

EST AND COMFORT TO THE SUFFERING.

REST AND COMFORT TO THE SUFFERING.
 "BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any other kind of Pain. It is a great Blood Purifier, quickens the Blood and Heal, as its acting power is wonderful. "Brown's Household Panacea," being so powerful a great Blood Purifier, and of double the strength of other Blood Purifiers, its use, when wanted, should be in every family hand for use when wanted, "as it really is the best remedy for Croup, Hoarseness, the Stomach and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle. Jan. 28-ly.

MR. C. E. RIGGINS, Beausville, writes, "A customer who tried a bottle of Northrup & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seems to me that I have never been so well before.' He had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

HEALTH AND HEALTH.
 The author of the "Deserted Village," utters a well-timed warning when he says:
 "It fares the mind, to fostering ill a prey."
 This is too true. Now-a-days it seems as if we were everything and health nothing. But what do doctors do? They tell us that the wealth of Croesus but has to be wheeled around like a child, a helpless invalid or dies when all his wealth has been taken from him. Wealth is a curse, and we may well envy any robust laborer at his toil. But it is not difficult to retain this greatest of blessings a little care in repelling the first attacks of disease. Men of wealth, who are the objects of their approach and the most difficult of cure; but Dr. Wilson's Pulmonary Balm is the best remedy in use for all the lung troubles, and is used judiciously there is no need for ill health through them.

Gilbert Laird, St. Margaret's Hope, Orkney, Scotland, writes: "I am requested by several friends to order another parcel of Dr. Thomas' Pulmonary Balm. It has been so often tested in several cases of rheumatism, has given relief when doctors' medicines have failed to do so, and has cured several cases of this kind. This medicine should be made known to the millions of sufferers throughout the world may benefit by its providential discovery."

*"Perhaps the most judiciously edited magazine in
the world."*—THE NATION, N. Y., Sept. 1892.

THE CENTURY

For 1882-83.

The twelfth year of this magazine—the first under a new name, and the most successful in its history—will begin with the October number. The circulation has shown a steady increase since the day that the CENTURY began its thirtieth year with an edition of

140,000 COPIES,

The following are the leading features:

A NEWLY REVISED HISTORY OF THE UNITED STATES, by this author's "Modern Instance." It will be an interesting and valuable addition to the reading of every student of LIFE IN THE THIRTEEN COLONIES, by EDWARD EGGLESTON,—the leading historical work of our country; and the new series of papers on early topics as "The Beginning of a Nation," "The colonies," etc., the whole forming a complete history of the United States. Special attention will be paid to accuracy of illustrations.

A NEW SERIES OF PAPERS ON THE LIFE OF MARSHALL CROMWELL, entitled "The Life-Horse Campaign," to be illustrated by the author.

THE POINT OF VIEW, BY HENRY JAMES, Jr., a series of eight letters from imaginary persons vying with each other in describing America, its people, society, manners, railroads, etc.

THE CHRISTIAN LEAGUE OF CONNECTICUT, written by the distinguished statesman, showing practical co-operation in Christian work, showing how the league was formed in a small town in Connecticut, what kind of work it attempts to do, and how it spreads through the whole State.

THE CHINESE ABROAD, by Frank B. Stockton, a continuation of the old "Rudder Grange" series, which has been so popular in Europe.

THE NEW ERA IN HOME AND HOUSEBUILDING, a series of four papers, fully illustrated, devoted to the subject of modern architecture. (3) Churches and (6) Public Buildings.

THE GROWING UP OF LOUISIANA, by Geo. W. Cable, author of "Old Creole Days," a graphic narrative, richly illustrated.

THE CONQUEST OF CANADA, by Frank H. Cushing, Government ethnologist, an adopted member of the Century Club, fully illustrated.

CONSTITUTIONAL HISTORY OF THE NATIONAL CAPITAL, including "The Capital," "The Supreme Court Building," and "The Capitol."

MISSIONS OF SOUTHERN CALIFORNIA, by H. R. Hays, three or four papers of an exceedingly interesting character, richly illustrated.

MISCELLANEOUS.

Further work is expected from E. C. Steadman, Thomas Hughes, Joel Chandler Harris ("Uncle Remus"), Charles Dudley Warner, George Washington Peck, John D. Hay, Boyesen, and a long list of others. Entertaining and instructive articles among the leading writers of the CENTURY, as heretofore, and the leading

to act as agent for the INTELLIGENCER, and will receive and forward subscriptions, old and new.

HINTS.

Every subscriber, in sending his subscription, should give his correct Post Office address. He should never assume that the editor or mailing clerk will know his name. P. O. Address simply by seeing the subject of a notice.

It is best always to remit by Post-Office order, when one can be obtained.

When the sum of a dollar or more is sent Post stamps can be used. *One cent stamps are preferred.*

When a paper fails to reach a subscriber, or is received by him irregularly, he should promptly notify us. We can have no knowledge of the trouble unless notified.

GET OUT DOORS.

The close confinement of all factory work, gives the operatives pallid faces, poor appetite, languid miserable feelings, poor blood, inactive liver, kidneys and urinary tracts, and all the physicians and medicine of the world cannot help them unless they get out of doors or use Hop Bitters, the purest and best remedy, especially for such cases, having the abundance of health, sunshine and rosy cheeks in them. They cost but a trifle.—*Christian Recorder.*

Consumption is a disease contracted by a neglect—cold—long necessary then that we should at once use the best cure. Coughs, Colds, Asthma, and all diseases of the Throat and Lungs,—and one of the most popular medicines for these complaints is Northall's Lymene Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. Mr. J. F. Smith, Druggist, Dunnville, writes:— "It gives general satisfaction and sells splendidly." If you are going West, purchase your Tickets from G. A. Freeze, the agent on Water Street, St. John. Passengers for Winnipeg or other western points have choice of route. Cushioned seats provided for all classes and baggage checked through. Express

NO CRUTCHES NEEDED.

"I have spent hundreds of dollars for doctors' fees and medicines, and never found any relief from rheumatism till I used Dr. Dow's Sturgeon Oil Liniment. Now I can walk without any cane or crutch."—J. W. Koss, of Newburg, Ohio, N. S., is not an isolated case by any means. Dr. Dow's Sturgeon Oil Liniment has cured thousands of cases of rheumatism. In some instances the sufferer had been confined to bed for months, and in a few cases for years before this remedy was applied and it effected a complete cure. No other medicine or treatment of this remedy that it has been adopted as a standard medicine by many physicians, and in their hands it has effected a very great amount of suffering, made the lame to walk and given work and active employment to many who had considered their active work at an end.

** "Necessity is the mother of invention."

Diseases of the liver, kidneys and bowels brought forth that sovereign remedy Kidney-Wort, which is nature's normal curative for all those dire complaints. In either liquid or solid form, it is a perfect remedy for those terrible diseases that cause so many deaths.

COURTEOUSNESS IN DIGESTION.

The wonderful success of James Pyle's Pearline has given rise to a flood of imitations with an "me" to their names, evidently to have them sound like Pearline. Enterprises of this sort are quite liable to be more selfish than beneficial. — 30-31m.

A western paper says that "by this time all down easters have got their houses *bunked* up and have laid in a large supply of the article. The article is *it*. It would be a wise thing for people hereabouts to lay in the Anodyne. It is the most valuable liniment in the world.

Horse and cattle powders if undiluted are of immense value, but the large powders now sold are trash, only one kind now known in this country are absolutely pure and those are Sheridan's.
