SPAVIN CURED

St. John, N. B. Jan. 6th, 1880. In regard to your favor of a few days ago, would say: About one year ago a horse owner y me contracted a large Bone Spavin, for the re of which I tried a number of the liniments and lotions advertised to cure the same without any effect, and he became very lame. A friend mine recommended me to try FELLOWS LEEMING'S ESSENCE. I acted upon his adice, and now, I am happy to say, the lameness has ceased and the Spavin disappeared. I now onsider him entirely cured, and would cheery recommend FELLOWS' LEEMING'S ESSENCE as being the best remedy in the market for all lameness that horses are subject to. Yours truly, THOMAS F. FRY.

Augusta, ME., March 8th, 1880. I have had occasion to use FELLOWS' LEEM-ING'S ESSENCE on a horse so lame from a ingbone that I could not use him. I have en using it about three weeks, and find it does all you claim for it, as the lameness is gone, and the enlargement has almost disappeared. rmly believe a few more days will make an

tire cure.

Respectfully yours, JAMES T. PARKER.

SPRINGHILL MINES, August 3rd, 1881.

MESSRS. C. GATES, SON & Co.: Your preparations given to the public as a cure for Asthma and Consumption may be considered reliable in my experience. My neighbors can also say the same of me. They had no hope whatever, and advised my wife to spend no more money on me, thinking it was no use, as I had been given up by the doctors; but 1 thought I would try your medicines, and consider that it is by their use only that I am living and maintaining my family by my own work. The doctors advised me not to take it, because, they said, when the cough stopped I would not live 24 hours; but I am alive, thanks to GATES' MEDICINES, and am doing better than I have been for a great many years.
