, and the amendment was lost on the following division:

Yeas—Blair, Willis, Black, Thompson, Hutchison, Ritchie, Gillespie, Ryan, White, (Sunbury), Vail, Sayre, Killam, Cottrell, White (Carleton), Barberie—15.

Nays—Fraser, Wedderburn, Landry, Adams, Crawford, Perley, Havington, Marshall, Theriault, Johnson, Turner, Colter, Kenny, Leighton, Davidson, Beveridge, McLellan, Elder, Lynott, Hill, Woods, Morton, McManus, Butler, Lewis—25.

On motion of Mr. Willis, the evidence taken before the committee in the Clerk of Pleas investigation was read at the Clerk's table.

Mr. Blair moved the House into committee of the whole to inquire into the reports of the committee on the Clerk of the Pleas Office, McManus in the chair. He condemned the Government, and moved the following resolution, which was seconded by Willis:

Resolved, That in disregard of the Acts of Assembly chap. 26 Consolidated Statutes, the Government have not required payment to them of all the Supreme Court fees collected in the Office of the Clerk of the Pleas nor passed the same as public monies to the credit of the Province, nor accounted therefore with other revenue receipts in the accounts annually audited and laid before the Legislature.

That the system which has been prevailing for many years past of permitting the Clerk of the Pleas to disburse a part of the Supreme Court fees in payment of the Contingencies of his office is not only directly contrary to law, but is objectionable upon the further ground that these accounts have not been subjected to any proper examination or audit.

That the payment to Mr. Bliss of additional salary out of these fees is evidently without justification, and contrary to law, and this mode of payment appears to have been resorted to at first and to have been since continued as an expedient to avoid making such payment known to the Legislature and country.

That the further payment to Mr. Bliss, also in addition to his salary, made by the Receiver General (by sundry checks) out of Provincial funds from time to time, extending over a period of nearly four years since 1873, amounting, up to 1877 to seventeen hundred dollars and upwards did not appear in the public accounts, but were as it is shown subsequently repaid into the treasury in one sum by the present Attorney General out of his private means, and since which time he, the Attorney General, has continued, as he has stated, to pay Mr. Bliss of his own moneys two hundred dollars per year, for no part of which the Attorney General has yet been recouped in any way.

That the making of payments out of the treasury as in these transactions is wholly indefensible on principle and if countenanced is open to very great abuse.

Moreover, there cannot be any reason assigned consistent with the public interests, why the salary of a public official should be paid for years out of the private and personal funds of members of the Executive, whether such payments are by way of advance or otherwise, and such a mode of paying a public official is adjust to the official and radically wrong in principle.

Hon. Hanington followed in reply to Blair and made a vigorous defence of the Government's policy. At 10.15 p. m. progress was reported.

LITERARY NOTES.

St. Nicholas for April, opens with a charming frontispiece picture by Rosina Emmet, illustrating a timely little poem by Mary Mapes Dodge, entitled "An April Girl." "Brigham, the Cave-dog," is an account of a clever animal that was lost in the Mammoth Cave of Kentucky, but found his way out after wandering for thirty-six hours among a maze of pitfalls and dark windings. Mrs. Abbey Morton Diaz contributes "The Story of Wangse Pah and the White Elephant," an illustrated sketch of Siamese life. "Lord Malapert of Moonshine Castle" is a bright comedy for children, by E. S. Brooks. It is easy to learn, not difficult to get up, does not require many speaking characters, and bids fair to be popular with our younger Thespians. The veracious legend of "Mr. Weathercock" is given by "Aunt Fanny" Barrow. Walter Satterlee has drawn four page-illustrations for some æsthetical stanzas, called "Lament of the Cat-tail."

Dr. Eggleston's serial, "The Hoosier Schoolboy," and the "Recollections of a Drummer-boy," by Harry M. Kieffer, are brought, all too soon, to their conclusions, in stirring and spirited installments; and "Donald and Dorothy" have a grand good time in their "House Picnic." The illustrated "Northern Myth" series are continued with the legend of "The Hoard of the Swarthy Elves."

Of interest to many readers will be Deacon Green's report on the "Historical Pi," with the names of the one hundred prize-winners, and the long roll of honor. Mary N. Prescott, Margaret Johnson and Margaret Vandegrift are among those who contribute poems and sketches, and there are drawings by J. Wells Champney, Walter Shirlaw, Addie Ledyard, J. G. Francis and Jessie McDermott.

THE NEWS OF THE WEEK.

SAINT JOHN, N. B., MARCH 31, 1882

NEW BRUNSWICK.

Arrangements are being made for commencing the work on the Moncton cotton factory buildings as soon as the Spring opens.

A cattle train from the North reached this station Monday afternoon. The cattle were fed and watered in the Railway cattle shed. They are to be shipped to England via Halifax this week.

Mr. Frederick Burpee, the enterprising manager of the Red Granite Works at Carleton, is greatly enlarging the size and convenience of the works by the erection of new buildings.

Marked progress is now being made in the work at the St. Croix cotton mill. The machinery is rapidly arriving and being put in place. It is stated by the managers that the mill will commence operation by the first of May.

The Peters Combination Lock Company of Moncton employs about eighty men daily, and is doing a thriving business. The business of the past year, which also was the first year of its operations, has paid the stockholders ten per cent. per annum.

Hay is very pleutiful. No scarcity has yet been heard of. There are hundreds of tons for sale in this part, and if the Spring proves to be an early one, parties will have to summer it over, or press it and send it to St. John market.

Dr. Daniel says that all the persons at St. Croix, who have been exposed to small-pox are now under proper restrictions, and the danger of the disease being spread broadcast, seems to be averted. Nearly the entire population of Vanceboro has been vaccinated.

Antimony prospects are growing rapidly in Lake George. Mr. G. Adams, manager of the New Brunswick Antimony Mines, has a crew of men at work putting up the necessary machinery for an extensive mining operation there, and intends having it in running order shortly.

The sugar refining establishment in Moncton has recently undergone some improvement in its machinery, and is now capable of turning out five hundred barrels of sugar per day. It is now averaging three hundred and fifty barrels per day. About one hundred and fifty persons are employed daily about the works.

Mr. Robert Shaw a member of the Local Legislature of P. E. Island, died at Charlottetown on the 22nd. The deceased was a man of brilliant parts and was well known in this Province, having been educated at Dalhousie College, where he graduated with his honors. He leaves a widow, who was a Truro lady, and two children.

A telegram from Debec to the *Globe* says:—The Priest's residence, here, with outbuildings, was burned to the ground on Saturday. The loss will be a heavy one as the house was one of the best built buildings in the County. Insurance $1,200. The fire originated in a newly built due. Father Gaynor is already making preparations to rebuild.

On the night of the 21st inst., a woman named Levesque was found lying insensible in the ditch alongside the I. C. R. track, about three miles north of Petit Rocher. Before aid could be summoned she perished from cold and exhaustion. The night was intensely cold and it is thought that the woman in attempting to walk home from the station, became exhausted and fell into the ditch, where she literally froze to death.

A Mr. Perry, a young man of this place left here last October for Still Water, Minn., to seek his fortune, and, when he got there, he was disgusted with the place and soon returned. He says the coldest days that we have in this Province are mild compared with those out West. His experience he says is worth all it cost him." We have no doubt hundreds of others, if they had the courage to return, or means enough, would tell a similar story. All things considered there are few better countries than this.

From a correspondence of the *News* we make the following extract of items from Queens Co.

Messrs. W. and Thomas Patterson, and several others are lumbering quite heavily on Salmon Creek. Sleepers and roots have been a very large business here this winter, and there has been a large quantity of them hauled at Canaan River. This has been a good winter for getting roots, not much snow the first part of the winter. They are hauled to Cole's Island and thence will be shipped to different parts.

On Friday last, a locomotive and flanger came through from St. George, on the Grand Southern Railway, which had been closed up for a week previous. The first passenger train came through on Saturday evening. The cause of the suspension of traffic was the large deposits of snow on the road, which at Spruce Lake turned to ice, and had to be picked through. The trains are running all right now.

The Bay of Fundy whale which was exhibited in St. John and afterwards taken to the Upper Provinces and sold to the Toronto "Zoo" is attracting great attention from the scientists there. Among the interesting "facts" developed are that he could probably, when alive, sail at the rate of 3,000 feet a minute; and that his age was at least 400 years. In his huge cavernous mouth recently twenty-five children from the Infants Home, Toronto, stowed themselves away.—*News.*

On Thursday morning of last week Mr. William Fitzgerald, of Derby, discovered the dead body of an old man lying in his barn. It proved to be the corpse of a man named John West, who had been living in the parishes of Derby and Blackville for some time past, without any visible means of support, being in the habit of begging his meals and sleeping at nights in barns. As soon as possible after the discovery of the body, Coroner Smith was summoned form Newcastle and an inquest was held over the remains, the jury bringing in a verdict of "death from want and exposure."—*World.*

We understand a practical gentleman has been corresponding with Moncton parties in regard to the feasibility of establishing a rolling mill in Moncton. Correspondence has been had in regard to the cost of a suitable plot of ground for the purpose, and it seems quite probable if the necessary encouragement is held out, the works will be established here. Moncton is looked upon as a favorable place for the location of an enterprise of this nature and we hope yet to be able to chronicle the establishment of extensive works.—*Times.*

The *Globe's* correspondent at Grand Falls telegraphs: "The wife and child of the Dane, who died of small-pox on Sunday last, are both down with the disease now. The government are rather slow in providing proper care for the sick, and, it is feared there will be a rapid spreading of the disease. The deceased being a heavy man, and there being but one attendant, it was impossible to bury him as quickly as it should have been done, and consequently the remains stood in the house for two days, and it then fell upon Dr. King to assist in the interment. During one of the nights that the corpse remained in the house the woman and child had to remove to the barn, and stay all night, on account of the great stench. Immediate steps should be taken to provide female nurses, there being but one male in attendance at present."

NOVA SCOTIA.

The Starr Manufacturing Company are making arrangements for the manufacture of working shovels.

The Halifax City Inspector of Buildings in his annual report, shows that during the year there were 32 new buildings erected.

All the coal mines are making vigorous efforts to increase their coal production, and the output during the summer will be very large.

The knitting factory in Halifax employs some 70 hands, and are so pressed with orders that they have extra hands on for night work.

McGillvray, the defaulting Antigonish County Treasurer, has been committed for trial at the next sitting of the Supreme Court.

Messrs. W. K. Reynolds and C. Hamilton, of the truro train despatcher's office, have been discharged. Reynolds left for the States a few days ago, no doubt anticipating the action of the Government. Harris, who had been suspended, was reinstated a few days ago.

At a Liberal gathering at Barrington recently Mr. Thomas Robertson, M. P., was chosen as the Liberal candidate for the Dominion at the next election. Mr. Thomas Johnson, of Lockeport, and Mr. W. F. MacCoy, barrister, of Halifax, were also chosen as candidates for the Local Assembly.

Shipbuilding has been going on at Parrsboro during the winter. Two new vessels are almost ready for sea, and others in progress. Some repairing of old vessels if being done. A lively shipping trade is expected next summer. We learn that Messrs. Churchill, Hantsport, are building a fine steamer for the basin trade, and the *Earl Dufferin* will be taken off.

A bill is now before the Dominion Parliament to incorporate Messrs. R. B. Humphrey, of St. John; E. F. Clements, A. J. T. Clements, and Samuel Killam of Yarmouth, H. J. Libby, J. B. Coyle, T. C. Hersey, Daniel E. Emery of Portland, Me., as the "Clements Steamship Company." with a capital stock of $200,000, (and power to increase to $500,000)—the capital stock to be divided into 2,000 shares of $100. The first general meeting to the shareholders will be held at Yarmouth on the 2nd Wednesday in July. The idea appears to be that a steamer of the International Line will be put on the route between Boston and Yarmouth, and the *Dominion* will be put on the route between Yarmouth and St. John, making two or three trips a week.

ENGLISH AND FOREIGN.

London, March 27.—A despatch from Pesth reports that 60 houses and 50 outbuildings, Boeszenfa, and 247 houses at Paks were burned, and several hundred families are in a destitute condition.

Notice to Fredericton Subscribers!

A number of our Fredericton subscribers have for several years received their papers at the store of Mr. Geo. F. Atherton. Mr. Atherton, intending in a few weeks to move from the city, we have arranged to have the papers left at the store of Mr. W. H. Vanwart. The subscribers who have been in the habit of calling at Mr. Atherton's for their papers will please remember this change, and after this week call at Mr. Vanwart's. If any of them would prefer to call at the Post-office they will please notify us and we will make the change.

Mr. VanWart will also act as agent for the Intelligencer, and receive subscriptions. Subscribers from the country visiting Fredericton may find it convenient to pay to him.

Every Free Baptist Minister in New Brunswick and Nova Scotia is authorized to act as agent for the INTELLIGENCER, and will receive and forward subscriptions, old and new.

HINTS.

Every subscriber, in sending his subscription should give his correct Post Office address. He should never assume that the editor or mailing clerk will know the P. O. Address simply by seeing the subscriber's name.

It is best always to remit by Post-Office order, when one can be obtained.

When fractions of a dollar are to be sent Post stamps can be used. *One cent stamps are preferred.*

When a paper fails to reach a subscriber, or is received by him irregularly, he should promptly notify us. We can have no knowledge of the trouble unless notified.

RENEWALS!

Prompt renewals will greatly encourage us in the work.

Hundreds of subscriptions should reach us immediately. We hope yours will be one of them.

If you have not already done so, please send your subscription at once.

A Good Housewife.

A good housewife, when she is giving her house its spring renovating, should bear in mind that the dear inmates of her house are more precious than many houses, and that their systems need cleansing by purifying the blood, regulating the stomach and bowels to prevent and cure the diseases arising from spring malaria and miasam, and she must know that there is nothing that will do it so perfectly and surely as Hop Bitters, the purest and best of medicines.—*Concord (N. H.) Patriot*

Thousands of women bless the day on which Dr. Pierce's "Favorite Prescription" was made known to them. In all those derangements causing back ache, dragging-down sensations, nervous and general debility, it is a sovereign remedy. Its soothing and healing properties render it of the utmost value to ladies suffering from internal "fever," congestion, inflammation, or ulceration. By druggists.

MOTHERS! MOTHERS!! MOTHERS!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of Mrs. Winslow's Soothing Syrup. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. jan. 28—1y.

If you are going West, purchase your Tickets from G. A. Freeze, the agent on Water Street, St. John. Passengers for Winnipeg or other western points have choice of route. Cushioned seats provided for all classes and baggage checked through. ap23-1y

To Consumptives.—The production of a remedy that "may truly be said to so alter the prospects of the Consumptive as to give hope of cure in not a few cases, and of much prolonging of life in by far the greater number"—"the only remedy worthy of the name, which, if carefully and faithfully used may arrest and cure the disease, and it is pretty sure to *retard it and prolong life more than any other known remedy*," it is a great desideratum. Yet, this desideratum is fully met in Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime, which is universally acknowledged wherever introduced, to be the *best* preparation of Cod Liver Oil extant, and which if "carefully, faithfully" and presistently used,, will rarely fail to produce marked beneficial results.

Prepared solely by Hanington Bros., Pharmaceutical Chemists, St. John, N. B., and for sale by Druggists and General Dealers. Price $1.00 per bottle; six bottles for $5.00, march 3—1m.

REST AND COMFORT TO THE SUFFERING.

"Brown's Household Panacea" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents abottle. jan. 28—1y.

An Essential of Health.—One of the prism essentials of health is the secretion of bile by the liver in due quantity and of a proper quality for the uses which Nature has ordained for this important secretion. Its gently stimulating and potent regulating action upon the biliary gland constitutes Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure a most valuable specific for Liver Complaint. Among the consequences of its continued and systematic use are the disappearance of such symptoms of chronic biliousness as constipation, nausea, pain in the vicinity of the organ affected, yellowness of the skin, fur upon the tongue, and headache. No finer remedy for dyspepsia exists, and its remedial value has been signally demonstrated in kidney complaints, scrofula, female weakness, erysipelas, salt rheum, and all disorders arising from impurity of the blood. The vigor with which it endows a feeble physique, is shown in an increased activity of every vital function, and its effects though potent, are followed by no hurtful reaction. The bowls are relaxed by it naturally and easily, and it is not disagreeable to the taste, and the purity and wholesomeness of its botanic ingredients make it a far safer as well as more efficient remedy than preparations containing mercury, designed to affect the liver beneficially, but which sometimes do more harm than good Large doses of it are not required, and it is, therefore, in reality far cheaper than other cathartics. Price, $1.00. Sample Bottle, 10 cents. Ask for Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. The wrapper bears a *fac-smile* of their signature. Sold by all medical dealers. feb. 3—2m eow.

Save your doctor's bills by using Dr. Wilson's Anti-bilious and Preserving Pills. For indigestion, dyspepsia, and female complaints they are a certain remedy and perfectly safe in all cases, as thousands can testify.

NEVER GIVE UP THE SHIP.

"Twenty-one years ago I was dying with the CONSUMPTION. There was no escaping that terrible death—at least so all the doctors told me—when a friend advised me to send to 1032 Race St., Philadelphia, and get CANNABAIS INDICA, which finally and fully cured me."
O. S. BISLEY, DeKalb, St. Lawrence Co., N. Y.

"Send another $12 box of CANNABIS INDICA for a friend. Your medicine has cured me of CONSUMPTION. I am as sound and well as ever I was."

N. B.—This remedy speaks for itself. A single bottle will satisfy the most skeptical. We know that it positively cures Consumption, and will break up a fresh cold in twenty-four hours. $2.50 per Bottle, or Three Bottles for $6.50. Address CRADDOCK & CO., 1032 Race St. Philadelphia.

Send stamp for book of testimonials of cures from prominent persons. dec. 23—4m.

The common expressions, "I feel so dragged," "My food don't digest," "I do not feel fit for anything," which we so often hear during the Spring and early Summer months, are conclusive evidence that the majority of people require at that season especially a reliable medicine that will strengthen the organs of digestion, stimulate the circulation of the blood, and "tone up" the debilitated constitution. Hanington's Quinine Wine and Iron, and Tonic Dinner Pills, taken according to directions, produce buoyancy of spirits vigor of mind, and give lasting strength to the whole system. Beware of imitations. See that you get "Hanington's," the *original* and *genuine*. For sale by all druggists and general dealers in Canada.

A Dealer's Opinion.

The dealers in any class of goods have the best opportunity of learning its value. Purchasers usually are not backward in expressing their disapprobation of anything that proves unworthy the recommendation it has received. Thus the opinion of Mr. Benjamin Richards of Cordigan, N. B., is worthy of consideration when he says:—"I have tried and sold all kinds of liniments, but have never found any as good as Dr. Dow's Sturgeon Oil Liniment for what it is recommended. I believe it is the best liniment in the world for man and beast." This last expression has reference to its great value in curing such troubles as windgalls and founder, ringbond scurvey, scratches, etc., in horses as well as rheumatism, lumbago, scrofula, and the like in men.

From N. Plummer, M. D., Auburn, N. H.

"Although averse to countenancing patent medicines, I cheerfully make an exception of your very excellent lung preparation—Dr. Wistar's Balsam of Wild Cherry. This preparation I have used in my practice for more that ten years, and have always found it to be of more effectual service than anything within my knowledge. I recommend it with the greatest confidence to those subject to coughs and pulmonary complaints.

50 cents and $1 a bottle. Sold by all druggists.

Be Explicit.

Make yourself understood. If you have anything to say, say it plainly and in as few words as possible. Always aim straight at the mark and hit it. Ifs and buts are at a discount in these days. In addition take care of your health. Do not let a cold grow on you until it can hardly be shaken off. This can best be done by using Dr Wilson's Pulmonary Cherry Balsam. It is a remedy of extraordinary power.

It acts directly on the lungs. The wild cherry, its principal ingredient, cuts away the phlegm which clogs the mucous lining of the air tubes and cells. The extract of gum resins from some of the celebrated healing trees of torrid climates, produce an agreeable and healing balsam. These with other ingredients are combined in this wonderful medicine in such a manner that its marvellous cures are numbered by thousands and it is known the world over.

First and foremost among external curatives of pain is *Dr. Thomas' Eclectric Oil.* Nor is it less esteemed as a remedy for coughs, pains, swellings, corns, bunions, etc. It is an economic as well as inexpensive article, since the results produced by it necessitate the use only of a small quantity.

C. A. Livingstone, Plattsville, says:—"I have much pleasure in recomending *Dr. Thomas' Eclectric Oil*, from having used it myself and having sold it for some time. In my own case I will say for it that it is the best preparation I have ever tried for rheumatism."

An Irishman called at a drug store to get a bottle of *Johnson's Anodyne Liniment* for the rheumatism; the druggist asked him in what part of the body it troubled him most. "Be me soul said he I have it in every houl and corner of me."

For loss of cud, horn ail, red water in cows, loss of appetite, rot, or murrain in sheep; thick wind, broken wind, and roaring, and for all obstructions of the kidneys in horses, use *Sheridan's Cavalry Condition Powders.* Don't buy a *large* pack of worthles powders.

Mothers.—Have you delicate, weakly children, who are always *taking cold* and subject to *Croup?* Remember, there never was a case of *Croup* which did not originate in a *Cold!* Allen's Lung Balsam is your remedy.

The first triumvirate, formed 59, B. C., consisted of Cæsar, Pompey and Crassus, and the three leading business pens of Esterbrook's make are the Falcon, Bank and Easy Writer.

Twenty Years A Sufferer.

R. V. Pierce, M. D., Buffalo, N. Y.: *Dear Sir*—Twenty years ago I was shipwrecked on the Atlantic Ocean, and the cold and exposure causes a large abscess to form on each leg, which kept continually discharging. After spending hundreds of dollars, with no benefit, I tried your "Golden Medical Discovery" and now, in less than three months after taking the first bottle, I am thankful to say I am completely cured, and for the first time in ten years can put my left heel on the ground.
I am yours. WILLIAM RYDER,

The Blood is the Life.

GOLDEN ELIXIR

THE GREAT BLOOD PURIFIER.

Pure blood makes sound flesh, strong bone and a clear skin. If you would have your flesh firm, your bones sound, and your complexion fair, use Golden Elixir.

List of Diseases Cured by Golden Elixir.

Chronic Skin Diseases, Humors in the Blood, Scrofulous Diseases, Fever Sores, Chronic or Old Ulcers, Salt Rheum, Rickets, White Swellings, Scald Heads, Uterine Affections, Cankers, Glandular Swellings, Wasting and Decay of the Body, Pimples and Blotches, Tumors, Dyspepsia, Erysipelas, Kidney and Bladder Diseases, Chronic Rheumatism and all diseases of the Blood.

GOLDEN ELIXIR is the greatest blood purifier in medicine. It acts through the bowels, liver and skin. It absorbs poisons that float in the blood and purges them from the system.

To combat the tendency to premature decline, no remedy in the world possesses the nourishing and strengthening properties of GOLDEN ELIXIR. It enriches the blood, perfects digestion, stimulates the liver and kidneys, purifies and vitalizes every function and process of the system.

We assert that there is no known remedy that possesses the curative power over diseases that GOLDEN ELIXIR furishes. It cures step by step surely from the foundation, and restores the injured parts to their sound condition. The wastes of the body are stopped and healthy blood is supplied to the system from which new material is formed.

If those who are taking GOLDEN ELIXIR for the cure of Chronic, Scrofulous, Syphilitic diseases, however slow may be the cure, "feel better" and find their general health improving, their flesh and weight increasing, or even keeping its own, it is a sure sign that the cure is progressing. In these diseases the patient either grows better or worse, the virus of the disease is not inactive; if not arrested and driven from the blood, it will spread and continue to undermine the constitution. As soon as GOLDEN ELIXIR makes the patient "feel better," every hour you will grow better and increase in health, strength and flesh.

GOLDEN ELIXIR acts directly on the blood, vitalizing and enriching it to a surprising degree, building up the system and throwing off the germs of disease. It thoroughly recruits the general bodily health and restores the nervous system to a proper healthy condition, no matter from what cause impaired.

GOLDEN ELIXIR may be considered a specific for Scrofula and blood diseses; its remarkable, rapid and lasting effects in these complaints are most wonderful.

GOLDEN ELIXIR cures all humors, from the worst Scrofula to a common Blotch, Pimple or Eruption, Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough Skin; in short, all diseases caused by bad blood are conquered by this powerful, purifying and invigorating medicine.

Especially has it manifested its potency to curing Tetter, Rose, Rash, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings.

If you feel dull, drowsy, debilitated, have sallow color or skin, or yellowish brown spots on face or body, frequent headaches or dizziness, bad taste in the mouth, throat heats or chills alternated with hot flushes, irregular appetite and tongue coated, you are suffering from torpid liver or billiousness. As a remedy for all such cases GOLDEN ELIXIR has no equal as it effects a perfect and radical cure.

GOLDEN ELIXIR PURIFIES THE BLOOD, PREVENTS DISEASES, RESTORES THE HEALTH.

For sale by Druggists and General Dealers.

Valuable Truths.

If you are suffering from poor health, or languishing on a bed of sickness, take cheer, for GOLDEN ELIXIR will cure you.

If you are simply ailing, if you feel weak and dispirited, without clearly knowing why, GOLDEN ELIXIR will revive you.

If you are a minister and have overtaxed yourself with pastoral duties; or a mother, worn out with care and work, GOLDEN ELIXIR will restore you.

If you are a man of business or laborer, weakened by the strain of your every-day duties, or a man of letters toiling over your midnight work, GOLDEN ELIXIR will strengthen you.

If you are suffering from over-eating or drinking, or any dissipation or indiscretion, or are young and growing too fast, as is often the case, GOLDEN ELIXIR will relieve you.

If you are in the workshop, on the farm, at the desk, anywhere, and feel that your system is overtaxed, or needs cleansing, toning or stimulating, WITHOUT INTOXICATING, GOLDEN ELIXIR is what you need.

If you are old, your blood thin and impure, your pulse feeble, your nerves unsteady, and your faculties waning, or have Neuralgia, Rheumatism, or Gout, GOLDEN ELIXIR will cure you and give you new life and vigor.

If you have a painful, dangerous cough, caused by derangement of the Liver, often taken for and called Consumption, GOLDEN ELIXIR will speedily cure you.

If you are a laborer—whether man, woman or child—your cheapest, best, and only safe preventive and cure for all sickness or disease, incident to your hard labor or confinement in impure, bad air of factories and close rooms, is GOLDEN ELIXIR. It purifies the blood and cleanses the system from all humors and cause of disease, whether of the skin or internally, from whatever cause, no matter how serious or long-standing.

No form of medicine is so effective, easy, handy and safe to use as in the liquid form, and GOLDEN ELIXIR is the purest, safest, cheapest and best of all. Try it.

THE Horseman's Friend!

FELLOWS' LEEMING'S ESSENCE

for lameness in horses, stands pre-eminently above all other preparations used by horsemen as a remedy for Splints, Spavins, Curbs, Ringbone, Sidebone, Strains of the Back Sinews, Hock, Knee Fetlock, Pastern and Coffin Joints, etc. Every well regulated stable should keep a supply of the ESSENCE on hand.
