The following resolution referring to the Harbor of St. John was moved on Wednesday :

That it is expedient to authorise the Governor in Council to raise, by the issue of debentures bearing interest payable half yearly, at the rate of four per cent. per annum and redeemable in forty years, the sum of seven hundred and fifty thousand dollars, and out of this sum to advance and pay to "The Harbor Commissioners of St. John," in the first place, five hundred thousand dollars to enable them to complete the acquisition of the harbor property, rights, rents and privileges from the mayor, aldermen and commonalty of the city of St. John, in the manner provided in the act to be passed in that behalf, and to advance the remainder of the sum so raised from time to time to the said commissioners, to enable them to meet payments to be made for the improvement and extension of the harbor, the said commissioners depositing with the Receiver General, on the advance of any such sum, their own bonds in favor of Her Majesty, for the Government of Canada for the said amount, in such forms as the Receiver General may approve, and bearing interest at the rate of four per cent. per annum from the time of such advance, payable out of the income of the said commissioners, from toll and other sources of income under the said act, and to be the first charge thereon after the expenses of collecting the same.

LITERARY NOTICES.

The following are among the contents of the May number of *The Homiletic Monthly* :—Sermonic : The Spiritual Building, " A Dedication Service," by R. Kogle, D. D., translated by Rev. Prof. J. C. Brodfuhrer : "The Mormon Question," by J. P. Newman, D. D.; "The Natural Immortality of the Human Soul," by Canon H. P. Liddon, D. D. ; "Christ's Salutation to the Christians," A Communion Service, by James L. Ludlow, D. D.; "The Intercession of Christ," by W. Ormiston, D. D.; "Is the Free-pew System a Failure?" by Justin D. Fulton, D. D.; "The Upward Look," by Joseph Parker, D. D. Among other very suggestive papers, are the following : "Misquoted Scriptures," by Talbot W. Chambers, D. D.; "Light on Important Texts," by Howard Crosby, D. D., L. L. D. ; "Nine Months' Vacation of City Churches," by Rev. W. F. Crafts; "Lectures to my Students," by Charles H. Spurgeon. Then there is a large quantity of matter under the heads, "Hints at the Meaning of Texts ;" "Sermonic Criticism ;" "Preachers Exchanging views," "Queries and Answers," etc. This Monthly is of special value to Clergymen and Bible Students. Price $2.50, per year ; single number, 25 cents. Funk & Wagnalls, 10 and 12 Dey Street, New York.

☞ The steamer *Florenceville* made the first trip of the season from Fredericton to Woodstock on Saturday.

☞ A Y. M. C. Association was organized in Carleton on Monday evening. Dr. Musgrove is its President.

☞ The new Baptist Church in Fredericton is to be of stone according to plans by Mr. D. E. Dunham.

☞ It is now announced that arrangements have been made for the Princess Louise to sail for Canada on the 26th inst.

☞ During the month of April one hundred and eighty-three patent were granted at Ottawa for which the fees amounted to $5,109.

☞ A mortgage on personal property, which was recorded in Boston the other day, provided for a rate of interest at 50 per cent. per annum.

☞ It evidently costs something to live in Winnipeg. Butcher's meats have gone up to 25 cents per pound and spring water cost 35 cents per barrel ; river water 30 cents.

THE NEWS OF THE WEEK.

SAINT JOHN, N. B., MAY 12, 1882.

NEW BRUNSWICK.

There were sixty-three interments during the month of April past in the city, Carleton and Portland.

Harmon Humphrey, of Westmorland County, sold twenty head of fat cattle raised on his farm, a few days ago, at 5½ cents per pound, live weight.

Mr. Edward J. Welling of Shediac, committed suicide on Sunday morning, by cutting his throat with a razor. He had been despondent for some time on account of business troubles.

Mr. Lawlor, the successful contractor for the Legislative Buildings, the new wing of the Lunatic Asylum, etc., has obtained the contract for the building of the new Marine Hospital, and will commence operations at an early day.

Some of the fish weirs on Deer Island have recently caught large quantities of herring. It is stated that in the weir owned by J. M. Lord, Wallace Stewart and others, the herring fished last week realized over $1,000.

The inward freight returns of the Intercolonial at St. John for the week ending April 29, amounted to the enormous sum of $12,000. The passenger returns have increased over those of last year at the rate of $500 a month.

Mr. Alfred Bonnell's house, a short distance from Sutton station, was burned to the ground at noon Monday. The fire caught from the chimney. The house was occupied by two tenants, and nearly all their effects were destroyed.

Dr. Daniel is expected back from the St. Croix this week. There is only one smallpox patient now, and he lives seven miles from the village. There were seventeen cases altogether. The disease has also disappeared from New Denmark.

Boston parties have been negotiating for the purchase of what is known as Hybernia Cove at Deer Island, N. B., for a summer resort. Hybernia is one of the favorite resorts for picnic and chowder parties during the summer season.

Saturday morning the house of Mr. Martin Murphy, on the corner of St. James and Watson streets, Carleton, was destroyed by fire, which was caused by a defective flue. Mr. Murphy and his family escaped and saved part of their furniture. The house was insured in the Western for $1,000. The loss will exceed the insurance.

Mr. H. J. Bell has been in Richibucto the past few days making arrangements for the season's work in lobster canning. Since last September at his factory in St. John, Mr. Bell has canned for the home and foreign markets some 2,000 cases of beef, and 1,000 of mutton, and about 1,000 cases of tomatoes, poultry, apples, game, etc.

The survey has been made for the movement of the Carleton Branch Railway to the wards from points along the Bay Shore where danger is greatest from land slides ; and the details are now being worked out. It is likely that the work will be done very soon.

Within the past few days the quantity of fish taken has been unusually large. The drift fishermen and the weirs have both been successful. It is quite a sight to see the weirs almost bursting with gaspereaux. The men have not boats enough in which to carry them away. " We have not had such a haul since 1854," said one of the most experienced fishermen, and this is corroborated by the fact that large quantities are left in the weir from one tide to another. It is quite a sight to see the fish in rows upon rows, apparently several feet deep, in the bottom of the weirs.—*Globe.*

Mr. Joseph Manuel, Jr., from Lower Bay du Vin, was out in McLean's Gully, on Thursday last, in a small boat, shooting wild geese, when the boat upset. He struggled very much to get out, but in vain. At last his cries were heard and some people rescued him and carried him to the neighboring house, almost dead. In half an hour he expired. He was about 24 years of age, and leaves a wife and one child. Another account of the accident says there were two in the boat, and, both discharging their pieces at the same time, and throwing their combined weight to one side of the punt upset the shallow craft. This account says Manuel was rescued alive, but perished before a horse could be procured to take him home.—*Chatham World.*

NOVA SCOTIA.

The *Scud* is to run this season between Halifax and Boston, touching at several intermediate ports.

The Supreme Court of Ottawa has dismissed the appeal of the Western Counties Railway vs. the Windsor and Annapolis Railway.

The valuable trotting horse Confidence, owned by A. L. Shipp, of Halifax, and a gentleman in Kentville, N. S., died on Thursday last very suddenly, from, it is thought, the effects of poison.

Mr. Chas. Edwards, of Yarmouth, whose suicide by hanging was recently reported, was cut down before strangulation took place. The attempt was made while he was temporarily insane.

In the Supreme Court the case of Gregory vs. the Halifax and Cape Breton Coal and Railway Co., an action to recover damages for non-delivery of $80,000 worth of bonds, which, it is alleged, the defendant company contracted to deliver to plaintiff, was settled in favor of plaintiff.

A new patent process of preparing vegetables such as potatoes, turnips, carrots, &c., by reducing their bulk and weight to about one-eighth of their green condition by evaporation, is about to be introduced by Mr. S. G. Kerr, Esq., of Canning, Queen's County.

A treasure in copper ore in Digby Gut, is reported to have attracted a New York Company with a capital of a million dollars. Along with this gratifying intelligence it is a pity to hear from Boston that capitalists there consider their investments in an oil company operating in Cape Breton, as irredeemably lost.

A distressing drowning accident occurred in Chebogue Harbor on Sunday last. Four young men were in a sailboat returning from a lobster smack ; when about half the distance a squall struck and capsized the boat. Three of the young men were drowned, the other saved himself by clinging to the boat. Two of the lost were brothers, sons of Mr. Wm. Fenton, aged 21 and 26 years respectively. The other was named Gray. The rescued one was a brother of the Fenton's who were drowned.

A sad drowning accident occurred at Annapolis on Thursday last. Three men left in a sail boat to go duck shooting up-river, and when off Saw Mill Creek, four miles from here, they were struck by a squall ; the boat filled and sank, and F. H. Mitchell, belonging to England and who has been residing for some time as agent to Townsend & Co., produce merchants, London, and Albert Lewis, a colored man were drowned. Mr. Edwin Clark, fruit tree agent, was saved by a boat from the shore after being in the water some fifty minutes. Their bodies have not yet been recovered.

It appears that since the first of March salmon have been abundant in the Tusket river, Yarmouth Co. The fish taken are sold in the United States markets at a dollar per pound. A few days since a fisherman received $18 for a 20 lb. salmon. The Tusket, Liverpool, Medway and the three Shelburne rivers are frequented by salmon much earlier in the season than any other rivers in America, with corresponding advantages to the fishermen who have practically a monopoly of the American market for a couple of months. The establishment of a fish hatchery on the Tusket is being agitated.—*Sun.*

John S. Fulton, a well-to-do farmer, 27, suicided the other day by hanging in his barn at Fort Ellis, near Lower Stewacke, N. S. He took his dinner and left the house in his usual spirits, apparently to join the other men who were working in the dykes at the Shubenacadie River, but did not do so, and was found in the evening (when the men returned) hanging in the barn. The rope by which he was suspended was fastened to a chain that had been placed round two of the rafters. A ladder was laying on the floor under the body. An inquest was held and a verdict of suicide during temporary insanity returned. He leaves a wife and two children.

ENGLISH AND FOREIGN.

ASSASSINATION OF THE CHIEF SECRETARY AND UNDER SECRETARY FOR IRELAND !

DUBLIN, May 7.—Lord Frederick Cavendish and Mr. Thomas Henry Burke, Under Secretary for Ireland, were assassinated in Phœnix Park. Lord Frederick Cavendish and Earl Spencer had remained at Dublin Castle, engaged in the transaction of official business until six o'clock, when each descended to his respective residence. After dinner, Lord Cavendish and Mr. Burke went for a walk in Phœnix Park. They were strolling in the Park, about half a mile from the city gate to a quarter of a mile from the Chief Secretary's lodge, when a car drove up containing four men, two of whom jumped down from the car and attacked Lord Cavendish and Mr. Burke, stabbing them several times in the throat and breast. The victims struggled hard for life, and in the struggle became separated, their bodies being found some ten paces apart. The tragedy occurred about 7.10 P. M., and in broad daylight. No arrests have been made. The bodies were first discovered by two young gentlemen riding bicycles through the Park, who immediately gave the alarm to the police. Surgeons soon reached the spot, but the police were already conveying Mr. Burke's body away to town. There an examination showed life to be extinct. The upper part of his body was perforated in a shocking manner, and presented a ghastly sight. Proceeding further, the medical men reached the body of Lord Cavendish, which was being conveyed away from the Park on a stretcher. The body of the Chief Secretary displayed the same dreadful wounds, in addition to which his left arm was broken and torn, as if he had put it up to protect his breast. Lord Cavendish was quite dead. The bodies were taken to Stephen's Hospital, where they will remain until the inquest is held.

LONDON, May 8.—Every part of the House of Commons was crowded at the opening session this afternoon. At 4.20 Mr. Gladstone arose and, with great emotion, and in a tremulous voice, moved the adjournment of the House. He said the blackness of the crime and the horror it excited throughout the entire kingdom was unparalelled. In the murder of Mr. Burke they had been robbed of one of the ablest and most upright members of the civil service. But the hand of the assasins had come nearer home, and one of the noblest of hearts had ceased beating, while full of hope and love for Ireland. As far as the Government was concerned, all previous arrangements must be re-cast. Mr. Gladstone stated that he would, on Thursday, ask the House for leave to introduce a measure for the repression of crime in Ireland. He believed that he would be assisted from all quarters of the House. On an early day, he would introduce a measure dealing with the question of arrears of rent.

Sir Stafford Northcote seconded the motion of Mr. Gladstone for an adjournment. He promised that the Opposition would support the Government in measures for the repression of crime. He considered that the occasion was too sad for more than a passing tribute of respect to the deceased.

Mr. Parnell expressed the detestation of all Irishmen for the crime. He believed it was committed in order to frustrate his course. He did not deny that the Government might be compelled to take steps to restore order in Ireland. He was of opinion that the crime was the work of those to whom he always had been opposed.

DUBLIN, May 7.—The post-mortem examination of the bodies at the Chief Secretary's lodge showed eleven wounds on Mr. Burke and eight on Lord Frederick Cavendish. The chief wound on the former was inflicted from behind, penetrating the heart, and on the latter the chief wound was also inflicted from behind, severing an important artery. One wound on Lord Cavendish's left forearm had severed the muscles and fractured the bone, as if inflicted with a hatchet or sword. The body of Burke presented the appearance of that of a stalwart man for his age, 60 years. His face was drawn a good deal. Lord Frederick Cavendish was apparently a man of slight build, with a narrow chest. Mr. Burke's body presented, as a doctor stated who saw both bodies, very much the same appearance as that of Lord Leitrim.

LONDON, May 9.—It is believed that the murder was instigated by a secret society determined to strike at the root of the English executive in Ireland. The opinion prevails that the crime was the work of the American Irish. The only clew to the murderers is the description given by the park keeper, who saw four men drive out of the park just after the murder. They are said to be American in appearance. The *Freeman's Journal* says : "Lord Frederick Cavendish was dogged from the time he landed until he reached the spot where the assassins closed in and killed him. The meaning of the assassination is nihilistic, Fenian and anti-English, not agrarian." The sympathy for the Cavendish family is everywhere apparent, mourning being worn by the Government officials and others. Lady Frederick Cavendish is in a terrible state of grief. The Prince and Princess of Wales and Mrs. Gladstone called on her this morning. She afterwards left for Chatsworth.

LONDON, May 9.—Mr. Trevellyn, having accepted the Chief Secretaryship of Ireland, a new writ has been ordered for the election for the seat of a member for the House of Commons, for Hawick, held by him.

Evening—The body of Lord Frederick Cavendish has been laid out for public view in the chapel at Chatsworth. The Queen has sent a special messenger with a wreath for the coffin. A letter of condolence addressed to Lady Cavendish accompanies the wreath. The interment will take place at Edensor at two o'clock on Thursday afternoon. A deputation of the Duke of Devonshire's Irish tenantry from Cork will participate in the funeral procession.

LONDON, May 10.—At Haverford, West, an Irishman has made a statement that last week, while in Dublin, he refused an offer of £100 to assassinate Lord Frederick Cavendish and Burke. His statement has been communicated to Sir Wm. V. Harcourt, Home Secretary. He has been conveyed to Liverpool, and his knowledge of the locality of the crime and description of the men give his statement every appearance of truth. The police anticipate that something important will transpire from his statements. He says he can lay his hands on the assassins.

DUBLIN, May 10.—Earl Spencer, Lord Lieutenant of Ireland, has signed a minute forbidding Executive officials beyond the precincts of the city without police protection.

LONDON, May 11.—Sir Wm. Harcourt will, to-night, take charge of a bill for the suppression of crime in Ireland. Mr. Gladstone will subsequently assist in the debate.

Nearly 500 members of Parliament will attend the funeral of Lord Cavendish. The Queen has telegraphed a message of condolence to the family of Burke.

MARSEILLES, May 10.—The Moors stoned the English Minister to the Court of Morocco, on the sixth, in the capital. The Sultan is stated to have imprisoned 600 men for connection with the assault.

ST. PETERSBURG, May 5.—Mr. Hoffman has received telegrams signed Capt. Berry, from Kolynok, North-east Siberia, stating that thirty of the thirty-seven persons on board the *Rodgers* were lost.

UNITED STATES.

NEW YORK, May 5.—A despatch from Washington states that DeLong and party have been discovered, all dead.

WASHINGTON, May 5.—Secretary Chandler received, to-night, the following telegram from Engineer Melville:

IRKUTSK, May 5.—Secretary of Navy, Washington, D. C., U. S. A.:

LENA DELTA, March 22, 1882.—Found DeLong and party dead ; found all papers and books ; will continue search for Chipp.

WASHINGTON, May 8.—The Chinese bill is now law, having been signed by the President to-day.

BOSTON, May 9.—Marie Konig, a German woman 46 years old, living in Warrentown Block, Warrentown Place, this morning murdered her boy Auguste, 5 years old, by cutting his throat with a case knife, then cut the throat of her daughter Mary, aged 13. The wound is not fatal. Alfredson has cuts in a dozen places, not fatal. Emil, a boy 17 years old, was also wounded. She then attempted to kill herself by cutting the left leg below the knee. She is doubtless insane.

PARSONS, KANSAS, May 10.—A cyclone passed over McAllister mining settlement, in Indian Territory, on Sunday night, killing seven persons and more or less injuring over 50 others.

Publishers' Department.

Every Free Baptist Minister in New Brunswick and Nova Scotia is authorized to act as agent for the INTELLIGENCER, and will receive and forward subscriptions, old and new.

HINTS.

Every subscriber, in sending his subscription should give his correct Post Office address. He should never assume that the editor or mailing clerk will know the P. O. Address simply by seeing the subscriber's name.

It is best always to remit by Post-Office order, when one can be obtained.

When fractions of a dollar are to be sent Post stamps can be used. *One cent stamps are preferred.*

When a paper fails to reach a subscriber, or is received by him irregularly, he should promptly notify us. We can have no knowledge of the trouble unless notified.

$200.00 Reward !

Will be paid for the detection and conviction of any person selling or dealing in any bogus, counterfeit or imitation HOP BITTERS, especially Bitters or preparations with the word HOP or HOPS in their name or connected therewith, that is intended to mislead and cheat the public, or for any preparation put in any form, pretending to be the same as HOP BITTERS. The genuine have a cluster of GREEN HOPS (notice this) printed on the white label, and are the purest and best medicine on earth, especially for Kidney, Liver and Nervous Diseases. Beware of all others, and of all pretended formulas or recipes of HOP BITTERS published in papers or for sale, as they are frauds and swindles. Whoever deals in any but the genuine will be prosecuted.

HOP BITTERS MFG. CO.,
Rochester, N. Y.

"NOW WELL AND STRONG."
Shipman, Illinois.

Dr. R. V. Pierce, Buffalo, N. Y.: *Dear Sir*—I wish to state that my daughter, aged 18, was pronounced incurable and was fast failing as the doctors thought, with consumption. I obtained a half dozen bottles of your "Golden Medical Discovery" for her and she commenced improving at once, and is now well and strong.

Very truly yours, REV. ISAAC N. AUGUSTIN.
"Discovery" sold by druggists.

RHEUMATISM manifests itself in various ways, and results from various causes. In a changeable climate like ours few are exempt from its attacks. It finds a seat in every part of the body, and is migratory in its habit, transferring itself from the shoulder to the hip, or from the wrist to the ankle, in some instances in a few hours. The pain of Rhumatism is excruciating, but is speedily overcome by the use of "*Penetrating*" Liniment. For sale by all druggists and general dealers in Canada.

NO LADY WHO DELIGHTS IN FLOWERS, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers.* Ordinary packages 30 cents.—sufficient for 20 plants for one year. may 5—1m.

MOTHERS ! MOTHERS !! MOTHERS ! ! !

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth ? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it ; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. jan. 28—1y.

From hundreds of reported cases where patients have increased in weight from five to forty *pounds* while using Fellows' Compound Syrup of Hypophosphites, no doubt remains of its powerful action on the *organs of nutrition.*

THAT THE HUMAN SYSTEM requires renovation in the Spring is proved by the loss of appetite, lassitude or debility which comes within the experience of almost every one. Aware of this it was the custom of our grandmothers to prepare dococtions of Burdock, Dandelion and Cherry bark for the purpose of restoring the stomach to a healthy tone, and purifying the blood, but the medicinal skill of the present day finds such things ineffective and sometimes injurious. Hanington's Quinine Wine and Iron, used in conjunction with Hanington's Tonic Dinner Pills, restore the appetite, invigorate the system and purify the blood immediately and effectually, as thousands testify who have been benefited by their use. Beware of imitations. See that you get "Hanington's," the *original* and *genuine.* For sale by all druggists and general dealers in Canada. may 5.—1m.

THE ALEMBIC OF THE BODY.—The stomach is the alembic of the human system. In it those wondrous medical changes take place which result in the transmutation of food into blood. When it is vigorous the necessary processes of digestion and assimilation go on uninterrupted, and the system is suitably nourished. When it is feeble or disordered, they are obstructed, and being in consequence ill supplied with blood of a vitalizing quality, the physical organism becomes weak and feeble, the nerves suffer, the liver and bowels are semi-paralyzed, and appetite and sleep fail. These disastrous consequences may, however, be prevented or remedied with the supreme stomachic and aperient, NORTHROP & LYMAN'S VEGETABLE DISCOVERY AND DYSPEPTIC CURE, a medicine of rare purity and efficacy, which reforms a disordered and repairs a weakened state of the digestive organs, overcomes biliousness, relieves the bowels when obstructed without straining or weakening them, and promotes the exit from the system of impurities which infect the blood, which cause serious organic maladies. No objectionable mineral contaminates it, and its value is not married by a subsequent re-action prejudicial to the general health. Far preferable is it to the ordinary nauseous drugs used to produce a similar effect, but which are frequently ineffective as well as unpleasant ; nor is it a cheap and valueless medicine, puffed into existence. It is used for dyspepsia, biliousness, affections of the blood, kidney complants, female weakness, lumbago, &c., and in all blood disease it is unequalled. Price, $1.00. Sample Bottle, 10 cents. Ask for NORTHROP & LYMAN'S Vegetable Discovery and Dyspeptic Cure. The wrapper bears a *fac-simile* of their signature. Sold by all medicine dealers.

april 14—2m—eow.

If you are going West, purchase your Tickets from G. A. Freeze, the agent on Water Street, St. John. Passengers for Winnipeg or other western points have choice of route. Cushioned seats provided for all classes and baggage checked through. ap23-1y

REST AND COMFORT TO THE SUFFERING.

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents abottle. jan. 28—1y.

Young and middle-aged men, suffering from nervous debility and kindred affections, as loss of memory and hypochondria, should inclose three stamps for Part VII. of World's Dispensary Dime Series of pamphlets. Address WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

The only wise treatment of disease is to remove the cause. Languor and debility arise from poor blood, induced by indigestion. Dr. Wilson's Antibilious and Preserving Pills strengthen the digestion, and improve the blood, and thus cure sick-headache and depression of spirits.

FOR ASTHMA AND PHTHISIC.—MIX one teaspoonful of Perry Davis' Pain Killer in three tablespoonfuls of Syrup, and take two or three teaspoonfuls of the mixture every fifteen minutes, till relief is obtained.

FOR EVERY PERSON.

Everyone suffering from painful corns will be glad to learn that there is a new and painless remedy discovered by which the very worst class of corns may be removed entirely in a short time and without pain. PUTNAM'S PAINLESS CORN EXTRACTOR has already been used by thousands, and each person who has given it a trial becomes anxious to recommend it to others. It is the only sure, prompt and painless cure for corns known. Putnam's Painless Corn Extractor is sold everywhere.

A WORD FROM A LUMBER CAMP.

"I have been acquainted with Dr. Dow's Sturgeon Oil Liniment for the last seven years, and no better liniment can be taken into the woods by teamsters. For scratches, gall, etc., it is invaluable." This is from MR. Pickard, a large lumber operator, and in connection herewith it may not be out of place to remark, that this remedy was first put in its present shape in order to meet the demands of lumbermen who were at that time pierering into the center of New Brunswick. Becoming well known through the lumbermen, who would use it both on their horses and themselves, its reputation spread so rapidly that special agencies had to be instituted to meet the demand for it. Among other diseases in horses it cures windgalls, founder, ringbone, scratches. scurvy, hard-hoof, cracked heels, grease, poll evil and fistula, and others.

Chapped hands. A few drops of *Johnson's Anodyne Liniment* rubbed into the hands occasionally will keep them soft and free from soreness. Soldiers, sailors and fishermen should remember this. It is the best Liniment in the world for any purpose.

A neighbor of ours lost a valuable mare recently, it is supposed from bots. If he had used 25 cents worth of *Sheridan's Cavalry Condition Powders* he would have been driving his pretty Chestnut to-day. Sorry for you, Doctor. These powders are immensely valuable.

DR. WISTAR'S BALSAM OF WILD CHERRY.

The standard remedy for the cure of coughs, Colds, influenza, bronchitis, hoarseness, asthma, whooping cough, croup, sore throat, diphtheria, difficulty of breathing, quinsy, phthisic, pain in the side and breast, spitting of blood, liver complaint, bleeding of the lungs, and all diseases of the throat, lungs and chest, including even consumption. It seems hardly necessary to dilate at length upon the virtues of this favorite remedy. It was introduced to the public by Dr. Wistar nearly a half century since, and by the wonderful cures which it performed, gained immediate and enviable reputation which to this day it has fully sustained. From the Gulf of St. Lawerence to the shores of the Pacific, there are few villages or hamlets without living testimonials to the rapidity and certainty of its curative effects. The propriators remindful of their responsibility to the afflicted, exercise the utmost care in the selection and compounding of the various ingredients of which the BALSAM is composed ; and the sick are assured that the high standard of egcellence on which its popularity is based, will always be maintained.

50 cents and $1 a bottle. Sold by all druggists.

The coughing and wheezing of persons troubled with bronchitis of the asthma is excessively harrassing to themselves and annoying to others. *Dr. Thomas' Eclectric Oil* obviates all this entirely, safely, and speedily.

PHYSIC.

"Throw physic to the dogs ; I'll none of it," said Macbeth, and no wonder when we consider the nasty, sickening, ill-smelling compounds which are administered under Latin names to hide their commonness and oft times unwholesomeness. Water as water is cheap, but as *aqua* it is worth a guinea a gallon and so on all through. But of a different nature is Dr. Wilson's Pulmonary Cherry Balsam. It is a pleasant, but sure remedy for coughs, colds, bronchitis, whooping cough and all pulmonary diseases. It is a gratifying compound of world-renowned healing balsams which flow from certain trees in southern climes. These being judiciously combined so as to preserve all their health-giving qualities, while losing nothing of their natural fragrance are adapted to the use of the most delicate, being alike acceptable to the most fastidious palate and the weakest stomach.

G. A. Dixon, Frankville, Ont., says : "He was cured of Chronic Bronchitis that troubled him for seventeen years by the use of *Dr. Thomas' Eclectric Oil.*"

ADAM WALKER, of Tavistock, Ontario, writes in February, 1868, that after trying many Cough and Lung remedies for a severe cold which he has suffered with for three years, he procured ALLEN'S LUNG BALSAM and was being much benefited by it. In a letter still later, he said his night sweats were all gone and he was rapidly recovering—his appetite was much better and he felt like a new man.

Three requisites—pens, pins and needles. The two latter you can get of any make, but when you want a good pen get one of Esterbrook's.

SICK-HEADACHE.

Mrs. J. C. Henderson, of Cleaveland, Ohio, writes: "The use of two of Pierce's 'Pleasant Purgative Pellets' a day, for a few weeks, has entirely cured me of sick-headache, from which I formerly suffered terribly, as often, on an average, as once in ten days." Of all Druggists.

On the 28th ult., of congestion of the lungs, William, aged 16 years, second son of Joshua and Annie DeLong, of Royal Road, York Co.

The Blood is the Life.

GOLDEN ELIXIR

THE GREAT BLOOD PURIFIER.

Pure blood makes sound flesh, strong bone and a clear skin. If you would have your flesh firm, your bones sound, and your complexion fair, use GOLDEN ELIXIR.

List of Diseases Cured by Golden Elixir.

Chronic Skin Diseases, Humors in the Blood, Scrofulous Diseases, Fever Sores, Chronic or Old Ulcers, Salt Rheum, Rickets, White Swellings, Scald Heads, Uterine Affections, Cankers, Glandular Swellings, Wasting and Decay of the Body, Pimples and Blotches, Tumors, Dyspepsia, Erysipelas, Kidney and Bladder Diseases, Chronic Rheumatism and all diseases of the Blood.

GOLDEN ELIXIR is the greatest blood purifier in medicine. It acts through the bowels, liver and skin. It absorbs poisons that float in the blood and purges them from the system.

To combat the tendency to premature decline, no remedy in the world possesses the nourishing and strengthening properties of GOLDEN ELIXIR. It enriches the blood, perfects digestion, stimulates the liver and kidneys, purifies and vitalizes every function and process of the system.

We assert that there is no known remedy that possesses the curative power over diseases that GOLDEN ELIXIR furishes. It cures step by step surely from the foundation, and restores the injured parts to their sound condition. The wastes of the body are stopped and healthy blood is supplied to the system from which new material is formed.

If those who are taking GOLDEN ELIXIR for the cure of Chronic, Scrofulous, Syphilitic diseases, however slow may be the cure, "feel better" and find their general health improving, their flesh and weight increasing, or even keeping its own, it is a sure sign that the cure is progressing. In these diseases the patient either grows better or worse, the virus of the disease is not inactive ; if not arrested and driven from the blood, it will spread and continue to undermine the constitution. As soon as GOLDEN ELIXIR makes the patient "feel better," every hour you will grow better and increase in health, strength and flesh.

GOLDEN ELIXIR acts directly on the blood, vitalizing and enriching it to a surprising degree, building up the system and throwing off the germs of disease. It thoroughly recruits the general bodily health and restores the nervous system to a proper healthy condition, no matter from what cause impaired.

GOLDEN ELIXIR may be considered a specific for Scrofula and blood diseases ; its remarkable, rapid and lasting effects in these complaints are most wonderful.

GOLDEN ELIXIR cures all humors, from the worst Scrofula to a common Blotch, Pimple or Eruption, Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough Skin ; in short, all diseases caused by bad blood are conquered by this powerful, purifying and life giving medicine.

Especially has it manifested its potency to curing Tetter, Rose, Rash, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings.

If you feel dull, drowsy, debilitated, have sallow color or skin, or yellowish brown spots on face or body, frequent headaches or dizziness, bad taste in the mouth, throat heats or chills alternated with hot flushes, irregular appetite and tongue coated, you are suffering from torpid liver or biliousness. As a remedy for all such cases GOLDEN ELIXIR has no equal as it effects a perfect and radical cure.

GOLDEN ELIXIR PURIFIES THE BLOOD, PREVENTS DISEASES, RESTORES THE HEALTH.

For sale by Druggists and General Dealers.

Valuable Truths.

If you are suffering from poor health, or languishing on a bed of sickness, take cheer, for GOLDEN ELIXIR will cure you.

If you are simply ailing, if you feel weak and dispirited, without clearly knowing why, GOLDEN ELIXIR will revive you.

If you are a minister and have overtaxed yourself with pastoral duties ; or a mother, worn out with care and work, GOLDEN ELIXIR will restore you.

If you are a man of business or laborer, weakened by the strain of your every-day duties, or a man of letters toiling over your midnight work, GOLDEN ELIXIR will strengthen you.

If you are suffering from over-eating or drinking, or any dissipation or indiscretion, or are young and growing too fast, as is often the case, GOLDEN ELIXIR will relieve you.

If you are in the workshop, on the farm, at the desk, anywhere, and feel that your system is overtaxed, or needs cleansing, toning or stimulating, WITHOUT INTOXICATING, GOLDEN ELIXIR is what you need.

If you are old, your blood thin and impure, your pulse feeble, your nerves unsteady, and your faculties waning, or have Neuralgia, Rheumatism, or Gout, GOLDEN ELIXIR will cure you and give you new life and vigor.

If you have a painful, dangerous cough, caused by derangement of the Liver, often taken for and called Consumption, GOLDEN ELIXIR will speedily cure you.

If you are a laborer—whether man, woman or child—your cheapest, best, and only safe preventive and cure for all sickness or disease, incident to your hard labor or confinement in impure, bad air of factories and close rooms, is GOLDEN ELIXIR. It purifies the blood and cleanses the system from all humors and cause of disease, whether of the skin or internally, from whatever cause, no matter how serious or long-standing.

No form of medicine is so effective, easy, handy and safe to use as in the liquid form, and GOLDEN ELIXIR is the purest, safest, cheapest and best of all. Try it.

THE Horseman's Friend!

FELLOWS'

LEEMING'S ESSENCE

for lameness in horses, stands pre-eminently above all other preparations used by horsemen as a remedy for Splints, Spavins, Curbs, Ringbone, Sidebone, Strains of the Back Sinews, Hock, Knee Fetlock, Pasterns and Coffin Joints, etc. Every well regulated stable should keep a supply of the ESSENCE on hand.

Read the following certificates which are genuine and the parties will be happy to furnish any information by mail.

ST. JOHN, N. B., Oct. 27th, 1881.

MESSRS. FELLOWS & CO. :

Dear Sirs,—FELLOWS' LEEMING'S ESSENCE is without question a great remedy for most cases for which it is prescribed. I have used it successfully for a series of years and I know of many others who speak of it in the highest terms as a most efficient cure for Ringbone, Spavins, Strains, etc.

A. PETERS,
Proprietor of the Victoria Livery Stables, St. John, N. B.

ST. JOHN, N. B., July 8th, 1881.

MESSRS. FELLOWS & CO. :

SIRS,—I willingly bear testimony to the efficacy of FELLOWS' LEEMING'S ESSENCE as a cure or helper in very many cases of Splint, Ringbone, Spavin, Strains of the Back Sinews, Stifle, Fetlock, Pastern and Coffin Joints, etc. Every horseman should have a supply of the ESSENCE in his stable.

S. T. GOLDING,
Livery Stable, St. John, N. B.

ST. JOHN, N. B., Jan. 18th, 1882.

MESSRS. FELLOWS & CO. :

DEAR SIRS.—I have used FELLOWS' LEEMING'S ESSENCE for several years past with great success, and therefore most cheerfully recommend it as one of the very best remedies in use in all cases for which it is prescribed.

J. B. HAMM,
Proprietor of Livery and Sale Stables, St. John, N. B.
